Our Coast Our Future – CHRMAP Community Engagement Session Lancelin

The Shire of Gingin will be hosting a community engagement session to provide the public an opportunity to view and discuss the Shire's draft Coastal Risk Management and Adaptation Plan (CHRMAP) and associated maps. Coastal engineers, planners and Shire representatives will be on hand to discuss the information in person. Details of the session are as follows:

When: Saturday 28 April 2018 from 10am – 1pm
Where: Lancelin Angling and Aquatic Centre, 8 Hopkins Street, Lancelin

Letters have been sent to ratepayers and stakeholders in affected coastal areas – which include Seabird, Ledge Point and Lancelin – concerning details of the engagement session.

The session is open to all members of the public.

Youth Week 2018 Lancelin - 13 to 22 April

In celebration of Youth Week 2018, Lancelin Healthy Community Forum have put together a week of events to help celebrate our Youth and encourage participation and communication.

Monday 16 April – Become an Exhibiting Artist

The LHCF, in partnership with the Shire of Gingin and DADAA, will be hosting an arts workshop with Dennis Kickett Noongali, a leading WA Indigenous artist.

This FREE event will be held at the Wangaree Community Centre, 10am -2pm.

All arts materials supplied, with morning tea and light refreshments provided.

Your artwork will be exhibited over NAIDOC Week at the Shire of Gingin, and then back to Lancelin to go into the NAIDOC arts exhibition at the Wangaree Community Centre in August. Don't miss this chance to workshop with a leading WA indigenous artist and see your artwork on display.

Swimming Pool Regulations Change

On 23 December 2017 an amendment to Part 8, Division 2 of the Building Regulations 2012 took effect requiring ALL private swimming pools and spas within the Shire of Gingin to have compliant fencing.

A letter will be mailed to all Shire of Gingin ratepayers/residents shortly to provide more information on what this change will mean for pool/spa owners.

There is a new page on the Shire's website dedicated to the new Building Regulations – go to www.gingin.wa.gov.au/Services/Building-Services/Swimming-Pool-Fencing-Regulations.

Gingin Shire Triathlons Another Huge Success

Recent triathlons in Lancelin and Gingin once again received a high number of participants and generated wonderful community spirit throughout the towns.

Ninety-four competitors competed in the Shire of Gingin's second **Lancelin Triathlon** on **Sunday 18 February**, which kicked off with the swim leg at the beach at Grace Darling Park, followed by the cycle and run legs through town. Participants had a choice of either the Slater Gartrell Short Course (125m ocean swim, 6km cycle, 1.5km run) or the Bendigo Bank Long Course (325m ocean swim, 14km cycle, 3km run), with both run sections including a tough 800m beach run.

On **Sunday 25 March**, 141 participants enjoyed cooler conditions and a bit of drizzle for the **Gingin Triathlon** which commenced at the Gingin Aquatic Centre for the swim leg, followed by the cycle and run legs through the town site. Competitors also had a choice of the Slater Gartrell Short Course (125m swim, 6km cycle, 1.5km run) or the Bendigo Bank Long Course (325m swim, 12km cycle, 3km run).

Congratulations to all the winners and our grateful thanks to the host of community volunteers whose support made both events so successful. For triathlon results go to www.gingin.wa.gov.au and click on 'Latest News' page.

Business in Focus

Anspach AG – proudly supporting the Shire's Early Rates Incentive Scheme

Innovation at Work

Anspach AG has been providing innovative services to the agricultural sector for more than 25 years. New technology and ANSPACH AG equipment can provide ways of improving service delivery and work flow methods. In turn, this can reduce costs and increase productivity which is win-win for both clients and supplier.

Anspach AG have recently added to their fleet with a Falcon Live Floor semi-trailer. The Live Floor trailer can be used for a variety of bulk products, including asphalt, compost, mulch, fertiliser, gravel, sand, etc. Anspach AG has added a customised delivery elevator to the Live Floor trailer which can be mounted on either side or the end of the trailer to distribute product up to 7 metres from the vehicle. This is particularly useful when applying product to road verges, over barriers and kerbs, or in confined areas. The Live Floor trailer also has an optional spinner mounted on the rear, thus making it a 40m³ capacity spreader unit. This will enable quick and efficient spreading of products in a broad-acre environment.

The addition of the Live Floor trailer is an example of how Anspach AG will find equipment and tailor solutions to meet client's needs. Anspach AG offers transport, civil works, earthmoving and agricultural services across WA.
