PURPOSE

To consider disbanding the Chief Executive Officer Recruitment Committee.

BACKGROUND

As a result of receiving a letter of resignation from the previous Chief Executive Officer, Jeremy Edwards, at its meeting on 19 September 2017 Council resolved to establish a Chief Executive Officer Recruitment Committee to:

1. Determine the selection criteria for recruitment and selection for the position of Chief Executive Officer.
2. Determine the advertising, recruitment and preliminary selection process.
3. Determine the preliminary short-list of candidates and undertake the preliminary interviews.
4. Make recommendation to Council of a shortlist of candidates for second round interviews, if required.
5. Determine other information, relevant to the position and the recruitment process, to be provided to applicants.

The following Councillors were appointed as Committee members:

1. Councillor Collard (Shire President)
2. Councillor Elgin (Deputy Shire President)
3. Councillor Court
4. Councillor Fewster
5. Councillor Peczka

The recruitment process has now been concluded.

COMMENT

Given that the Chief Executive Officer Recruitment Committee was formed for a specific purpose which has now been fulfilled, it is Administration's view that consideration should now be given to disbanding it.

STATUTORY ENVIRONMENT

11.1.2 2018 ANNUAL REVIEW OF DELEGATED AUTHORITY REGISTER

FILE: GOV/15
AUTHOR: LEE-ANNE BURT – GOVERNANCE OFFICER
REPORTING OFFICER: AARON COOK – CHIEF EXECUTIVE OFFICER
REPORT DATE: 19 JUNE 2018
REFER: NIL

<i>ADDENDUM – ORDINARY MEETING OF COUNCIL – 19 JUNE 2018</i>

Additional Information:

As a result of Council's decision with respect to Item 11.1.1, an amended recommendation was presented by Administration to exclude Delegation 8.1 Chief Executive Officer Recruitment Committee.

An amended recommendation is provided below.

RECOMMENDATION

It is recommended that Council adopt the reviewed Delegated Authority Register as shown in Appendix 1, with the exclusion of Delegation 8.1 Chief Executive Officer Recruitment Committee

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To undertake an annual review of the Shire of Gingin Delegated Authority Register in accordance with the requirements of s.5.46 of the *Local Government Act 1995* (the Act).

BACKGROUND

Under s.5.46(1) of the Act, the Chief Executive Officer is required to keep a register of all delegations made to the Chief Executive Officer and to other employees.

At least once every financial year, delegations are to be reviewed by the delegator. The last review of the Shire of Gingin Delegated Authority Register was undertaken by Council at its meeting on 20 June 2017.

COMMENT

In accordance with usual practice, Administration has undertaken a review of the Delegated Authority Register and does not propose any amendments at this point in time.

A copy of the Delegated Authority Register is now presented for Council's review as **Appendix 1**.

STATUTORY ENVIRONMENT

Local Government Act 1995

DELEGATED AUTHORITY REGISTER

INTRODUCTION

Purpose of Delegating Authority

The aim of delegated authority is to assist with improving the time taken to make decisions within the constraints allowed by the relevant legislation. This is consistent with the Shire of Gingin's commitment to a strong customer service focus.

The Delegated Authority Register details the head of power for each delegation, including legislation and Council policies, to enable easier cross-referencing. The Register will be reviewed on an annual basis in accordance with the requirements of s. 5.46 of the *Local Government Act 1995*, with the coordination of the review to be performed by the Chief Executive Officer.

Legislation

The *Local Government Act 1995* allows for a local government to delegate to the Chief Executive Officer the exercise of any of its powers or the discharge of any of its duties under the *Local Government Act 1995*, except for those listed in s. 5.43.

All delegations made by the Council must be by Absolute Majority [s. 5.42(1)].

Apart from the *Local Government Act 1995*, its regulations and the Shire of Gingin's local laws created under the Act, a number of other pieces of legislation also provide for the delegation of authority by the Council including (but not limited to):

- *Building Act 2011*
- *Bush Fires Act 1954*;
- *Caravan Parks and Camping Grounds Act 1995*;
- *Control of Vehicles (Off-road Areas) Act 1978*;
- *Dog Act 1976*;
- *Environmental Protection Act 2005*;
- *Food Act 2008*;
- *Freedom of Information Act 1992*;
- *Public Health Act 2016*;
- *Land Administration Act 1997*;
- *Litter Act 1979*;
- *Local Government (Miscellaneous Provisions) Act 1960*;
- *Planning and Development Act 2005*; and
- *Strata Titles Act 1985*.

Note – Reference to an Act also includes any associated regulations and/or Shire of Gingin local laws that may be established under that Act.

DELEGATED AUTHORITY REGISTER

Delegation by the Chief Executive Officer

Many of the pieces of legislation (including the *Local Government Act 1995*) which provide for delegation of authority by Council to the Chief Executive Officer also allow the Chief Executive Officer to further delegate a particular power or powers to another employee. Usually this delegation must be made in writing, and must include any conditions or limitations placed by Council on the original delegation. The Chief Executive Officer may usually also place additional conditions or limitations on the delegation as he or she considers necessary.

The Chief Executive Officer may also delegate the exercise of any power or the discharge of any duty granted under the *Local Government Act 1995* by right of his or her position as Chief Executive Officer, other than the power of delegation itself [s. 5.44].

Under s. 5.46(1) and s. 5.46(2) of the *Local Government Act 1995*, a Register of Delegations relevant to the Chief Executive Officer and other Shire employees is to be kept and reviewed at least once in every financial year. Officers are also required to keep certain records whenever they exercise a power or duty which has been delegated to them [s. 5.46(3)].

This record must contain the following information [Reg. 19 – *Local Government (Administration) Regulations 1996*]:

- How the person exercised the power or discharged the duty;
- When the person exercised the power or discharged the duty; and
- The persons or classes of persons, other than Council or committee members or employees of the local government, directly affected by the exercise of the power or discharge of the duty.

Officers with delegated powers are responsible for ensuring that the requirements of Reg. 19 are complied with.

A person to whom a power is delegated is considered to be a 'designated employee' under s. 5.74(b) of the *Local Government Act 1995* and is required to complete a Primary Return when commencing in the position and an Annual Return for each financial year thereafter.

Acting Through Another Person

Local Government Act 1995 – Section 5.45 (2)

Nothing in this Division (Division 4 – Local Government Employees) is to be read as preventing –

- (a) a local government from performing any of its functions by acting through a person other than the CEO; or
-

DELEGATED AUTHORITY REGISTER

- (b) a CEO from performing any of his or her functions by acting through another person.

The key difference between a delegation and "acting through" is that a delegate exercises the delegated decision making function in his or her own right. The principal issue is that where a person has no discretion in carrying out a function, then that function may be undertaken through the "acting through" concept. Alternatively, where the decision allows for discretion on the part of the decision maker, then that function needs to be delegated for another person to have that authority.

This difference is reinforced by s. 56 of the *Interpretation Act 1984*, which states:

56. "May" imports a discretion, "shall" is imperative

- (1) *Where in a written law the word "may" is used in conferring a power, such word shall be interpreted to imply that the power so conferred may be exercised or not, at discretion.*
- (2) *Where in a written law the word "shall" is used in conferring a function, such work shall be interpreted to mean that the function so conferred must be performed.*

DELEGATED AUTHORITY REGISTER

1. ADMINISTRATION

1.1 VARIATIONS AND EXTENSIONS TO TENDERS AND CONTRACTS

Legislative authority to delegate	<i>Local Government Act 1995 – s. 5.42 and 5.44</i>
Power exercised or duty delegated	<i>Local Government Act 1995 – s.3.18 Local Government (Functions and General) Regulations 1996 – Reg. 20</i>
Delegation to	Chief Executive Officer
Delegation	<ol style="list-style-type: none">1. To determine whether a variation is minor in accordance with <i>Local Government (Functions and General) Regulations – Reg. 20(3)</i>.2. To approve:<ol style="list-style-type: none">a. minor variations to accepted tenders prior to a contract being entered into; andb. variations and/or extensions to existing contracts entered into by the Shire.
Conditions and exceptions	<ol style="list-style-type: none">1. Funds required to meet the cost of any variation must be contained within the amount set aside in the adopted Budget.2. An option to extend must be specified in the original tender and contract documents.3. Any extension must be on the same terms and conditions as the last year of the original term (allowing for price increases in line with the contract provision for price, if any).
Minimum reporting requirement	Record to be placed on appropriate file. (The Contract).
CEO's Power to Delegate	CEO has power to delegate all or any part of this delegation, other than the power of delegation itself.

DELEGATED AUTHORITY REGISTER

1.2 DONATIONS

Legislative authority to delegate	Local Government Act 1995 – s. 5.42 and 5.44)
Power exercised or duty delegated	Local Government Act 1995 – s. 6.7(2)
Delegation to	Chief Executive Officer
Delegation	<p>To determine requests for donation of monies up to the value of \$1,000 where a group or individual can demonstrate:</p> <ol style="list-style-type: none"> 1. Significant direct benefit to the local community; 2. That the group is a community group or not for profit organisation, or is running a not for profit activity; 3. That the group's financial status is such as to justify a donation from the Shire; 4. That special circumstances or needs exist in the opinion of the Chief Executive Officer to warrant a donation (eg support of needy groups and individuals who bring credit to the municipality by achieving State or national representation or awards, which sees them requiring financial assistance for travelling, accommodation or other incidental expenses); and 5. That available funding exists in the Shire's adopted budget.
Conditions and exceptions	Nil
Minimum reporting requirement	Record to be placed on appropriate file.
CEO's Power to Delegate	CEO has power to delegate all or any part of this delegation, other than the power of delegation itself.

SHIRE OF GINGIN
INTERIM MONTHLY STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD 1 JULY 2017 to 31 MAY 2018

Major Variances

Financial Regulation 34(1) requires reporting on variances between the year to date Budget and year to date Actuals, based upon the variance criteria determined in the Annual Budget.

The material variance adopted by Council for the 2017/2018 year is \$10,000 or 10%.

Reportable Operating Revenue Variations

Law, Order, Public Safety

Greater than anticipated revenue received for both the ESL Operating and Capital grants 17/18.

Health

Greater than anticipated revenue received for Fly Control - Voluntary Levy.

Other Property and Services

Suspense accounts cleared at end of year.

Greater than anticipated reimbursements received to date.

Reportable Operating Expense Variations

Education and Welfare

Reduced operating expenditure required for both the Lancelin and Gingin Aged units.

Health

End of year salaries and wages allocation from fly control to waste services (reduction in expense).

Housing

Budget amended to \$50,960 as a result of Budget Review which is in line with acceptable material variations.

Community Amenities

Recognition of waste salaries at end of year.

Reduction in expenditure at Lancelin Refuse Site.

Portion of Waste Management Plan being fwd to 18/19.

CHRMAP - Timing of project.

Reduction in planning wages.

Transport

Depreciation - Assets processed to January 2018.

Economic Services

Reduced Caravan Park expenditures (Lancelin & Guilderton).

Other Property and Services

Public works overheads, plant operation costs and administration allocated adjustments to be finalised at EOY.

Operating activities excluded from budget

Depreciation, profit & loss and realisation/sale of assets to be finalised - Assets currently processed to January 2018

Investing Activities

Purchase Land and Buildings

Original budget revised to \$633,386 at Budget Review which brings variance down to 35.75%.

60% less expenditure to date on Aged Homes Lancelin.

Gingin Aged Units (Air-conditioning, kitchen refurbishments, floor coverings) - 73% less expenditure than anticipated to date.

Landfill site implementation CFWD

Gingin Bowling Club - Patio roof extension & disabled ramp - Timing of works. Account paid in June

GG Recreation Centre Building Land & Buildings - Timing of works. Works progressing. Account paid in June

Information Bays - Timing of works.

Lancelin Commercial Centre Land Purchase - CFWD

CWA Building - Structural Repairs - Reduced expenditure to date.

Purchase Infrastructure Assets - Roads

Cowalla Road Bridge Upgrade CFWD.

Rural - Mimegarra Road - Due for completion 17/18.

Marchmont Drainage - Due for completion 17/18.

Rural - Dingo Road - Budget reduced to \$0.00 at Budget Review.

Rural - Cullalla Rd CFWD.

Old North Road Drive/Walk Trail CFWD

Rural - KW Road CFWD.

Black Spot - Dewar Road - Timing of works.

LA - Lancelin Road CFWD.

RRG - Gingin Brook Road - Final Seal - Due for completion 17/18.

Rural - Fynes Road Resheet SLK 0.00-5.32 - Due for completion 17/18.

Purchase Infrastructure Assets - Parks

Lancelin Foreshore Development - Cunliffe St CFWD.

Guilderton Beach Access Boardwalk.

Boat Launch Facility - Planning Study CFWD.

LA Hinchcliffe Hill Staircase South Side.

LA Hinchcliffe Hill Ramp North Side.

LA Hinchcliffe Hill Pathway and Carpark.

GG Swim Pool Plant & Pump Room.

Replace Dam Barrier - Granville Park Scenic Pool - Budget amended at Budget Review.

Lancelin Sporting Complex - Budget amended at Budget Review.

Bendigo Bank Complex.

GG Recreation Ground - Budget amended at Budget Review.

Caravan Park Tap and Pipe Replacement Bays.

SHIRE OF GINGIN
INTERIM MONTHLY STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD 1 JULY 2017 to 31 MAY 2018

Major Variances (cont.)

Purchase Infrastructure Assets - Other
Fire Warning Signs - Due to arrive June.
Purchase Infrastructure Assets - Footpaths
Footpath projects unallocated - No expenditure to date.
Purchase Plant and Equipment
Budget increased to \$760,076 at Budget Review meaning a 19.70% variance.
Attachments for GG026 CFWD.
Purchase Maintenance Truck GG060 CFWD.
Purchase Furniture and Equipment
Office furniture and equipment - timing of computer purchases.

Financing Activities

Proceeds from New Debentures
Budget reduced to \$0.00 at Budget Review for Lancelin Aged Accommodation funding of Loan meaning variance is within acceptable range.
Self-Supporting Loan Principal Income
Timing of payments received.
Transfers to Reserves (Restricted Assets)
EOY Transfers
Transfers from Reserves (Restricted Assets)
EOY Transfers
Transfers from Restricted Cash

**11.2.2 UNBUDGETED EXPENDITURE – LEDGE POINT BOATING FACILITY
ECONOMIC IMPACT ASSESSMENT STAGE 2**

LOCATION: LEDGE POINT
FILE: RES/12-1
REPORTING OFFICER: KAYE LOWES - EXECUTIVE MANAGER CORPORATE & COMMUNITY SERVICES
REPORT DATE: 19 JUNE 2018
REFER: 15 NOVEMBER 2016 ITEM 14.1
 21 NOVEMBER 2017 ITEM 11.1.3

ADDENDUM – ORDINARY MEETING OF COUNCIL – 19 JUNE 2018**Additional Information:**

Subsequent to circulation of the Agenda, an error has been detected with respect to the Budget amendment table. The Revised Budget figure for Transfer from Recreation Reserve should read \$193,785 instead of \$183,785.

The table shown under Budget Implications and in the Officer's recommendation should therefore appear as follows:

Account	Description	Current Budget	Revised Budget	Surplus Deficit
11213015	RBFS Grant Income	\$0	-\$43,227	-\$43,227
11259079	Ledge Point Boat Harbour Facility Environmental Assessment – Stage 2	\$0	\$57,636	\$57,636
	Transfer from Recreation Reserve	\$208,194	\$193,785	-\$14,409
			Net Effect	NIL

An amended recommendation is provided below.

RECOMMENDATION

It is recommended that Council:

1. Amend the adopted Budget for the 2017/18 Financial Year in accordance with the following table:

Account	Description	Current Budget	Revised Budget	Surplus Deficit
11213015	RBFS Grant Income	\$0	-\$43,227	-\$43,227
11259079	Ledge Point Boat Harbour Facility Environmental Assessment – Stage 2	\$0	\$57,636	\$57,636
	Transfer from Recreation Reserve	\$208,194	\$193,785	-\$14,409
			Net Effect	NIL

2. Authorise the execution of the Funding Agreement for the Ledge Point Boat Harbour Environmental Assessment – Stage 2, including affixing of the Common Seal.

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To consider amending the 2017/18 adopted Budget to fund the Ledge Point Boat Harbour Coastal Processes Assessment – Stage 2 and to seek Council authorisation for application of the Shire's Common Seal to the associated Funding Agreement between the Department of Transport (DoT) and the Shire of Gingin.

BACKGROUND

Council has previously received funding under the Recreational Boating Facility Scheme (RBFS) to undertake studies with respect to the potential development of a boat launching facility in Ledge Point.

In February 2018 an application was submitted to the RBFS for further funding to commence stage 2 of the Ledge Boat Harbour Coastal Processes Assessment. This application was successful, with Council securing funding of \$43,227 subject to the Shire of Gingin contributing 25% of the total project cost. Based on a total project value of \$57,636 the Shire's required contribution therefore amounts to \$14,409.

COMMENT

Whilst most of the work associated with Stage 2 will be undertaken in the 2018/19 financial year, it is necessary to submit an order now to ensure that the project continues to progress without undue interruption. This expenditure is not currently identified in Council's adopted 2017/18 Budget and it is therefore requested that Council consider amending its 2017/18 Budget to include an amount of \$57,636 for the Ledge Point Boat Harbour Coastal Processes Assessment – Stage 2. Any funds that are not spent in the current financial year will then be carried forwarded into 2018/19.

The DoT has formulated a formal grant agreement for the Ledge Point Boat Harbour Coastal Processes Assessment – Stage 2 (**Appendix 1**). In the event that Council is supportive of the recommendation, then under s. 9.49A of the *Local Government Act 1995* authorisation must be granted to affix the Common Seal to the grant agreement.

STATUTORY ENVIRONMENT*Local Government Act 1995*

Part 6 – Financial Management

Division 4 – General financial provisions

Section 6.8 – Expenditure from municipal fund not included in annual budget

POLICY IMPLICATIONS

Nil

BUDGET IMPLICATIONS

In the event that Council is supportive of the Officer's recommendation, then budget implications will be in accordance with the following table:

Account	Description	Current Budget	Revised Budget	Surplus Deficit
11213015	RBFS Grant Income	\$0	-\$43,227	-\$43,227
11259079	Ledge Point Boat Harbour Facility Environmental Assessment – Stage 2	\$0	\$57,636	\$57,636
	Transfer from Recreation Reserve	\$208,194	\$183,785	-\$14,409
			Net Effect	NIL

STRATEGIC IMPLICATIONS

Shire of Gingin Strategic Community Plan 2017-2027

Focus Area	<i>Economic Development</i>
Objective	<i>To support economic development through the Shire's service delivery</i>
Outcome	<i>4.1 Tourist Playground An internationally acclaimed tourist playground</i>
Key Service Areas	<i>Economic Development & Tourism Infrastructure</i>
Priorities	<i>4.1.1 Support the development of the Shire of Gingin as a premier tourist destination for ocean and sand adventures</i>

VOTING REQUIREMENTS – ABSOLUTE MAJORITY

RECOMMENDATION

It is recommended that Council:

1. Amend the adopted Budget for the 2017/18 Financial Year in accordance with the following table:

Account	Description	Current Budget	Revised Budget	Surplus Deficit
11213015	RBFS Grant Income	\$0	-\$43,227	-\$43,227
11259079	Ledge Point Boat Harbour Facility Environmental Assessment – Stage 2	\$0	\$57,636	\$57,636
	Transfer from Recreation Reserve	\$208,194	\$193,785	-\$14,409
			Net Effect	NIL

2. Authorise the execution of the Funding Agreement for the Ledge Point Boat Harbour Environmental Assessment – Stage 2, including affixing of the Common Seal.

RESOLUTION

Moved Councillor Court, seconded Councillor Morton that Council:

1. Amend the adopted Budget for the 2017/18 Financial Year in accordance with the following table:

Account	Description	Current Budget	Revised Budget	Surplus Deficit
11213015	RBFS Grant Income	\$0	-\$43,227	-\$43,227
11259079	Ledge Point Boat Harbour Facility Environmental Assessment – Stage 2	\$0	\$57,636	\$57,636
	Transfer from Recreation Reserve	\$208,194	\$193,785	-\$14,409
			Net Effect	NIL

2. Authorise the execution of the Funding Agreement for the Ledge Point Boat Harbour Environmental Assessment – Stage 2, including affixing of the Common Seal.

APPENDIX 1

Recreational Boating Facilities Scheme Funding Agreement for Planning Project

BETWEEN

THE MINISTER FOR TRANSPORT

AND

SHIRE OF GINGIN

FOR

LEDGE POINT BOAT HARBOUR COASTAL PROCESSES

ASSESSMENT (STAGE 2)

ROUND 23

2018

THIS AGREEMENT is made BETWEEN the **Minister for Transport** C/o Dumas House, West Perth ("the Minister")

AND the **Shire of Gingin** of 7 Brockman Street, Gingin ("the Grantee")

RECITALS:

- A. The Minister for Transport, a body corporate pursuant to section 8 of the *Marine and Harbours Act 1981*, has implemented the Recreational Boating Facilities Scheme ("RBFS"), a scheme under which the Minister will make grants to eligible authorities in order, amongst other things, to contribute to the cost of planning for recreational boating facilities.
- B. The Grantee has applied to the Minister for a grant of funds by the Minister to the Grantee in accordance with the RBFS.
- C. The Minister has agreed to provide funds to the Grantee on the terms and conditions contained in this agreement.

OPERATIVE PROVISIONS

1. DEFINITIONS AND INTERPRETATION

- 1.1** In this agreement, unless the contrary intention appears, the following words have the following meanings:

Actual Component Cost means, in relation to any Component, the amount expended in respect of that Component in order to achieve Completion of the Project.

Actual Project Cost means the total amount expended in order to achieve Completion of the Project.

Approved Project Program means the Project information, which has been approved by the Minister in accordance with clause 4.1.2.

Business Day means a day (not being a Saturday or a Sunday) when banks are open for banking business in Perth, Western Australia.

Completion means when the Resulting Documents have been supplied to, and accepted by, the Minister.

Completion Certificate means a signed certificate as set out in Item 11 of the Schedule.

Component means a part of a Component Project described in Item 6 of the Schedule.

Component Project means a Project where certain portions of the Grant are to be used only for certain parts of the Project described in Item 6 of the Schedule.

Estimated Component Cost means, in relation to any Component, the estimated amount to be expended in respect of that Component in order to achieve Completion of the Project, as set out in Item 6 of the Schedule.

Estimated Project Cost means the estimated amount to be expended in respect of the Project in order to achieve Completion of the Project, as set out in Item 2 of the Schedule.

Event means the occurrence of any one or more of the following:

- (a) loss of property;
- (b) destruction of property;
- (c) damage to property;
- (d) injury;
- (e) death; and
- (f) illness.

Event of Default means an event of default described in clause 9.1.

Grant means the amount set out in Item 1 of the Schedule. The grant amount is expressed as GST exclusive.

Grantee's Contribution means a contribution to the Project made by the Grantee as set out in clause 3.2.

Project means the project named in Item 3 and the Project Specific Requirements described in Item 4 of the Schedule.

Resulting Documents means the documents that constitute or record (as applicable) the outcome of the Project, in format and detail acceptable to the Minister.

Schedule means the Schedule to this agreement.

1.2 In this agreement, unless the contrary intention appears:

- (a) the word "person" includes a firm, a body corporate, an unincorporated association and an authority;
- (b) the singular includes the plural and vice versa;
- (c) a reference to a person includes a reference to the persons, successors, substitutes (including without limitation, persons taking by novation), assigns, executors and administrators;
- (d) an agreement, representation or warranty on the part of two or more persons binds them jointly and severally;
- (e) an agreement, representation or warranty in favour of two or more persons is for the benefit of them jointly and severally;
- (f) a reference to any thing is a reference to the whole and each part of it and a reference to a group of persons is a reference to all of them collectively, to any two or more of them collectively and to each of them individually;

- (g) a reference to a clause, paragraph or Schedule is a reference to a clause, paragraph or Schedule of this agreement;
- (h) a reference to an accounting term is to be interpreted in accordance with accounting standards under the Corporations Law and, if not inconsistent with those accounting standards, generally accepted principles and practices in Australia consistently applied by a body corporate or as between bodies corporate over time; and
- (i) a reference to a statute, ordinance, code or other law includes regulations and other instruments under it and consolidations, amendments, re-enactments or replacements of any of them.

1.3 Headings are inserted for convenience and do not affect the interpretation of this agreement.

2. PROVISION OF THE GRANT

The Minister agrees to provide the Grant (as reduced by any deductions made in accordance with clauses 3.3, 3.4.1(b) and 3.4.2) to the Grantee at the times and in the manner set out in Item 5 of the Schedule.

3. USE, CONTRIBUTION AND REDUCTION OF THE GRANT

3.1 Use of the Grant

The Grantee may use the Grant only for the purpose set out in Item 6 of the Schedule and for no other purpose.

Where the Project is a Component Project, the Grantee may use the Grant:

- (a) only for the purposes set out in Item 6 of the Schedule;
- (b) only in relation to the Components; and
- (c) in relation to each Component, only in an amount up to the amount set out in Item 6 of the Schedule in relation to that Component.

3.2 Contribution

3.2.1 Where the Project is not a Component Project, the Grantee must make a Grantee's Contribution to the cost of the Project of the amount set out at Item 6 of the Schedule.

3.2.2 Where the Project is a Component Project, the Grantee must make a Grantee's Contribution to the cost of each Component of the amounts set out in the table at Item 6 of the Schedule.

3.2.3 The Grantee's Contribution can include:

- (a) contributions from any other source including, without limiting the generality thereof, State Government Departments; and
- (b) in-kind contributions of materials and labour directly attributable to the Project.

3.2.4 The inclusion and value of in-kind contributions as part of the Grantee's Contribution shall be determined by the Minister, after receipt of a statement detailing in-kind contributions and the Grantee's assessment of their value and reasons why they should be recognised by the Minister as part of the Grantee's Contribution. The statement shall be included in the report referred to in clause 4.2(b) or attached to the statement referred to in clause 4.3(a).

3.2.5 If, when Completion of the Project has been achieved:

- (a) where the Project is not a Component Project, the Actual Project Cost exceeds the Estimated Project Cost; or
- (b) where the Project is a Component Project, the Actual Component Cost relating to a Component exceeds the Estimated Component Cost relating to that Component;

the Minister and the Grantee agree that the Grantee's Contribution will be increased by the amount of that excess.

3.3 Reduction of the Grant

If, when Completion of the Project has been achieved:

- (a) where the Project is not a Component Project, the Estimated Project Cost exceeds the Actual Project Cost; or
- (b) where the Project is a Component Project, the Estimated Component Cost relating to a Component exceeds the Actual Component Cost relating to that Component;

the Minister and the Grantee agree that the Grant, or the Grant Amount for that Component, will be reduced by the *pro rata* amount of that excess.

If payment of the Grant or the Grant Amount for that Component has been made to the Grantee, the Grantee will immediately refund the *pro rata* amount of that excess to the Minister.

3.4 Failure to make a Grantee's Contribution

3.4.1 If the Grantee does not make a Grantee's Contribution:

- (a) where the Project is not a Component Project, the Grant will be cancelled; or
- (b) where the Project is a Component Project, the Grant will be reduced by the Maximum Grant Amount set out in Item 6 of the Schedule in relation to that Component.

3.4.2 If the Grantee only makes part of a Grantee's Contribution, the Grant will be reduced in the same proportion as the shortfall bears to the contribution actually made by the Grantee.

3.4.3 If either clause 3.4.1 or 3.4.2 apply and any part of the Grant has been paid to the Grantee, the Grantee will immediately upon demand by the Minister, refund to the Minister the moneys (if any) in excess of the Grantee's amended entitlement to the Grant.

4. INFORMATION TO BE PROVIDED TO THE MINISTER

4.1 Prior to commencement of the Project

4.1.1 Prior to the commencement of the Project, the Grantee must provide to the Minister for the Minister's approval the following:

- (a) a document that sets out the activity or activities that constitute the Project;
- (b) a schedule setting out:
 - (i) the expected progress of the Project from commencement to Completion; and
 - (ii) the dates on which the Grantee anticipates that it will request payment of the Grant to it in accordance with clause 2;
- (c) all items and information described in Item 7.1 of the Schedule (if any); and
- (d) all other items and information which the Minister reasonably requests.

4.1.2 The Minister may:

- (a) approve; or
- (b) refuse to approve; or
- (c) request that the Grantee alter any detail in respect of;

the information provided to the Minister in accordance with clause 4.1.1. All information received and approved (whether with or without modification) by the Minister in accordance with this clause 4 will become, when approved, the Approved Project Program.

4.1.3 The Grantee agrees that;

- (a) subject to clause 4.1.4, and within the time specified by the Minister, it will alter any detail in respect of the Project which the Minister reasonably requests be altered; and
- (b) it will ensure that the Project is not commenced until the Minister receives and approves (whether with or without modification) all information required to be provided to the Minister under clause 4.1.1.

4.1.4 If the Minister requests that the Grantee alter a detail in respect of the Project, the Grantee may give notice to the Minister that, if the Minister does not approve the information provided to the Minister in accordance with clause 4.1.2 without alteration to that detail, within a period specified in the notice (which period must be not less than 10 Business Days after the date on which the Minister receives the notice), this agreement will terminate.

4.1.5 The word "commencement" in clause 4.1.1 and the word "commenced" in clause 4.1.3(b) do not include any preliminary design work, cost estimates or community consultations, unless it is expressly stated in Item 3 or 4 of the Schedule to be the Project or part of the Project.

4.2 Information to be provided to the Minister during the course of the Project

The Grantee agrees with the Minister that the Grantee will:

- (a) keep proper and up-to-date records in respect of the progress of the Project and all expenditure in connection with the Project and allow any agent, employee or representative of the Minister to inspect those records; and
- (b) provide to the Minister every 6 months or as otherwise requested by the Minister within 10 Business Days of such request, a report which details the Project; and
 - (i) expenditure which has been incurred to date in connection with the Project and, where the Project is a Component Project, each Component of the Project; and
 - (ii) the expected date of Completion.

4.3 Information to be provided to the Minister on completion of the Project

The Grantee agrees to provide to the Minister within 20 Business Days of Completion of the Project:

- (a) a financial statement (GST exclusive) which sets out the Actual Project Cost and, where the Project is a Component Project, the Actual Component Cost of each Component;
- (b) a Completion Certificate as set out in Item 11;
- (c) a copy of the Resulting Documents;
- (d) all items and information described in Item 7.2 of the Schedule (if any); and
- (e) all other items and information which the Minister reasonably requests.

5. APPROVED PROJECT PROGRAM

5.1 The Grantee agrees that it will ensure that the Project is:

- (a) carried out in accordance with the Approved Project Program; and
- (b) completed by the date set out in Item 8 of the Schedule ("Item 8") unless;
 - (i) notice is given by the Minister under clause 5.5.1, in which case, the date applied for by the Grantee; or
 - (ii) notice is given by the Grantee under clause 5.5.3, in which case, the alternative date specified in the notice under clause 5.5.2.

5.2 The Grantee agrees that it will:

- (a) not without the prior written consent of the Minister change any one or more aspects of the Approved Project Program; and

- (b) notify the Minister immediately upon becoming aware that any change or event has occurred which has caused or will or might cause any one or more aspects of the Approved Project Program to change.
- 5.3**
- (a) If the Grantee request in accordance with clause 5.2(a) that the Minister consent to a change in the Approved Project Program; and
 - (b) if the Minister does not consent to that change; and
 - (c) if in the reasonable opinion of the Grantee, the Grantee will not be able to continue with the Project unless the relevant change is made to the Approved Project Program;

the Grantee may give notice to the Minister that, if the Minister does not consent within a period specified in the notice (which period must be not less than 10 Business Days after the date on which the Minister receives the notice), this agreement will terminate.

- 5.4** If, at any time, in the reasonable opinion of the Minister, a change occurs in the Approved Project Program such that the Approved Project Program is materially altered, the Minister may terminate this agreement with immediate effect.
- 5.5** If the Grantee becomes aware that the Project will not be, or is unlikely to be, completed by the date set out in Item 8 and it wishes to continue with the Project, it shall immediately, by notice to the Minister, apply for an amendment of the date set out in Item 8 to a date specified in the notice.
- 5.5.1** If the Minister consents to the amendment, the Minister shall give notice to the Grantee to that effect and Item 8 shall be deemed to have been amended accordingly.
- 5.5.2** If the Minister is prepared to consent to an amendment of the date set out in Item 8 but not to the date specified in the notice, the Minister shall give notice to the Grantee to that effect and specify an alternative date for completion of the Project.
- 5.5.3** If the Grantee agrees to the alternative date specified pursuant to clause 5.5.2, the Grantee shall give notice to the Minister to that effect and Item 8 shall be deemed to have been amended accordingly.
- 5.5.4** If the Minister is not prepared to consent to an amendment of the date set out in Item 8, the Minister shall give notice to the Grantee to that effect and Item 8 shall remain unamended.
- 5.6** Subject to clause 5.5, if the Grantee becomes aware that it will not be able to complete the Project by the date set out in Item 8, or that it does not wish to continue with the Project for any reason, including that it does not wish to accept the alternative date specified pursuant to clause 5.5.2, the Grantee shall immediately, by notice to the Minister, terminate this Agreement with immediate effect.
- 5.7** In the event that this agreement is terminated pursuant to this clause the Minister is under no obligation under this Agreement to provide the Grant or any balance of the Grant. The Minister may require that the Grantee repay to the Minister any money or portion thereof forming the Grant paid pursuant to this Agreement and to pay to

the Minister the sum of any costs incurred by the Minister as a result of the termination, including the cost of completing the Project where this is, in the opinion of the Minister, necessary.

6. INSPECTION AND AUDIT OBLIGATIONS

- 6.1** The Grantee agrees to allow and assist the Minister or any agent, employee or representative of the Minister to determine whether the Grantee is complying with the terms of this agreement.
- 6.2** The Grantee agrees, upon the request of the Minister, to appoint a person who is accredited as a chartered accountant or a certified practicing accountant to conduct an audit at the Grantee's cost in respect of expenditure in connection with the Project and to provide a report of the results of that audit to the Minister.

7. GRANTEE'S COVENANTS

The Grantee agrees that:

- (a) it will ensure that the Project is completed in a competent, efficient and safe manner and that the quality of the work is of a high standard; and
- (b) it will immediately notify the Minister of a pending or threatened occurrence or any event which may cause or constitute a breach of representation, warranty or covenant made by the Grantee in this agreement.

8. GRANTEE'S REPRESENTATIONS AND WARRANTIES

The Grantee represents and warrants that:

- (a) it is duly authorised and has power to enter into and observe its obligations under this agreement;
- (b) its obligations under this agreement are valid and binding and are enforceable against it in accordance with its terms;
- (c) all officers, employees, agents and sub-contractors of the Grantee are conscientious and efficient and are capable of completing the Project in a competent and expeditious manner;
- (d) there is no litigation, arbitration or administrative proceedings currently taking place, pending or threatened against the Grantee which could have a materially adverse effect on its ability to perform under this agreement;
- (e) it is unaware of any act, matter, thing or circumstance by reason of which it would be unable to perform any obligation arising out of this agreement;
- (f) it has after diligent inquiry and investigation fully disclosed to the Minister all information which could reasonably be regarded as affecting in any way the Minister's decision to enter into this agreement; and
- (g) this agreement and performance under it in the reasonable contemplation of the parties does not violate any law regulation or government order or decree or any consent registration approval licence or permit or any agreement order or award binding on the Grantee.

9. EVENTS OF DEFAULT

9.1 An Event of Default occurs if:

- (a) the Project is not or, in the reasonable opinion of the Minister, it appears that the Project will not be, completed by the date set out in Item 8 of the Schedule; or
- (b) the Grantee does not use the Grant in accordance with clause 3.1; or
- (c) the Grantee breaches any provision of this agreement and, if that breach can be remedied, does not remedy that breach within 10 Business Days of receiving a notice of default from the Minister or within such longer period set out in the notice of default, or that default is not waived by the Minister; or
- (d) any representation or warranty made by the Grantee is found to be incorrect or misleading; or
- (e) a receiver is appointed to the income or other assets of the Grantee.

9.2 Upon the occurrence of an Event of Default, the Minister may by notice to the Grantee terminate this agreement with immediate effect.

9.3 Upon termination of this agreement (whether pursuant to clause 9.2 or otherwise) the Minister may require that the Grantee repay to the Minister any money or portion thereof which was provided by the Minister to the Grantee under the RBFS or in connection with the Project, whether pursuant to the provisions of this agreement or otherwise.

9.4 In addition to the repayment referred to in clause 9.3, the Minister may require the Grantee to pay to the Minister the sum of any costs incurred by the Minister as a result of the Grantee's default, including the cost of completing the Project where this is, in the opinion of the Minister, necessary.

10. INDEMNITY

10.1 The Grantee releases and indemnifies the Minister from and against all:

- (a) actions, proceedings, suits, claims and demands whatsoever which may be brought, made or prosecuted by any person against the Minister or the Minister's employees, agents or instrumentalities in respect of an Event arising out of or in connection with any or all of the Project, the Grant or this agreement; and
- (b) damages, costs and expenses for which the Minister or the Minister's employees, agents or instrumentalities may be liable or incur in defending or settling any action, proceeding, suit, claim or demand described in paragraph (a).

10.2 The indemnity in clause 10.1:

- (a) is a continuing obligation, separate and independent from the other obligations of the Grantee; and
- (b) survives termination of this agreement.

11. ACKNOWLEDGEMENT OF GRANT

The Grantee agrees that it will acknowledge the provision of the Grant by ensuring that it does the things set out in Item 9 of the Schedule.

12. RELATIONSHIP

The Minister and the Grantee acknowledge and agree that nothing in this agreement may be construed to make either of them a partner, agent, employee or joint venturer of the other.

13. NOTICES

13.1 A notice or other communication in connection with this agreement:

- (a) must be in writing;
- (b) may be given by an authorised officer of the Minister or the Grantee (as the case may be); and
- (c) must be sent by email or prepaid ordinary post to the address of the addressee, set out in Item 10 of the Schedule.

13.2 A notice or other communication takes effect from the time it is received, unless a later time is specified in the notice or communication. For the purposes of this clause 13.2, a letter is taken to be received on the third Business Day after posting.

14. WAIVER

A provision of or a right created under this agreement may not be waived or varied except in writing signed by the party or parties to be bound.

15. GOVERNING LAW AND JURISDICTION

This agreement is governed by the law in force in Western Australia. Each party irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of Western Australia and courts of appeal from them. Each party waives any right it has to object to an action being brought in those courts including, without limitation, by claiming that the action has been brought in an inconvenient forum or that those courts do not have jurisdiction.

16. COSTS

The Minister and Grantee agree that they will each meet their own costs, charges and expenses, in connection with the negotiation, preparation, execution and completion of this agreement but the Grantee agrees to pay any stamp duty imposed on this agreement.

17. GST

17.1 For the purposes of this clause 17:

- (a) "GST Law" has the meaning given to that term in the *A New Tax System (Goods and Services Tax) Act 1999*; and

- (b) the terms "GST", "supply" and "taxable supply" have the same meanings as in the GST Law.

17.2 The amount of the Grant is exclusive of GST.

17.3 If the Grantee becomes liable to pay GST on a supply which is the result of entering into obligations in respect of the Grant, the Minister must pay, in addition to the Grant, an amount equal to the amount of GST payable by the Grantee in respect of that part of the Grant applicable to that supply.

17.4 If the supply of anything made under this Agreement, other than the supply referred to in clause 17.3, is a taxable supply, the price of the supply shall be inclusive of GST.

18. DISPUTE RESOLUTION

If a dispute, controversy or claim arises out of or in connection with this agreement or breach, termination or invalidity thereof and if such dispute, controversy or claim cannot be settled and resolved through negotiation between the parties, then the parties agree to submit their dispute to mediation in accordance with, and subject to, The Institute of Arbitrators and Mediators Australia Mediation Rules.

19. ENTIRE AGREEMENT

This Agreement contains the entire agreement between the parties relating to the subject matter of this Agreement and supersedes any and all previous negotiations, undertakings, understanding, representations, warranties, agreements or indemnities, whether written or oral.

20. ANNOUNCEMENTS

20.1 The Minister may publish and/or use for marketing purposes details of the Grant, the Project and the Grantee.

20.2 The Grantee must obtain prior written approval from the Minister for all press releases, advertising, signage and other public announcements relating to the Project.

21. ASSIGNMENT

This Agreement shall not be assigned, transferred or dealt with in any way by the Grantee without the written consent of the Minister.

22. SEVERANCE

In the event that any provision of this Agreement is declared by any judicial or other competent authority to be void, voidable, illegal or otherwise unenforceable, the parties shall amend that provision in such reasonable manner as achieves the intention of the parties without illegality or, at the discretion of the Minister, it may be severed from the Agreement and the remaining provisions of the Agreement shall remain in full force and effect, unless the Minister in the Minister's discretion decides that the effect of such declaration is to defeat the original intention of the parties in which event the Minister shall be entitled to terminate the Agreement by giving one month's notice to the Grantee.

SCHEDULE

Item 1 – Grant *(clause 1.1)*

\$43,227 (Forty three thousand and two hundred and twenty seven dollars)

Item 2 – Estimated Project Cost *(clause 1.1)*

\$57,636 (Fifty seven thousand six hundred and thirty six dollars)

Item 3 – Project *(clause 1.1)*

Ledge Point Boat Harbour Coastal Processes Assessment (Stage 2)

Item 4 – Project Specific Requirements *(clause 1.1 "Project")*

Complete the Coastal Processes Assessment for the proposed Ledge Point Boat Harbour in accordance with the MP Rogers & Associates (Stage 2) *Scope & Methodology* report.

Specific conditions for this grant are:

1. Resulting planning documents are provided to DoT in electronic format.

Item 5 – Manner in which the Grant is to be provided *(clause 2)*

The Minister will provide the Grant (as reduced by any deductions made in accordance with clauses 3.3, 3.4.1(b) and 3.4.2) to the Grantee:

- (i) subject to paragraph (ii), after the Minister has received the items which the Grantee is obliged to provide to the Minister under clause 4.3; and
- (ii) only if no Event of Default has occurred or, if an Event of Default has occurred, the Minister has waived that Event of Default.

Item 6 – Use of Grant and Grantee's Contribution *(clauses 3.1 and 3.2)*

This Grant is to be used for the Project as described in Items 3 and 4 of this Schedule and carried out in accordance with the Approved Project Program. This Project is not a Component Project.

The Grantee's Contribution, subject to clause 3.2.5, is \$14,409 (Fourteen thousand and four hundred and nine dollars).

Item 7 – Additional items and information

Item 7.1 – Prior to commencement of Project *(clause 4.1.1(c))*

Evidence, acceptable to the Minister, in respect of the works, the subject of Project that the land on which such works would or may be developed is:

- (a) controlled by the Grantee
- (b) available for the development of the works
- (c) is, or is adjacent to, a licensed maritime structure

Item 7.2 – On completion of Project (clause 4.3(d))

Evidence, acceptable to the Minister, in respect of the works, the Subject of the Project that the land on which such works would or may be developed is:

- (c) is, or is adjacent to, a licensed maritime structure

Item 8 – Timing of Project (clauses 5.1 and 5.5)

Completion Date: 31 July 2020

Other significant Dates: Nil

11.2.3 2018-19 BUSHFIRE RISK MANAGEMENT PLANNING PROGRAM GRANT AGREEMENT

LOCATION: SHIRE OF GINGIN
FILE: GRA/12
REPORTING OFFICER: KAYE LOWES - EXECUTIVE MANAGER CORPORATE & COMMUNITY
REPORT DATE: 19 JUNE 2018
REFER: NIL

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To consider entering into an agreement with the Department of Fire and Emergency Services (DFES) to deliver a Bushfire Risk Management Planning (BRMP) Program for the Shire of Gingin.

BACKGROUND

Correspondence received from DFES on 1 June 2018 invites Council to enter into a formal grant agreement for the delivery of the BRMP program, including purchasing items and employment of a Bushfire Risk Planning Coordinator to undertake BRMP program activities. The BRMP program is the identification and classification of bushfire risk within individual local government(s). The program involves the development of a treatment plan in respect of the identified risk(s), through the utilisation of shared resources and co-operation between local governments, State Agencies and private landowners and occupiers.

Bushfire Risk Management (BRM) Plans document the risk to communities from bushfire and outline the required treatments to reduce these risks. The Bushfire Risk Management System (BRMS) is a risk tool which aids the prioritisation of treatment works to help lower the bushfire risk faced by the community and designate accountability for treatment. The BRMP program is the initiative and related activities that result in the development and implementation of BRM Plans through the BRMS.

The total value of the grant is \$190,911.60 (including GST).

It is noted that the Shire of Chittering participated in the BRMS program in 2017/18, with their Coordinator undertaking some preparatory work for the development of a BRM for the Shire of Gingin.

COMMENT

The proposed agreement is for a twelve month period and will expire on 30 June 2019. The Shire will be responsible for employment of the officer and provision of office space, with all direct costs (including salary, vehicle and operating costs, information communication technology, furniture and fittings, travel allowance and other plant and equipment) being fully funded by the grant. Costs will be met “up front” by the Shire of Gingin and then recouped through the grant process.

A copy of the Grant Agreement is provided as **Appendix 1**. Annex A (Pg 19 of the Agreement) contains salary details and has been circulated separately to Councillors as a confidential document.

In the event that Council agrees to participate in the BRMP program, it will be necessary to have an appropriate officer in place as close to the start of the new financial year as possible. For that reason, a formal commitment is required from Council now so that the recruitment process can be commenced.

STATUTORY ENVIRONMENT

Nil

POLICY IMPLICATIONS

Nil

BUDGET IMPLICATIONS

In the event that Council is supportive of the Officer's recommendation, then appropriate provision will be made in the 2018/19 budget.

There will be no financial impact on the Shire of Gingin, as the program is fully funded by DFES.

STRATEGIC IMPLICATIONS

Shire of Gingin Strategic Community Plan 2017-2027

Focus Area	<i>Community Wellbeing</i>
Objective	<i>1. To support the Shire of Gingin community to be inclusive, vibrant, healthy and safe through the Shire's service delivery</i>
Outcome	<i>1.3 Healthy and Safe Our community has access to quality health and community safety programs, services and initiatives that promote resilience.</i>
Strategy	<i>N/A</i>

VOTING REQUIREMENTS – SIMPLE MAJORITY

RECOMMENDATION

It is recommended that Council agree to include provision for the employment of a Bushfire Risk Planning Coordinator in the 2018/19 Budget.

RESOLUTION

Moved Councillor Peczka, seconded Councillor Johnson that Council agree to include provision for the employment of a Bushfire Risk Planning Coordinator in the 2018/19 Budget.

CARRIED UNANIMOUSLY

APPENDIX 1

Government of Western Australia
Department of Fire & Emergency Services

Our Ref: 18003-12
Your Ref:

Ms Kaye Lowes
Acting Chief Executive Officer
Shire of Gingin
PO Box 510
GINGIN WA 6503

Dear Ms Lowes

**2018-19 BUSHFIRE RISK MANAGEMENT PLANNING PROGRAM GRANT
AGREEMENT**

The Department of Fire and Emergency Services (DFES) recently advised that the Bushfire Risk Management Planning program was successful in securing State Government funding for 2018-19.

Please find enclosed a copy of the 2018-19 Grant Agreement for your approval.

As the host local government can you arrange for the Agreement to be signed and returned to the following address:

A/Superintendent Craig Garrett
Department of Fire and Emergency Services
Bushfire Risk Management Branch
Emergency Services Complex
PO Box P1174
Perth WA 6844

A copy of the signed Agreement will be sent to your local government.

If you have any questions in relation to this advice please contact me on (08) 9395 9322.

Yours sincerely

**CRAIG GARRETT
A/SUPERINTENDENT
BUSHFIRE RISK MANAGEMENT BRANCH**

29 May 2018

And

**The Local Government of
("5th Organisation")** **A.B.N. (if applicable)**

RECITALS

The 1st, 2nd, 3rd, 4th and 5th Organisation have applied to the Grantor for financial assistance to undertake the Approved Purpose and the Grantor has agreed to provide a grant subject to the terms and conditions of this Agreement.

THE PARTIES AGREE as follows:

1. DEFINITIONS AND INTERPRETATION

In this Agreement, unless the context otherwise requires:

Agreement means this Grant Agreement, including its recitals and any schedules or annexures (if any).

Acquittal occurs when the Grantor has advised the Organisation that the reports and financial information provided by the Organisation in accordance with clause 3.6 are satisfactory.

Approved Purpose means the purpose or purposes set out in item 1 of Schedule 1.

Page 2 of 24

Auditor means an accountant who is a member of the Institute of Chartered Accountants in Australia, the Australian Society of Certified Practicing Accountants or the National Institute of Accountants and who is independent from the Organisation. Auditor must be registered as a company auditor or equivalent under a law in force in Western Australia.

Auditor General means the Auditor General for the State of Western Australia.

Business Day means a day other than a Saturday, Sunday or public holiday in Western Australia.

Grant Funds means the amount or amounts specified in item 7 of Schedule 1.

Grantee refers to the 1st Organisation in this Agreement.

Organisation means either the 1st, 2nd, 3rd, 4th or 5th Organisation or all as the context requires.

Party means each of the Grantor or the 1st, 2nd, 3rd, 4th or 5th Organisation as the context requires and **Parties** means all of them.

Program means the initiative or activities to be undertaken with the Grant Fund specified in item 2 of Schedule 1.

2. PAYMENT OF GRANT FUNDS

Subject to the terms and conditions of this Agreement, the Grantor will pay to the 1st Organisation the Grant Funds in accordance with the payment schedule specified in item 8 of Schedule 1.

3 OBLIGATIONS OF ORGANISATION

3.1 Use of Grant Payment

The Organisation will use the Grant Funds solely for the Approved Purpose.

3.2 No Changes

The Organisation will not make any changes to the Approved Purpose without the prior written consent of the Grantor.

3.3 No Endorsement

The Organisation agrees that nothing in this Agreement constitutes an endorsement by the Grantor of any goods or services provided by the Organisation.

3.4 Acknowledgement of Grantor

The Organisation will acknowledge the Grantor in the manner set out in item 6 of Schedule 1.

3.5 Request for Information

- (a) The Organisation is to provide the Grantor with any documents or information relating to this Agreement or the program within ten (10) business days of receiving such a request from the Grantor.

3.6 Accounts and Reporting

- (a) The Organisation is to provide the progress reports, evaluation reports and financial statements specified in Schedule 2.
- (b) The Organisation is to keep proper financial records in accordance with generally accepted accounting principles and practices.

3.7 Special Conditions of Grant

The Organisation agrees to comply with the special conditions (if any) specified in item 4 of Schedule 1.

3.8 General Undertaking of Organisation

The Organisation must:

- (a) at all times duly perform and observe its obligations under this Agreement and will promptly inform the Grantor of any occurrence which might adversely affect its ability to do so in a material way;
- (b) undertake its responsibilities under this Agreement with integrity, good faith and probity in accordance with good corporate governance practices;
- (c) not, nor attempt to, sell, transfer, assign, mortgage, charge or otherwise dispose of or deal with any of its rights, entitlements and powers or obligations under this Agreement;
- (d) comply with all State and Commonwealth laws, rules, regulations and by-laws;
- (e) cooperate fully with the Grantor in the administration of this Agreement; and
- (f) upon reasonable notice, provide the Grantor or its agents, with access at any reasonable time and from time to time to the Organisation's premises, financial records, other documents, equipment and other property for the purpose of audit and inspection by the Grantor in order to verify compliance by the Organisation with this Agreement.

4. REPAYMENT AND RETENTION OF GRANT FUNDS

The Organisation must repay to the Grantor any funds that the Grantor has paid which are not used in accordance with this Agreement unless there has been written agreement otherwise between the parties.

5. LIMITATION OF LIABILITY

The Grantor does not accept any responsibility or liability for the success or otherwise of the Approved Purpose and is not liable for any losses which may be suffered by the Organisation in undertaking the Approved Purpose.

6. FREEDOM OF INFORMATION ACT 1992 AND FINANCIAL MANAGEMENT ACT 2006

- (a) The Organisation acknowledges and agrees that this Agreement and information regarding it is subject to the *Freedom of Information Act 1992* and that the Grantor may publicly disclose information in relation to this Agreement, including its terms and the details of the Organisation.
- (b) The parties acknowledge and agree that, despite any provision of this Agreement to the contrary, the powers and responsibilities of the Auditor General under the *Financial Management Act 2006* are not limited or affected by this Agreement.
- (c) The Organisation must allow the Auditor General, or an authorised representative, to have access to and examine the Organisation's records and information concerning this Agreement.

7. NOTICES

Any notice or other communication that may or must be given under this Agreement:

- (a) must be in writing;
- (b) may be given by an authorised officer of the Party giving notice;
- (c) must be:
 - (i) hand delivered or sent by prepaid post to the address of the Party receiving the notice as set out in item 5 of Schedule 1; or
 - (ii) sent by facsimile to the facsimile number of the Party receiving the notice as set out in item 5 of Schedule 1;
- (d) subject to paragraph (c), is taken to be received:
 - (i) in the case of hand delivery, on the date of delivery;
 - (ii) in the case of post, on the third Business Day after posting; and
 - (iii) in the case of facsimile, on the date of transmission; and
- (e) if received after 5.00 pm or on a day other than a Business Day, is taken to be received on the next Business Day.

8. DEFAULT AND TERMINATION

8.1 Event of Default by the Organisation

An Event of Default occurs if:

- (a) the Organisation breaches any of its obligations under this Agreement which continues without remedy for ten (10) business days after notice in writing has been served on the Organisation by the Grantor;
- (b) the Organisation becomes insolvent or is deemed to be insolvent under the *Corporations Act (Cth)*; or
- (c) if the Grantor has reasonable grounds to believe that the Organisation is unwilling or unable to comply with its obligations under this Agreement.

8.2 Effect of Event of Default

If an Event of Default occurs, the Grantor may either:

- (a) terminate the Agreement by providing a further ten (10) business days notice in writing to the Organisation of the Event of Default; or
- (b) suspend payment of the Grant Funds until the Event of Default is remedied; or
- (c) recall all unspent Grant Funds in accordance with Annex A.

8.3 Recommencement of Grant Payment

The Grantor may, in its absolute discretion, recommence payment of the Grant Funds if and when the Organisation has rectified the Event of Default.

8.4 Acquittal

Unless earlier terminated, this Agreement will terminate at the time of Acquittal.

9. GOODS AND SERVICES TAX (GST)

- (a) For the purposes of clause 9:
 - (i) “GST” means the goods and services tax applicable to any taxable supplies as determined by the GST Act; and
 - (ii) “GST Act” means *A New Tax System (Goods and Services Tax) Act 1999 (Cth)* and includes all associated legislation and regulations;
 - (iii) the terms “supply”, “tax invoice”, “taxable supply” and “value” have the same meanings as in the GST Act.
- (b) If the supply of anything under this Agreement is a taxable supply under the GST Act, the Grant Funds shall be inclusive of GST.
- (c) The obligation of the Grantor to pay the GST on any supply by the Organisation under this Agreement is conditional upon the prior issue by the Organisation to the Grantor of a tax invoice, which complies with the GST Act. This provision applies notwithstanding any law to the contrary.
- (d) If the parties agree that the Grantor will issue the Organisation with a Recipient Created Tax Invoice (RCTI), then the parties hereby agree that:
 - (i) the Grantor will issue a RCTI in respect of GST payable on the supply of the program and the Organisation will not issue tax invoice in respect of that supply;

- (ii) The Organisation warrants that it is registered for the purposes of GST and the Organisation will notify the Grantor in writing if it ceases to be registered for the purposes of GST during the term of this Agreement ("the Term");
- (iii) the Grantor warrants that it is registered for the purposes of GST and the Grantor will notify the Organisation in writing if it ceases to be registered for the purposes of GST, or if it ceases to satisfy the requirements of the *GST Act* during the Term ; and
- (iv) the Grantor will indemnify and keep indemnified the Organisation for GST and any related penalty that may arise from an understatement of the GST payable on the supply of the program for which the Grantor issues a RCTI under this Agreement.

10. RELATIONSHIP

The Parties agree that nothing in this Agreement may be construed to make either of them a partner, agent, employee or joint venturer of the other.

11. WAIVER

- (a) No right under this Agreement shall be deemed to be waived except by notice in writing signed by both parties.
- (b) A waiver by either party will not prejudice that party's rights in relation to any further breach of this Agreement by the other party.
- (c) Any failure to enforce this Agreement, or any forbearance, delay or indulgence granted by one party to the other party, will not be construed as a waiver any rights.

12. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the parties and supersedes all communications, negotiations, arrangements and agreements, whether oral or written, between the parties with respect to the subject matter of this Agreement.

13. VARIATION

Any modification, amendment or other variation to this Agreement must be made in writing duly executed by both parties.

14. DISPUTE RESOLUTION

Before resorting to external dispute resolution mechanisms, the Parties shall in good faith attempt to settle by negotiation any dispute in relation to this Agreement, and where practical, each Party shall refer the matter to personnel who have authority to intervene and facilitate some form of resolution.

SCHEDULE 1

DEFINITION OF PROGRAM OR SERVICE TO BE FUNDED

1. Approved Purpose of Grant

The Approved Purpose of the Grant is to enable the Organisation to purchase items and pay the salary of the Bushfire Risk Planning Coordinator (BRPC), as described in Annex A, to undertake Bushfire Risk Management Planning (BRMP) activities.

2. Program Definition and/or Anticipated Activities

The BRMP program is the identification and classification of bushfire risk within the respective Local Government(s). The program involves the development of a treatment plan in respect of the identified risk(s), through the utilisation of shared resources and the cooperation between Local Governments, State Agencies and private landowners and occupiers.

Bushfire Risk Management (BRM) Plans document the risk to communities from bushfire and outline the required treatments to reduce these risks. The Bushfire Risk Management System (BRMS) is a risk tool which aids the prioritisation of treatment works to help lower the bushfire risk faced by the community and designate accountability for treatment. The BRMP program is the initiative and related activities that result in the development and implementation of BRM Plans through the BRMS.

Responsibilities of the Organisation

- a) The Organisation will deliver on the milestones contained in the BRM Plan Milestone Report and will submit an updated report by the dates specified in the Milestone Report Submission Dates table (Annex B.)
- b) The Organisation agrees that the BRPC position will be employed under and administered by the Grantee, for the period covered by this Agreement.
- c) The Organisation must cooperate fully with Grantor in respect of the administration of this Agreement.
- d) The Organisation must properly provide for the care, safety, security and protection of all Records as defined herein, (whether created by Grantor, the Organisation or any other person) that are in their custody or control.
- e) Unless the Grantor agrees otherwise in writing, the Organisation must provide everything necessary to enable it to fully comply with all of its obligations under this Agreement.
- f) The Organisation must take out and maintain insurance in relation to all insurable liabilities of the Organisation under this Agreement, as specified in Schedule 1 of this Agreement.
- g) The Organisation agrees to use local or regional human resources, products and services for the BRMP program wherever possible.
- h) The Organisation must obtain oversight of the BRPC's daily activities to ensure they work within the terms of this Agreement.
- i) The Organisation must nominate a suitable employee to manage the BRPC's obligations, as identified in this Agreement, and must provide their contact details to the Grantor.

Responsibilities of the Grantor

- a) The Grantor will provide strategic assistance and advice to the Organisation concerning the development and implementation of their BRM Plan.
- b) The Grantor will provide templates, guidelines and the procedures necessary for the Organisation to develop and implement their BRM Plan.
- c) The Grantor will provide technical expert advice and support through the Bushfire Risk Management Officer assigned to the Organisation.
- d) The Grantor will provide training to the BRPC in the BRMP process and the use of BRMS.
- e) The Grantor will inform the Organisation of any updates or changes to the BRMP process or BRMS.
- f) The Grantor will provide BRMS Information Technology support.
- g) The Grantor will ensure that the licence for the use of BRMS remains in force, at its own cost, until 30 June 2019.

Appointment of the BRPC

The following conditions must be adhered to during the appointment of the BRPC:

- a) The selection process for the position of the BRPC will be managed by the Grantee in consultation with all parties to this Agreement.
- b) The Grantor will be entitled to nominate at least one representative to the selection panel.
- c) The BRPC will undertake the role as per the agreed Job Description Form (JDF) as set out at Annex C.
- d) The BRPC will be an employee of the Grantee and will be employed under the Local Government Industry Award until 30 June 2019.
- e) The Grantee will provide the equipment, as set out in Annex A, to the BRPC.
- f) The Grantee agrees to procure and maintain Workers Compensation insurance or comparable Personal Accident Insurance for the position of the BRPC.
- g) Although the Grantee will host the BRPC, the BRPC's time (Annex E) and equipment will be shared between the Organisations in this Agreement, where applicable, to ensure the success of the BRMP program for all participants.

Training

- a) The Grantor will provide the BRPC with the necessary BRMP and BRMS training, through self-paced and/or workplace delivery strategies.

3. Agreement Term

This Agreement will apply from the date this Agreement is signed by all parties and will conclude on 30 June 2019.

4. Special Conditions of Grant

Use of BRMS

- a) The Grantee will be obliged to ensure that the computer purchased for the BRPC has the minimum system requirements as set out at Annex D.
- b) A BRMS account will be established by the BRMS Administrator following successful completion of the identified training by the BRPC.
- c) All BRMS technical queries will be made to the Grantor through the BRMS Administrator.
- d) The performance of BRMS is dependent on the internet speeds of each Organisation.

BRMS and BRMP Material

- a) The BRMS logo and all BRMP materials including Guidelines, Handbook, training manuals and brochures will be provided by the Grantor to the Organisation royalty-free to be used only as set out in this Agreement.
- b) The Grantor's ownership of the intellectual property rights in the materials must be acknowledged whenever the materials are published, copied or circulated.
- c) The Organisation will provide the Grantor with public recognition on all literature and promotional material for the BRMP program, in the format approved by the Grantor.
- d) The Organisation may not amend the BRMP materials in any way, unless approved by the Grantor in writing.
- e) Should the Grantor amend the materials in any way then the Organisation are obliged to ensure that they publish and/or circulate the most recent versions.
- f) The BRMP materials may not be used by the Organisation for commercial gain.

Unavailability of BRPC

Where the appointed BRPC is unavailable at any time during the scheduled performance of the key roles or tasks, the Grantee will promptly advise the Grantor and propose a substitute. Any substitute must be approved by the Grantor. The Grantor may not unreasonably withhold its approval of a substitute but it may give its approval subject to such conditions, as it reasonably considers necessary to protect its interests under this Agreement.

Intellectual Property Rights

- a) The Intellectual Property Rights in BRMS is owned by Amristar Solutions Pty Ltd and PAN Software Pty Ltd. The Organisation acknowledges that the use of BRMS is subject to a licence agreement between the owners of the Intellectual Property Rights and the Grantor.
- b) Upon expiry of the licence agreement, the Organisation shall no longer make use of BRMS unless with written permission of both the owners of the Intellectual Property Rights and the Grantor.
- c) The obligations of the Organisation under this clause are continuing obligations and survive expiration or termination of this Agreement.
- d) The Organisation further acknowledge that the Intellectual Property Rights in the data supplied to them for the purposes of mapping are owned by the entities that provide these layers to the Organisation and the terms of any agreement that the data provider may require must be adhered to. In addition the Confidentiality provisions of this Agreement will apply to the data.
- e) Relevant information and images contained in the BRMP Guidelines and templates are published in accordance with the SAI Global licencing agreement. The agreement does not extend to additional documents outside of specified material.

Confidentiality

- a) The Grantor may publicly disclose: (i) the identity of the Grantee; (ii) the value of this Agreement; and (iii) a description of the BRMP program. The Organisation acknowledges that this Agreement, and information held or compiled by the Grantor or the State of Western Australia in relation to this Agreement, is subject to the Freedom of Information Act 1992.
- b) In addition to the general definition of Confidential Information the following information is specified as confidential: all information and documentation provided by external parties for use in the BRMS that relates to critical infrastructure and/or threatened environmental areas and/or culturally sensitive areas and/or is specified by the external party as confidential.
- c) The Organisation must keep all Confidential Information confidential. The Organisation must not use or disclose the Confidential Information to any person except:
 - (i) where necessary for the purpose of performing the BRMP program; or
 - (ii) as authorised in writing by the Grantor or the external party, as the case may be; or
 - (iii) to the extent that the Confidential Information is public knowledge (other than because of a breach of this clause by the Organisation); or
 - (iv) as required by any law, judicial or parliamentary body or governmental agency; or
 - (v) when required (and only to the extent required) to the Organisation professional advisers, and the Organisation must ensure that such professional advisers are bound by the confidentiality obligations imposed on the Organisation under this clause.
- d) Except to the extent that the Organisation are required by law to retain any Records, the Organisation must return all Records containing Confidential Information immediately at the expiration or termination of this Agreement.

Data Security

Organisation must:

- a) prohibit and prevent any officer, employee, contractor or agent of the Organisation who does not have the appropriate level of security clearance from gaining access to BRMS or the Confidential Information and without limiting this requirement, use reasonable endeavours to prevent any unauthorised person from gaining access to BRMS or the Confidential Information; and
- b) notify the Grantor immediately, and comply with all directions of the Grantor, if an Organisation becomes aware of any contravention of data security requirements.

Access

- a) The Organisation must keep accurate, complete and current written Records in respect of this Agreement and must comply with the directions of the Grantor in relation to the keeping of Records, whether those directions relate to the period before or after the expiry of this Agreement.
- b) The Organisation must allow the Grantor to have reasonable access to all Records in the custody or control of the Organisation and to examine, audit, copy and use these Records. For this purposes, subject to the Grantor giving reasonable prior notice, the Organisation must allow the Grantor to have reasonable access to any premises used or occupied in connection with the BRMP program.
- c) The Organisation must do everything necessary to obtain any third party consents, which are required to enable the Grantor to have access to Records under this clause.
- d) This clause survives expiration or termination of this Agreement.
- e) The Organisation acknowledges that the Grantor will have access to all data within BRMS.
- f) An Organisation will not have access to any other Organisation's data unless shared assets and/or treatments warrant this requirement. Approval by the Organisation sharing the data must be provided to the respective Organisation and the Grantor so that the necessary BRMS access privileges can be granted.

Indemnity

Each Organisation indemnifies the Grantor, the State of Western Australia and all their respective officers, employees and agents against all costs, losses, expenses, claims, damages and other liabilities (including, without limitation, legal costs and expenses) as a result of any action, suit, claim, demand or proceeding taken or made by any third party arising from or in connection with:

- a) any breach of contract by an Organisation under this Agreement;
- b) any wilful, tortious or unlawful act or omission of an Organisation or all officers, employees, agents or contractors of an Organisation;
- c) any breach of a State, Commonwealth or Territory law relevant to this Agreement by an Organisation; or
- d) any claim for damages arising out of the BRMP program and/or risk treatments undertaken or not undertaken by an Organisation.

Insurance

- a) The following insurance is required by the Organisation:

The Grantee: Workers Compensation insurance or comparable Personal Accident Insurance for the position of the BRPC for the duration of the employment contract.

The Organisation: Professional indemnity insurance and Public Liability insurance for the duration of this Agreement plus six months after termination.

- b) Each Organisation must provide the Grantor with sufficient evidence of the insurances required under this clause (including, if requested, a copy of any policy) and provide a certificate of currency of insurance, as requested by the Grantor at any time.
- c) If an Organisation becomes aware of any event or incident occurring, which gives rise or is likely to give rise to a claim under any insurance required under this clause, it must as soon as reasonably practicable notify the Grantor in writing of that event or incident.
- d) Failure to comply with this clause will not invalidate or otherwise affect any indemnities, liabilities and releases of this Agreement.
- e) The obligations of the Organisation under this clause are continuing obligations and survive expiration or termination of this Agreement for so long as the obligations of the Organisation under this clause continue.
- f) Nothing in this clause limits an Organisation's other liabilities under this Agreement.

Notices

Notices or other communication can be sent by email to the email address of the recipient as set out in item 5 of Schedule 1 or the responsible person as nominated in "Responsibilities of the Organisation" item 2 (i) Schedule 1. The email will only be considered to have been received if:

- a) the sender receives a receipt notification;
- b) any text in the body of the email or the subject line will not form part of the notice;
- c) an attachment to an email will only form part of a notice if it is in .pdf format or such other format as may be agreed between the parties from time to time.

Grant Funds

The Grantee will ensure that the bank account into which the Grant Funds are deposited is not overdrawn at any time during the term of this Agreement.

6. Acknowledgement of Grantor

Not applicable

PAYMENT SCHEDULE

7. Total Amount of Grant Funds

Grant Amount \$173,556
GST \$17,355.60

8. Method of Payment

Payment of the Grant Funds (inclusive of GST) will be made in the amount detailed below and within ten (10) business days of receipt of a tax invoice from the Grantee.

PAYMENT DATE	AMOUNT TO BE PAID (\$)
Within ten (10) business days of receipt of a tax invoice from the Grantee	\$190,911.60*

*Grant amount includes GST

SCHEDULE 2**REPORTING REQUIREMENTS**

1. In addition to the reporting processes contained within the BRMP Guidelines, the Organisation is to complete and present the following reports to their respective DFES Bushfire Risk Management Officer (BRMO) by the due date stated. The BRPC must also upload the reports onto the DFES Bushfire Risk Management Branch (BRMB) Team Site. In instances where a BRMO is not appointed the BRPC must provide the identified reports to DFES' BRMB.
2. In instances where the BRPC has not been recruited the BRMO will undertake the relevant tasks.
3. Extension to the due dates must be provided by the Grantor as per Notice requirements and according to length of delay experienced. Extension approvals will be provided as follows:

Length of delay (working days)	Approving Officer
1 -10	BRMO
11+	Superintendent Bushfire Risk Management Branch

The reports below are contained within the BRMP Guidelines (see templates) and Annex B.

Report	Description	Due Date
1	Monthly BRM Plan Milestone Report	As per Annex B
2	Draft BRM Plan as per BRMP Guidelines (excluding Asset Risk Register and Treatment Schedule)	Prior to 28 June 2019

Acquittance Report

The Grant Funds must be acquitted by 31 July 2019. The Grantor will provide the Grantee with an Acquittance Report template. The Grantee must provide the Grantor with a completed and signed Acquittance Report, which is to include:

- a) A final statement of income and expenditure consisting of:
 - i. an expenditure statement (exclusive of GST) signed by the Chief Executive Officer or Accountable Officer, detailing budgeted expenditure in accordance with the Approved Budget and actual expenditure on the BRMP program described in the request;
 - ii. details of all cash and in-kind contributions received for the BRMP program including those provided by the participating Organisation, if any, and any interest received in accordance with the Agreement; and
 - iii. Invoices, receipts and other relevant documentary evidence of expenditure, if no independent audit is made.
- b) Copies of any reports, studies, photographs, videos etc. produced as part of the BRMP program.

4. Evaluation Arrangements

The Organisation's respective BRMO will validate the reports in Schedule 2, section 3. The Organisation will upload the Milestone Report, as per Annex B, to DFES' BRMB team site at each milestone due date.

Following feedback on the draft BRM Plan by DFES' BRMB, the Organisation will submit their draft BRM Plan to the Office of Bushfire Risk Management (OBRM). The draft BRM Plan will be reviewed for consistency against the BRMP Guidelines and any feedback will be provided to the Organisation in writing. Following completion of the review process OBRM will notify the Organisation of consistency with the Guidelines. The Organisation will be required to obtain internal approval of the BRM Plan in accordance with its own protocol.

5. Where the Grant Funds are valued at under \$35,000, financial statements are to be certified by the Chairman, CEO or equivalent of the Organisation.
6. Where the Grant Funds are valued at \$35,000 or more, financial statements are to be certified by the Chairman, CEO of the Organisation, or equivalent AND certified by a professional auditor who is:
 - (a) not an officer or employee of the Organisation;
 - (b) registered as a company auditor or equivalent under a law in force in Western Australia; or
 - (c) a member or fellow of the Institute of Chartered Accountants, the Australian Society of Certified Practising Accountants or the National Institute of Accountants.

**ANNEX A TO APPENDIX 1
CIRCULATED TO COUNCILLORS
AS A CONFIDENTIAL DOCUMENT**

ANNEX B

Milestone Reporting

The BRM Plan Milestone Report template (see below) must be completed and submitted to DFES' Bushfire Risk Management Branch by the dates specified in the table below. The reports must also be uploaded onto the DFES Bushfire Risk Management Branch team site.

Milestone Report Submission Dates

Milestone Report	Due Date
1	31 July 2018
2	31 August 2018

2018-19 BRM Plan Milestone Report

Local Government:

Bushfire Risk Management Officer:

Bushfire Risk Planning Coordinator:

Reporting Period:

Milestone	Forecast Completion Date	Actual Completion Date	% Complete	Comments
Complete draft BRM Plan using BRMP Guidelines templates (excluding BRMP Asset Risk Register)				
Draft BRM Plan submitted to DFES BRM Branch for review				
Identify all Assets in BRMS (Human Settlement, Economic, Environmental & Cultural)				
Complete all Risk Assessments in BRMS against identified Assets				
Draft BRM Plan submitted to OBRM for review (BRMP 'locked' in BRMS)				
BRM Plan endorsed by OBRM				
Final BRM Plan submitted to local government Council for approval				
BRM Plan approved by local government Council				
Enter Treatment(s) (Recommended, Agreed & Scheduled) in BRMS against all identified Assets				
OBRM notified Treatment Schedule (Recommended, Agreed & Scheduled Treatments) is finalised in BRMS				

ANNEX C

Job Description Form for BRPC

The Government of Western Australia (WA) is implementing the Bushfire Risk Management Planning (BRMP) program across WA. The program is responsible for the development and implementation of 'tenure-blind' whole of Shire Bushfire Risk Management (BRM) Plans. The Local Government of and the Local Government of have agreed to participate in this program and seek a Bushfire Risk Planning Coordinator to develop the BRM plan and assist with its implementation.

The Local Government of under the BRMP LG Grant Agreement, will host the Bushfire Risk Planning Coordinator position, however the successful applicant will be required to work across the Shires of.....

An opportunity exists for an enthusiastic and experienced person to become an integral part of *x number* organisations and communities experiencing substantial growth. Applicants will have emergency management knowledge and an understanding of the roles and responsibilities of bushfire-related organisations.

This is a full time position on a fixed contract basis ending on 30 June 2019 with a possibility of extension or permanency. Regional travel will be required. A vehicle and mobile phone will be made available for use for the duration of the contract.

Interested candidates are requested to submit a completed application form, written application addressing the selection criteria in no more than 4 pages and current resume detailing experience relative to the position.

Selection Criteria

ESSENTIAL

1. Demonstrated experience and knowledge of emergency management and bushfire risk management, including understanding of the role of landholders and agencies in the management of bushfire risk.
2. Demonstrated conceptual, analytical and problem solving skills including understanding and experience in application of risk management principles.
3. Well-developed communication and interpersonal skills, with demonstrated ability to liaise, consult and negotiate effectively with a wide range of stakeholders, including senior government officers, industry and private landowners.
4. Proven ability to plan, prioritise and organise workloads to meet agreed timeframes. Experience in project management would be an advantage.
5. Possession of a current C Class Western Australian driver's licence as a minimum which must remain valid for the duration of employment.

Position Description

11.3. PLANNING AND DEVELOPMENT

11.3.1 APPLICATION FOR PLANNING APPROVAL - PROPOSED USE NOT LISTED (OUTBUILDING) ON LOT 101 (432) NICKLAUS AVENUE, WOODRIDGE

FILE:	BLD/6942
APPLICANT:	ANTHONY BRADLEY AND LINDA BRADLEY
LOCATION:	LOT 101 (432) NICKLAUS AVENUE, WOODRIDGE
OWNERS:	ANTHONY BRADLEY AND LINDA BRADLEY
ZONING:	RURAL LIVING
AUTHOR:	JAMES BAYLISS – ACTING MANAGER STATUTORY PLANNING
REPORTING OFFICER:	KYLIE BACON – ACTING EXECUTIVE MANAGER PLANNING AND DEVELOPMENT
REPORT DATE:	19 JUNE 2018
REFERENCE:	NIL

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To consider an Application for Development Approval for a proposed use not listed (Outbuilding) on Lot 101 (432) Nicklaus Avenue, Woodridge.

BACKGROUND

On 27 April 2018 the Western Australian Planning Commission (WAPC) issued an approval to subdivide the subject property into two survey-strata lots. Condition 4 of the subdivision approval requires the existing outbuilding located on survey-strata Lot 1 to be removed given the newly created lot does not contain an approved residential building. The application subject to this report seeks to formalise the existing structure as a 'use not listed (outbuilding)', therefore satisfying condition 4 and avoiding the need to demolish the structure.

On 13 September 2013 the Shire issued a Building Permit for the outbuilding subject to this proposal, on the basis that it was associated with the dwelling which is now located on survey-strata lot 2. It should be noted that in order for the existing structure to be considered as a traditional outbuilding, it must be in association with a dwelling. As a result of the subdivision process, the dwelling and outbuilding are now located on separate lots. The outbuilding is therefore no longer associated with an approved dwelling, and does not comply with the requirements of Local Planning Scheme No. 9.

The existing use not listed (outbuilding) is 13.5 metres in length and 12.2 metres in width, equating to an area of 164.7m². The existing wall height is 2.75 metres tapering to a ridge height of 4.2 metres. The structure is set back 26.4 metres from the side (western) boundary and 27.7 metres from the side (eastern) boundary. The landowners installed a 'patio' addition on the side of the outbuilding approximately 15 metres in length by 2.5 metres in width without the required building permit, however will formalise the structure in the event of a favourable outcome for this application.

At the June 2015 Concept Forum, Administration presented a discussion paper to Council seeking direction for processing proposals of this nature. It was indicated that such proposals can be processed as a 'Use Not Listed (Outbuilding)' and the application determined on its merits.

A location plan, aerial image and copy of the applicant's proposal are provided as **Appendix 1**.

COMMENT

Community Consultation

The proposal was not advertised to surrounding landowners as the outbuilding (use not listed) is existing and adjoining properties will be unaffected by the outcome of this application.

PLANNING FRAMEWORK

Local Planning Scheme No. 9 (LPS 9)

The subject lot is zoned Rural Living under LPS 9, the objectives of which are to:

- a) *Protect the rural environment and landscape;*
- b) *Accommodate single dwellings at very low densities on individual allotments beyond the urban areas;*
- c) *Restrict and limit the removal of natural vegetation and encourage revegetation where appropriate;*
- d) *Prevent threats to the amenity of the zone and impacts on wildlife and native vegetation caused by the grazing of livestock;*
- e) *Avoid increased fire risk to life and property through inappropriately located and designed land use, subdivision and development; and*
- f) *Provide a suitable level of physical and community infrastructure.*

Clause 3.4.2 of LPS 9 outlines the process in dealing with uses not listed in the Zoning Table:

3.4.2 *If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may –*

- a) *determine that the use is consistent with the objectives of the particular zone and is therefore permitted;*

- b) *determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of the clause 9.4 in considering an application for planning approval; or*
- c) *determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.*

The proposal satisfies Table 2 – Site Requirements of LPS 9 in that the structure is setback greater than 20 metres from all lot boundaries. The proposal is consistent with the objectives of the Rural Living zone, subject to a dwelling being built.

Applicant's Justification

"This information is attached to support the application for outbuilding retention at Lot 101 (432) Nicklaus Avenue, Woodridge.

The intention once the subdivision is approved was and still is to market and sell the 5 acres with the residential dwelling already upon it. (Plan 2)

There has never been any intention to reside on the 5 acres with the outbuildings upon it "as is". (Plan 1)

Once the subdivision is approved and the house on plan 2 sold, plans to build a new dwelling (plan 1) which will be approximately 100m south of the outbuilding will be submitted to Council for approval.

The outbuilding to approved plan has an open ended lean to attached on the southern side and is used for animal feed and shelter.

We await your instructions in order to approve the subdivision and our plans for the future."

Further Comments

The applicant has advised that their intention is to build a dwelling on survey-strata Lot 1 to reside in full-time and sell survey-strata Lot 2. It is considered reasonable to allow the landowners to retain the existing outbuilding (use not listed) given the property will contain a single house in the near future.

Given that the ability of the proposal to satisfy LPS 9 is reliant upon a dwelling being constructed, it is recommended that a temporary approval be issued to ensure the landowners follow through on their commitment to build a dwelling on survey-strata Lot 1. In the event that a dwelling is constructed the existing outbuilding (use not listed) can be classified as a traditional outbuilding which is exempt from development approval.

Summary

Administration is of the view that given that the Use Not Listed (Outbuilding) is existing and meets the setbacks required by LPS 9, the landowner should be afforded an opportunity to construct a dwelling on the subject lot thereby making the structure exempt. Condition 7 of the subdivision approval would also be satisfied which would enable the landowners to receive their deposited plans.

VOTING REQUIREMENTS – SIMPLE MAJORITY

RECOMMENDATION

It is recommended that Council, grant Development Approval for a Use Not Listed (Outbuilding) on Lot 101 (432) Nicklaus Avenue, Woodridge, subject to the following conditions:

1. The land use and development shall be in accordance with the approved plans and specifications unless otherwise conditioned by this approval.
2. This Approval is valid for a period of three years from the approval date, after which time the outbuilding is to be removed unless a dwelling has been constructed at the property and is being resided in.
3. The Outbuilding is not to be used for human habitation or any industrial or commercial use.

ADVICE NOTES

- Note 1: If you are aggrieved with the conditions of this approval you have the right to request the State Administrative Tribunal (SAT) review the decision, under Part 14 of the *Planning and Development Act 2005*.
- Note 2: Where an approval has lapsed, no development may be carried out without further approval of the local government having first been sought and obtained.
- Note 3: Further to this approval, the applicant is required to submit working drawings and specifications to comply with the requirements of the *Building Act 2011* with respect to the patio addition, which are to be approved by the Shire of Gingin;
- Note 4: This planning approval shall not be construed as an approval or support of any kind for any other planning related application (including subdivision) on the subject land.

RESOLUTION

Moved Councillor Elgin, seconded Councillor Peczka that Council, grant Development Approval for a Use Not Listed (Outbuilding) on Lot 101 (432) Nicklaus Avenue, Woodridge, subject to the following conditions:

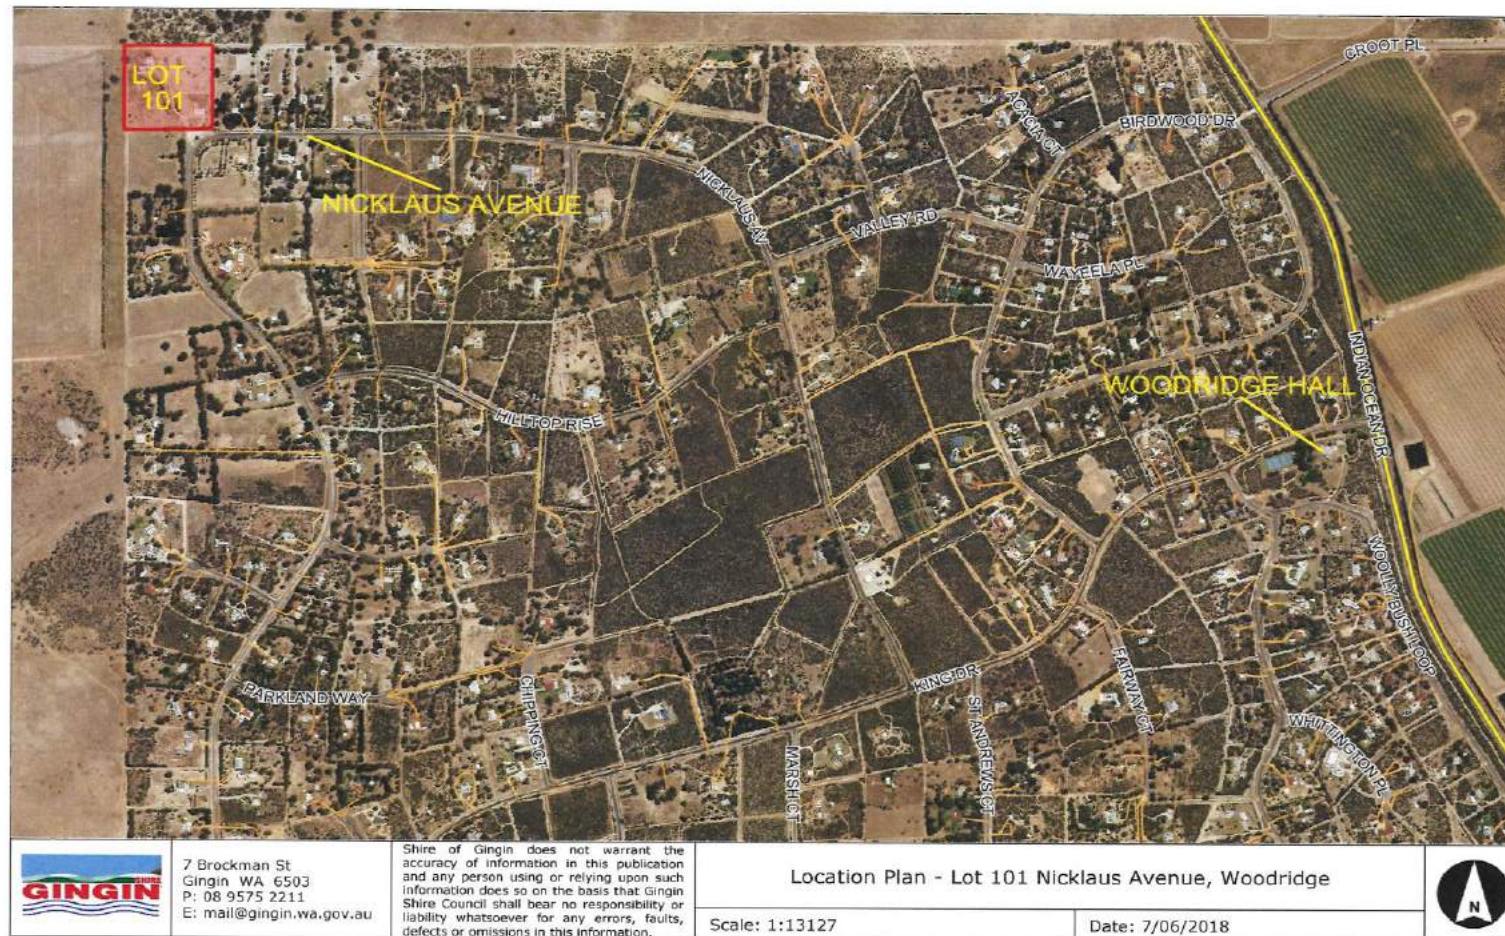

- 1. The land use and development shall be in accordance with the approved plans and specifications unless otherwise conditioned by this approval.**
- 2. This Approval is valid for a period of three years from the approval date, after which time the outbuilding is to be removed unless a dwelling has been constructed at the property and is being resided in.**
- 3. The Outbuilding is not to be used for human habitation or any industrial or commercial use.**

ADVICE NOTES

- Note 1:** If you are aggrieved with the conditions of this approval you have the right to request the State Administrative Tribunal (SAT) review the decision, under Part 14 of the *Planning and Development Act 2005*.
- Note 2:** Where an approval has lapsed, no development may be carried out without further approval of the local government having first been sought and obtained.
- Note 3:** Further to this approval, the applicant is required to submit working drawings and specifications to comply with the requirements of the *Building Act 2011* with respect to the patio addition, which are to be approved by the Shire of Gingin;
- Note 4:** This planning approval shall not be construed as an approval or support of any kind for any other planning related application (including subdivision) on the subject land.

PLANNING
REPORT OFFICER: KYLIE BACON – ACTING EXECUTIVE MANAGER
PLANNING AND DEVELOPMENT
REPORT DATE: 19 JUNE 2018
REFERENCE: NIL

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To consider a proposal to create a homestead lot on Lot 5449 Wannamal Road West, Boonanarring.

BACKGROUND

The subject lot is 1,389.6 hectares in area and is currently used for broad acre agricultural purposes (i.e. cropping and grazing). The proposed subdivision seeks approval to create two separately titled lots, comprising of a homestead lot being 18.5 hectares in area and the balance lot being 1371.1 hectares in area.

A location plan, aerial image and a copy of the proposal are attached as **Appendix 1**.

COMMENT

Community Consultation

Not applicable

PLANNING FRAMEWORK

Local Planning Scheme No. 9 (LPS 9)

The subject lot is zoned General Rural (Uncoded) under LPS 9, the objectives of which are to:

- a) *Manage land use changes so that the specific local rural character of the zone is maintained or enhanced;*

- b) *Encourage and protect broad acre agricultural activities such as grazing and more intensive agriculture activities such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use;*
- c) *Maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage; and*
- d) *Provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the General Rural zone.*

Clause 4.8.6.1 of LPS 9 does not permit subdivision of General Rural (uncoded) land unless the proposal meets the exceptional circumstance requirements for subdivision under the Western Australian Planning Commission (WAPC) Development Control Policy 3.4 Subdivision of Rural Land (DCP 3.4). This will be discussed in more detail below.

In creating an 18.5 hectare lot, the proposed subdivision is not considered to be in keeping with the traditional rural character of large lots being used for broad acre agricultural activities. Furthermore, the lot boundary configuration proposed traverses an area of existing natural vegetation that would require removal/modification to enable the required fencing and firebreak installation to occur.

The balance lot being 1371.1 hectares in area, is able to be used for broad acre agricultural pursuits and the day-to-day operation of the farm is unlikely to change significantly.

DCP 3.4 does provide for circumstances where smaller homestead lot subdivisions may be permitted subject to exceptional circumstances as discussed in further detail below.

Western Australian Planning Commission (WAPC) Development Control Policy 3.4 Subdivision of Rural Land (DCP 3.4)

DCP 3.4 defines a 'homestead lot' as:

"A small lot generally ranging from one to four hectares, but may be up to 20 hectares in size depending on site specific circumstances, which is excised from a larger farm holding for separate occupation, such as by a retiring farmer wishing to remain in an approved existing dwelling."

Exceptional circumstances under which rural subdivision may be considered are:

- (a) *To realign lot boundaries with no increase in the number of lots, where the resultant lots will not adversely affect rural land uses;*
- (b) *To protect and actively conserve places of cultural and natural heritage*
- (c) *To allow for the efficient provision of utilities and infrastructure and/or for access to natural resources;*

- (d) In the Homestead lot policy area (Appendix 2), to allow for the continued occupation of existing homesteads when they are no longer used as part of a farming operation; and*
- (e) For other unusual or unanticipated purposes which, in the opinion of the WAPC, do not conflict with this and other relevant policies and are necessary to the public interest."*

The proposal subject to this report seeks to utilise point d) above. Section 6.6 'Homestead Lots' of DCP 3.4 is provided below with officer comments.

The creation of homestead lots is intended to allow primary producers to continue to occupy their dwelling when they cease to farm, and provide settlement opportunities in areas where land fragmentation is limited and unlikely to increase. Homestead lots are to be created in a manner that is consistent with the rural character and landscape of a locality. Homestead lots may be facilitated through boundary rationalisation or the creation of a new lot. Homestead lots may therefore be created to enable an approved existing house on a rural lot to continue to be occupied provided that:

- (a) The land is in the DC 3.4 Homestead lot policy area;*

The subject land is located within the homestead lot policy area.

- (b) The homestead lot has an area between one and four hectares, or up to 20 hectares to respond to the landform and include features such as existing outbuildings, services or water sources;*

The proposed lot is 18.5 hectares and therefore satisfies the above provision.

- (c) There is an adequate water supply for domestic, land management and fire management purposes;*

The lot configuration has been designed to enable the retention of infrastructure (windmill and bore) associated with servicing the existing dwelling with water for domestic, land management and firefighting purposes.

- (d) The dwelling is connected to a reticulated electricity supply or an acceptable alternative is demonstrated;*

The dwelling is connected to a reticulated electricity supply.

- (e) The homestead lot has access to a constructed public road;*

The proposed lots are both serviced by Wannamal Road West, which is sealed and accessible to the public.

- (f) The homestead lot contains an existing residence that can achieve an appropriate buffer from adjoining rural land uses;*

The adjoining property to the east (Lot 5450 Wannamal Road West, Boonanarring) has approval to operate as a landfill site and composting facility. The existing dwelling within the proposed homestead lot is setback approximately 2.7 kilometres from the neighbouring site and the existing dwelling within the balance lot is setback approximately 500 metres from the neighbouring site. The appropriate buffer distance being 500 metres is therefore satisfied.

(g) A homestead lot has not been excised from the farm in the past;

The Shire records indicate no homestead lot has been excised from the parent lot previously.

(h) the balance lot is suitable for the continuation of the rural land use, and generally consistent with prevailing lot sizes, where it can be shown that this is consistent with the current farming practices at the property; and

The balance lot being 1,371.1 hectares is large enough to continue operating for broad acre agricultural purposes (i.e. cropping and grazing). The provision of a homestead lot will not impede the ability of the balance lot to continue operating as is and remains a similar size as surrounding lots.

(i) The dwelling on a homestead lot must be of a habitable standard and may be required to be certified as habitable by the local government.

The existing dwelling is currently being resided in and is of a habitable standard.

Based on the above information the proposed subdivision is deemed to satisfy DCP 3.4 with respect to homestead lot provisions.

Further comments

Notwithstanding the above assessment, Administration is of the view that the lot configuration is undesirable in that it traverses existing native vegetation. In the event subdivision approval is granted the landowners will be required to install fencing along the property boundary and to comply with the Shire's Firebreak Order which will involve installing a 3 metre wide firebreak on either side of the newly constructed fence. This will involve the clearing of existing vegetation that can be retained simply by realigning the lot boundary further to the west.

Summary

In view of the above assessment, Administration is of the view that the proposed subdivision meets the exceptional circumstance provisions for homestead lots as provided in the WAPC's Development Control Policy 3.4 - Subdivision of Rural Land. The proposal is therefore supported in this regard, however it is also recommended that the Shire's advice to the WAPC include a recommendation to re-align the eastern lot boundary further to the west to avoid the existing vegetation onsite.

DEPARTMENT OF PLANNING, LANDS AND HERITAGE	
DATE 26-Apr-2018	FILE 156581

The Secretary
Western Australian Planning Commission
Locked Bag 2506
PERTH WA 6001

Dear Sir/Madam

**APPLICATION FOR APPROVAL OF SUBDIVISION
PROPOSED RURAL SUBDIVISION (HOMESTEAD LOT)
LOT 5449 (NO.1960) WANNAMAL ROAD WEST, BOONANARRING
SHIRE OF GINGIN**

We act on behalf of ST Spatial Consulting Surveyors and refer to the application for approval of subdivision lodged with the Commission for the creation two (2) rural lots on Lot 5449 (No.1960) Wannamal Road West, Boonanarring for the purpose a creating a 'homestead lot'.

BACKGROUND

1. Lot 5449 is a rural landholding located within the eastern extremities of the Shire of Gingin, approximately 21 kilometres north of the Gingin Townsite, along the northern boundary of the Wannamal Road West road reserve.
2. The land comprises a total area of approximately 1,389.6905 hectares and has direct frontage and access to Wannamal Road West along its southern boundary (see Figure 1 – Aerial Site Plan).
3. Lot 5449 has been partly cleared, is currently used for broadacre agricultural purposes (i.e. cropping & grazing) and comprises some large scattered stands of natural vegetation throughout (see Figure 1 – Aerial Site Plan).
4. The land contains a number of physical improvements associated with its current rural use including a single detached dwelling, sheds, dams, internal access tracks and boundary fencing (see Figures 1 & 2).

PROPOSED SUBDIVISION

5. The subdivision application is seeking approval to subdivide Lot 5449 (No.1960) Wannamal Road West, Boonanarring to create two (2) new separately titled lots (i.e. one homestead-type lot comprising an existing single detached dwelling located in the south-western corner of the property and one balance-of-title rural lot).
6. Specific details of the proposed subdivision are shown on the attached subdivision plan and summarised in the following table:

Lot Particulars	Existing Land Area (Approx.)	Proposed Land Area (Approx.)
Existing Lot 5449	1,389.6905 ha	-
Proposed Lot 1 ('Balance-of-Title Rural Lot')	-	1,371.1165 ha
Proposed Lot 2 ('Homestead Lot')	-	18.574 ha

CF Town Planning & Development

7. The subject landholding has been identified by the Department of Fire and Emergency Services (DFES) as being located within a designated 'Bushfire Prone Area'. In light of the DFES designation, a 'Bushfire Attack Level' (BAL) assessment has been prepared in support of the proposed subdivision on the land.

Figure 1 – Aerial Site Plan

Figure 2 – Existing homestead & outbuildings on subject land

STATUTORY REQUIREMENTS

Shire of Gingin Local Planning Scheme No.9

8. Lot 5449 is currently classified 'General Rural' zone in the Shire of Gingin's current operative Local Planning Scheme No.9 (LPS No.9). It is significant to note that under terms of LPS No.9, the land is uncoded.
9. Council's stated objectives for land classified 'General Rural' zone under LPS No.9 are as follows:
 - a) *manage land use changes so that the specific local rural character of the zone is maintained or enhanced;*
 - b) *encourage and protect broad acre agricultural activities such as grazing and more intensive agricultural activities such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use;*
 - c) *maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage; and*
 - d) *provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the General Rural zone.*
10. Clause 4.8.6.1 of LPS No.9 states that where land classified 'General Rural' is uncoded, that further subdivision will not be supported unless it meets the exceptional circumstance requirements for subdivision under Western Australian Planning Commission Development Control Policy No.3.4 No.DC3.4).
11. This application will allow for the retention of the existing single detached dwelling in its southern portion enabling the current occupant to continue residing on the land (i.e. homestead lot) while allowing the balance portion of the property to continue to be used for broadacre agricultural purposes. As such it is contended the proposed subdivision is generally consistent with the objectives of the land's current 'General Rural' zoning classification in LPS No.9 and may therefore be considered under the Commission Policy No.DC3.4.

Western Australian Planning Commission Development Control Policy No.DC3.4 – Subdivision of Rural Land

12. The Western Australian Planning Commission's (WAPC's) Development Control Policy No.DC3.4 provides guidance on the matters to be considered by the Commission when determining applications for the subdivision of rural land throughout Western Australia. A key objective of Policy No.DC3.4 is to minimise the ad-hoc fragmentation of rural land throughout the State.
13. Despite the aforementioned point, it is noted that the further subdivision of agricultural land is generally not supported by the WAPC, however Section 6.6 of Policy No.DC3.4 enables the subdivision of rural land for the purpose of creating a 'homestead lot' subject to compliance with the criteria prescribed under Section 6.6 of the Policy. As such, the following details are provided of the subdivision proposal in the context of the relevant criteria set out in Section 6.6 of Policy No.DC3.4:

a) The land is in the DC3.4 Homestead lot policy area.

The subject land is located within the 'Homestead policy area' identified in Appendix 2 of the Commission's Policy No.DC3.4.

- b) *The homestead lot has an area between one and four hectares, or up to 20 hectares to respond to the landform and include features such as existing outbuildings, services or water sources.*

The proposed new homestead lot will comprise an area of 18.574 hectares, which is below the 20 hectare maximum permitted area for a homestead lot. In addition, the size and configuration of the proposed homestead lot has due regard for the location of the existing dwelling, associated outbuildings and various services (see Figure 2)

- c) *There is an adequate water supply for domestic, land management and fire management purposes.*

The subject land comprises a bore, rain water tanks and various dams to provide an adequate water supply and storage for domestic, land management and fire management purposes. Figure 3 illustrates the existing water tanks located within the proposed homestead lot.

Figure 3 – Water tanks

- d) *The dwelling is connected to a reticulated electricity supply or an acceptable alternative is demonstrated.*

The subject land is connected to a reticulated electricity supply. The dwelling also comprises a Telstra connection.

- e) *The homestead lot has access to a constructed public road.*

The subject land has direct frontage and access to Wannamal Road West along its southern boundary, which is constructed (i.e. sealed) to a rural standard (see figure 4). It is significant to note that the proposed homestead lot will utilise an existing access point along Wannamal Road West.

Figure 4 – Wannamal Road West road reserve

- f) The homestead lot contains an existing residence that can achieve an appropriate buffer form adjoining rural land uses.**

A number of large stands of vegetation are located between the proposed homestead lot and the existing rural activities within the eastern and northern parts of Lot 5449 and on the adjoining property to the west (see Figures 1 & 2). It is contended that the stands of vegetation provides an adequate buffer between the proposed homestead lot and the rural activities within the immediate locality.

- g) A homestead lot has not been excised from the farm in the past.**

A review of the cadastral boundaries of Lot 5449 indicates that a homestead lot has not been excised from the landholdings in the past.

- h) The balance lot is suitable for the continuation of the rural land use, and generally consistent with prevailing lot sizes, where it can be shown that this is consistent with the current farming practices at the property.**

The balance portion of land comprises 1,371.1155 hectares and currently contains the main rural activities being undertaken on the property. It is contended that the proposed homestead lot will not restrict or alter the continuation of rural activities on the balance portion of land. Furthermore the proposed rural lot is consistent with the prevailing lot sizes within the immediate locality.

- i) The dwelling on a homestead lot must be of a habitable standard and may be required to be certified as habitable by the local government.**

Lot 5449 currently comprises an existing our (4) bed, one (1) bath single detached dwelling with a garage. The dwelling is currently being occupied, is of sound condition and is therefore habitable.

14. Given the above findings, it is contended that the proposed subdivision is consistent with the criterion outlined in Section 6.6 of WAPC Policy No.DC 3.4 and my therefore be approved by the Commission.

CF Town Planning & Development

CONCLUSION

It is concluded that the proposed subdivision of Lot 5449 (No.1960) Wannamal Road West, Boonarraring to create a 'homestead lot' is:

- i) unlikely to compromise the objectives for land classified 'General Rural' zone in the Shire of Gingin's current operative Local Planning Scheme No.9;
- ii) consistent with the criteria and general requirements of the WAPC's Development Control Policy Nos.DC3.4; and
- iii) capable of being implemented in a proper and orderly manner.

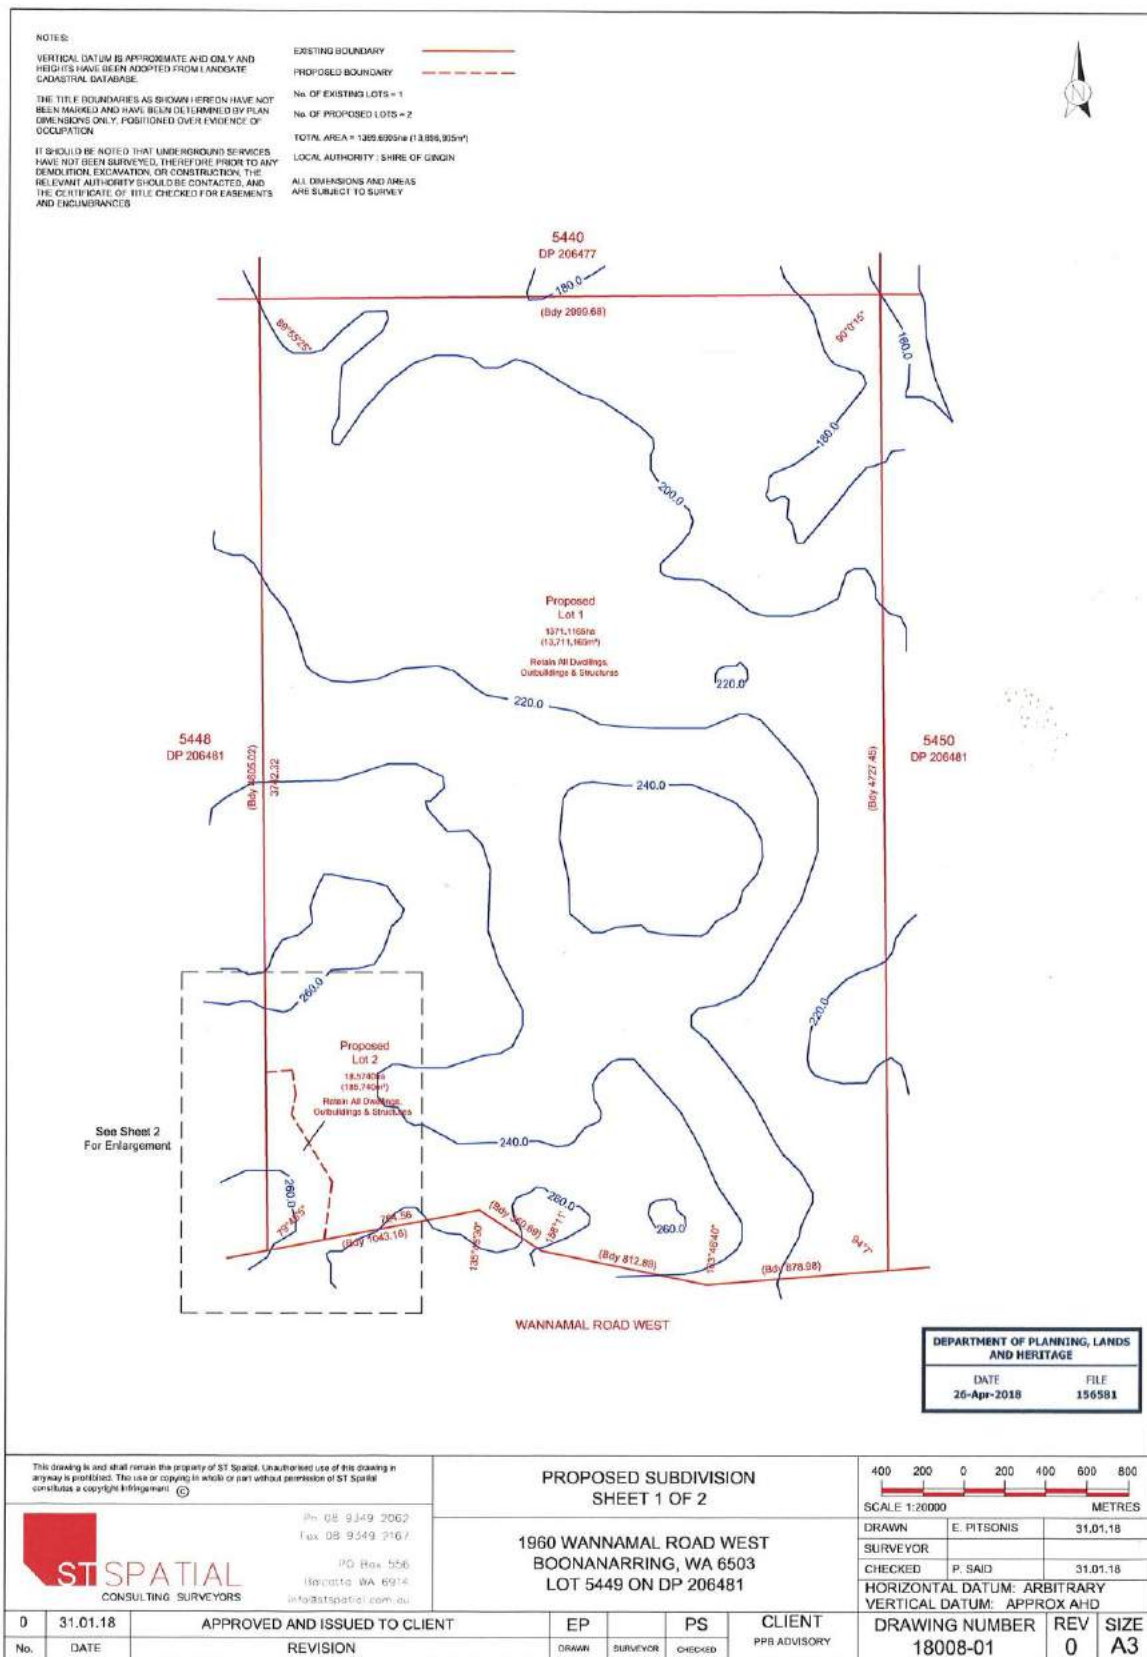

In light of the above, we respectfully request the Commission's favorable consideration and approval of the Application for Approval of Subdivision for the creation of two (2) separately title lots on Lot 5449 (No.1960) Wannamal Road West, Boonarraring in accordance with the plans prepared in support of the application.

Should you have any queries or require any additional information regarding any of the matters raised above please do not hesitate to contact me on 0407384140 or carlof@people.net.au.

Yours faithfully,

Carlo Famiano

Bushfire Management Plan Coversheet

This Coversheet and accompanying Bushfire Management Plan has been prepared and issued by a person accredited by Fire Protection Association Australia under the Bushfire Planning and Design (BPAD) Accreditation Scheme.

Bushfire Management Plan and Site Details

Site Address / Plan Reference: Lot 5449 (1960) Wannamal Road West

Suburb: Boonanarring

State: WA

P/code: 6503

Local government area: Gingin

Description of the planning proposal: 2 lot rural subdivision (homestead lot)

BMP Plan / Reference Number: 18-003

Version: A

Date of Issue: 22/04/2018

Client / Business Name: J Herbert

Reason for referral to DFES

Has the BAL been calculated by a method other than method 1 as outlined in AS3959 (tick no if AS3959 method 1 has been used to calculate the BAL)?

Yes ☐ No ☒

Have any of the bushfire protection criteria elements been addressed through the use of a performance principle (tick no if only acceptable solutions have been used to address all of the BPC elements)?

Yes ☐ No ☒

Is the proposal any of the following special development types (see SPP 3.7 for definitions)?

Unavoidable development (in BAL-40 or BAL-FZ)

Yes ☐ No ☒

Strategic planning proposal (including rezoning applications)

Yes ☐ No ☒

Minor development (in BAL-40 or BAL-FZ)

Yes ☐ No ☒

High risk land-use

Yes ☐ No ☒

Vulnerable land-use

Yes ☐ No ☒

If the development is a special development type as listed above, explain why the proposal is considered to be one of the above listed classifications (E.g. considered vulnerable land-use as the development is for accommodation of the elderly, etc.)?

Note: The decision maker (e.g. local government or the WAPC) should only refer the proposal to DFES for comment if one (or more) of the above answers are ticked "Yes".

Lot 5449 Wannamal Road West, Boonanarring

Executive Summary

This bushfire management plan has been prepared to support the proposed subdivision application for Lot 5449 Wannamal Road West, Boonanarring. The subject land is located approximately 20kms north of the Gingin townsite. It is situated 5kms east of the Brand Highway.

The subject land area of 1389.57hectares with a frontage of approximately 3kms to Wannamal Road West and it has a depth of 4.6kms.

The land is a mixture of cleared grazing land, remnant vegetation, pine plantation and pecan trees. There are two existing houses and a number of associated outbuildings and improvements.

It is proposed to create a 'homestead lot' for one of the existing dwellings and this will have an area of 18 hectares. The proposed subdivision recognises the existing dwellings and there will not be any new dwellings. Hence there is no increased development intensity or any increased bushfire risk.

The subdivision complies with the Bushfire Protection Criteria noting that these do not apply retrospectively. The requirements for a 3m boundary firebreak and a 20m asset protection zone are also reflected in Council's Firebreak Order.

In the event that a new dwelling is constructed on either lot there is sufficient land for this to be located in an area which is not designated as being bushfire prone. Potentially additional fire management measures can also be applied to any future dwelling.

The proposal complies with the objectives of State Planning Policy SPP3.7 Planning in Bushfire Prone Areas as:

- ❖ There is no increase in the threat of bushfire to people, property and infrastructure;
- ❖ The bushfire hazard and risks have been identified and assessed in this report.
- ❖ The proposed subdivision complies with the Bushfire Protection Criteria.
- ❖ There is an appropriate balance between bushfire risk management and environmental measures as there is no proposed clearing of vegetation.

The installation and maintenance of the fire management measures is primarily the responsibility of the landowner. The implementation measures in this report should not be construed to assure total bush fire protection and do not guarantee that a building will not be damaged in a bush fire. The severity of a bush fire will depend upon the vegetation fuel loadings; the prevailing weather conditions and the implementation of appropriate fire management measures.

Disclaimer

The measures contained in this report do not guarantee that a building will not be damaged in a bushfire. The ultimate level of protection will be dependent upon the design and construction of the dwelling and the level of fire preparedness and maintenance under taken by the landowner. The severity of a bushfire will depend upon the vegetation fuel loadings; the prevailing weather conditions and the implementation of appropriate fire management measures.

Lot 5449 Wannamal Road West, Boonanarring

1.0 Proposal Details**1.1 Introduction**

This bushfire management plan has been prepared to support the proposed subdivision application for Lot 5449 Wannamal Road West, Boonanarring. The location and context of the site is shown in Figure 1 and the details of the subject land are documented in Table 1.

The subject land is located approximately 20kms north of the Gingin townsite. It is situated 5kms east of the Brand Highway.

Table 1 Land Details

Lot	Plan	Vol	Folio	Registered Proprietor	Area(ha)
5449	206481	1379	374	JL Herbert	1389.57

Part of the subject land has been designated as being bushfire prone as shown in Figure 2. This designation triggers the consideration of State Planning Policy SPP3.7 Planning in Bushfire Prone Areas in relation to any subdivision application. Clause 6.4 sets out the information to accompany subdivision applications as follows:

- a) a BAL Contour Map to determine the indicative acceptable BAL ratings across the subject site, in accordance with the Guidelines. BAL Contour Maps should be prepared by an accredited Bushfire Planning Practitioner;
- b) the identification of any bushfire hazard issues arising from the BAL Contour Map; and
- c) an assessment against the bushfire protection criteria requirements contained within the Guidelines demonstrating compliance within the boundary of the subdivision site.

Planning Bulletin 111 - 2016 was released in October 2016 to provide improved guidance for the administration of SPP3.7. It states that:

- State Planning Policy 3.7 is the overarching policy for land use planning within bushfire prone areas, and applies to applications for subdivision. This is qualified to refer to subdivisions other than amalgamations or boundary realignments that do not result in the intensification of development **or result in an increased bushfire risk**; and
- The overarching policy intent for Planning in Bushfire Prone Areas is that strategic planning documents or proposals, subdivision and development applications within a bushfire prone area, should demonstrate a Bushfire Attack Level (BAL) of 29 or below.
- The assessment should always contain a level of detail appropriate to the nature and scale of the proposal.

The Guidelines (page 5) state that the policy measures of SPP 3.7 and these Guidelines do not to be applied retrospectively i.e. to existing dwellings.

Lot 5449 Wannamal Road West, Boonanarring

1.2 Existing Conditions

The existing conditions are shown in Figure 3 and the following photographs.

The subject land area of 1389.57 hectares with a frontage of approximately 3kms to Wannamal Road West and it has a depth of 4.6kms.

The land is a mixture of cleared grazing land, remnant vegetation, pine plantation and pecan trees. There are two existing houses and a number of associated outbuildings and improvements. The houses are situated at opposite side of the property with:

- House 1 is on the western side and is setback approximately 200m from the front boundary; and
- House 2 is on the eastern side and is setback approximately 120m from the front boundary.

Each dwelling has a separate access to Wannamal Road West.

The land has very gentle slopes being between 1 and 5 percent. It has an elevation of 180m AHD in the north eastern corner associated with a drainage line. The elevation increases to 260m AHD in the south western corner of the site and also where there are some central rises.

The adjacent lots are of a similar size and also contain a mixture of remnant vegetation, plantations and grazing land. The most significant local feature is the Boonanarring Nature Reserve located opposite the subject land. This is R41805 which has an area of over 8000 hectares and is reserved for flora conservation.

1.3 Firebreak Order

Council's 2017/2018 Firebreak Order requires that on land greater than 8 hectares the following shall be provided:

- ❖ a three metre (3m) wide bare earth cleared firebreak as close as possible to all external boundaries of the property; and
- ❖ a twenty metre (20m) asset protection zone surrounding all buildings, large hay stacks and fuel storage areas.

1.4 Proposed Development

It is proposed to create a 'homestead lot' for House No 1 as shown in Figure 5. This will have an area of 18.57 hectares being approximately 862m deep with a frontage of approximately 278m. House No 1 will be setback more than 100m from the new boundary. All existing buildings are proposed to be retained.

The balance lot containing House No 2 will be 1,371 hectares in size.

The proposed subdivision only recognises the existing dwellings and there will not be any new dwellings. Hence there is no increased development intensity or any increased bushfire risk.

Photo 8

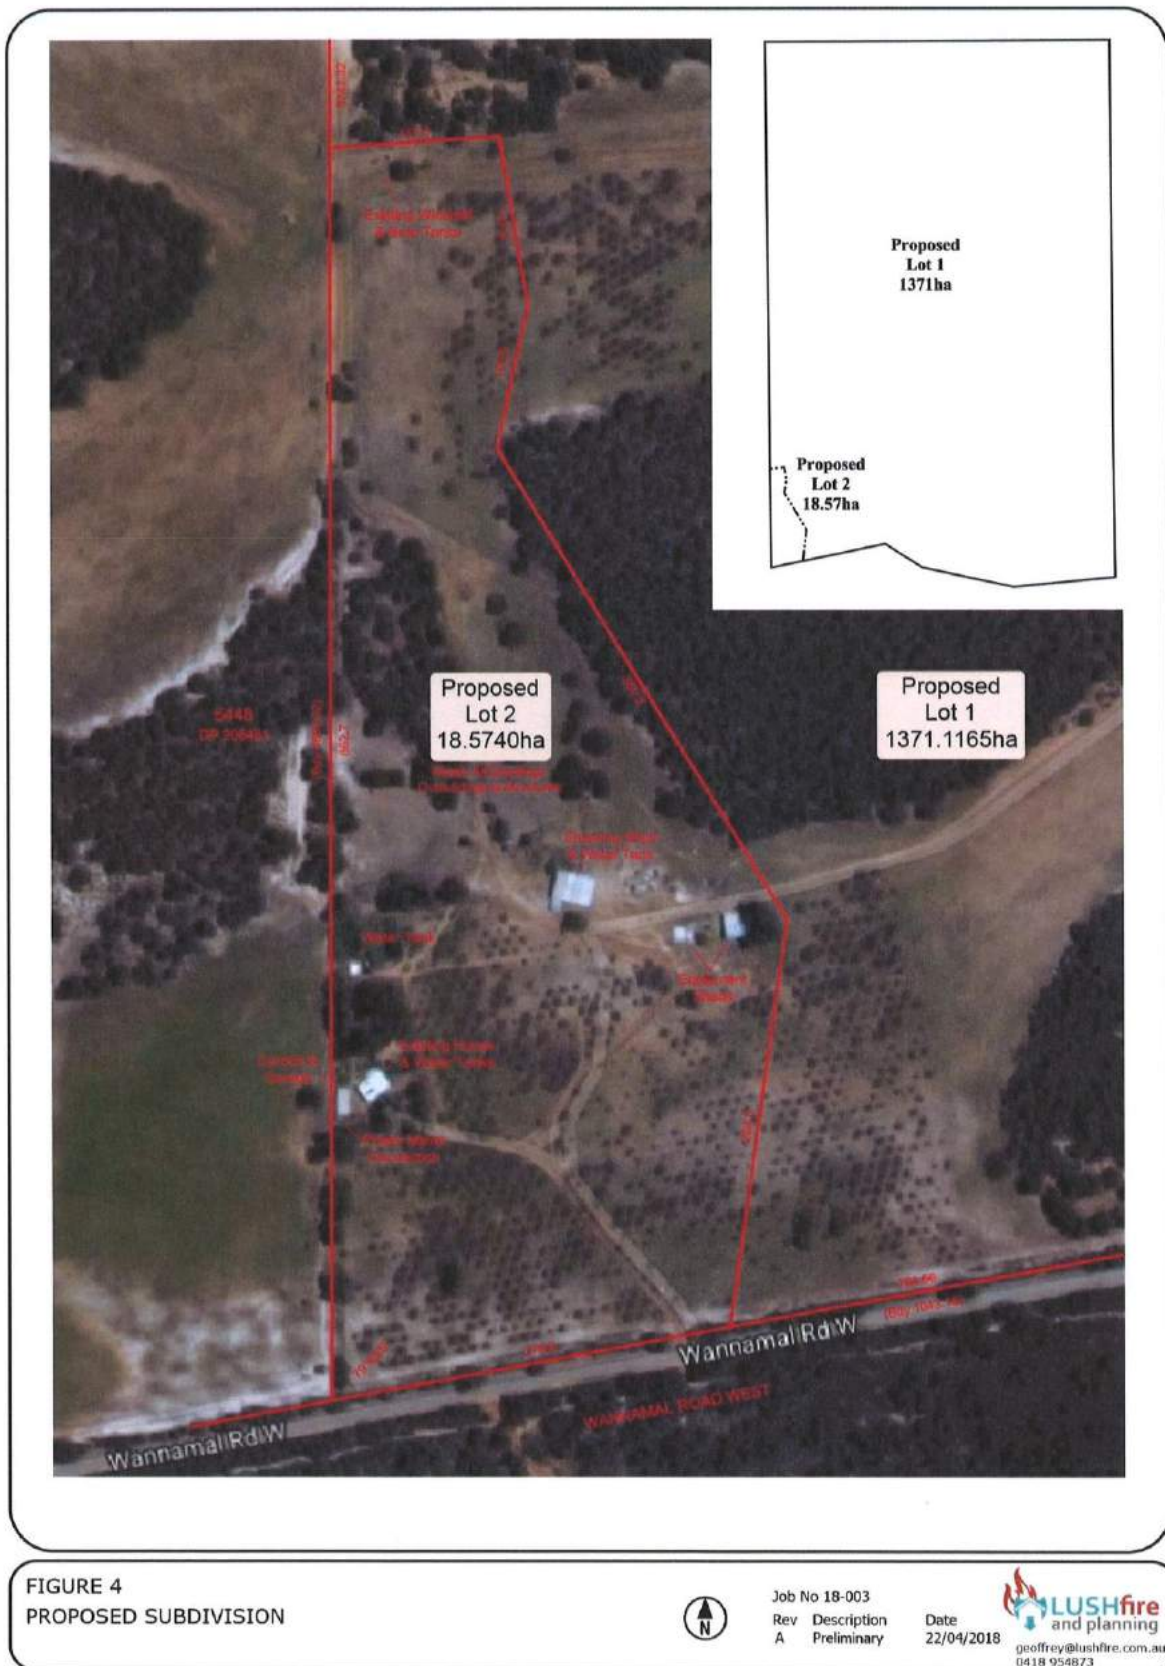

Existing driveway entrance of proposed Lot 2.

Photo 8

Existing dwelling proposed Lot 1.

Lot 5449 Wannamal Road West, Boonanarring**2.0 Environmental Considerations**

There is no proposed clearing of any native vegetation or any re-vegetation or landscaping.

3.0 Bushfire Assessment Results**3.1 Assessment Inputs - Existing Vegetation**

As there is no proposed development / additional house sites the existing vegetation has not been assessed in detail. The bushland areas on both lots are potentially either Class A Forest (Low Open Forest) or Class B Woodland being a Banksia woodland with Eucalypts.

The pine plantations are classified as Class A Forest while the Pecan trees are excluded vegetation. The pasture areas which comprise the majority of the site are classified as Class G Grassland.

3.2 Assessment Outputs - BAL Contour Map

A BAL Contour Map is a plan of the proposed development illustrating the potential radiant heat impacts and associated indicative BAL ratings in reference to any classified vegetation remaining within 150 metres of the assessment area after the development is completed.

As there is no proposed development / additional house sites a BAL Contour Map has not been prepared.

Planning Bulletin No 111 states that where a subdivision is proposed and the building envelope is not known, the BAL assessment should (as a minimum) demonstrate a building envelope can be located on a portion of the lot that is rated as BAL-29 or less. At the development application stage, the development should be located on the portion of the lot with the lowest BAL rating.

In relation to Lot 2, if in the event that a new house is ever built then as shown in Figure 2 there are large areas of the Lot 2 which are not bushfire prone. These areas are more than 100m from any classified vegetation (excluding grassland) and by default these areas have a rating below BAL-29.

Proposed Lot 2 has gentle slopes of less than 5 degrees. As shown in Table 2 a setback distance of 9m would be required to achieve a BAL-29 rating for any new dwelling.

Table 2 Grassland BAL Setbacks

G Grassland	Bushfire Attack Levels (BALs)				
	BAL - FZ	BAL - 40	BAL - 29	BAL - 19	BAL - 12.5
	Distance (m) of the site from the predominant vegetation class				
Flat & Upslopes	< 6	6 - < 8	8 - < 12	12 - < 17	17 - < 50
>0 to 5 degrees	< 7	7 - < 9	9 - < 14	14 - < 20	20 - < 50

Lot 5449 Wannamal Road West, Boonanarring**4.0 Identification of Bushfire Hazard Issues**

The context of the subject land to the surrounding locality is shown in Figure 1.

There are significant areas of remnant vegetation with an extreme bushfire hazard level especially to the south and east of the site. While bushfires occur regularly in the area the proposal is not increasing the level of development or the bushfire risk as no additional dwellings are being constructed.

5.0 Assessment Against the Bushfire Protection Criteria**5.1 Compliance Table**

A summary of the compliance with the Bushfire Protection Criteria is documented in Table 3 noting that the Bushfire Protection Criteria do not apply to the existing dwellings.

Table 3 BPC Compliance

Bushfire protection criteria	Method of Compliance Acceptable solutions / Performance based solution	Compliance	Proposed bushfire management strategies
Element 1: Location	A1.1 Development location	Yes	The proposed lots will have large areas with a BAL-29 or lower rating.
Element 2: Siting and design	A2.1 Asset protection zone (APZ)	Yes	The lots are large enough to contain any APZ within their own boundaries.
Element 3: Vehicular access	A3.1 Two access routes	Yes	Wannamal Road West provides access in two directions.
	A3.2 Public road	N/A	No public roads are being constructed.
	A3.3 Cul-de-sac (including a dead-end-road)	N/A	There are no cul-de-sacs in the development.
	A3.4 Battle-axe	N/A	There are no battle axe legs.
	A3.5 Private driveway longer than 50m is to meet detailed requirements contained within the Guidelines.	Yes	The existing driveways are both longer than 200m being 6m wide with turning areas in proximity to both dwellings.
	A3.6 Emergency access way (EAW)	N/A	There are no proposed EAWs
	A3.7 Fire service access routes (FSAR)	N/A	There are no proposed FSARs
	A3.8 Firebreak width	Yes	Both proposed lots are larger than 0.5 hectares and can be provided with a 3m wide boundary firebreak which is also required under Council's Firebreak Order.

Lot 5449 Wannamal Road West, Boonanarring

Bushfire protection criteria	Method of Compliance Acceptable solutions / Performance based solution	Compliance	Proposed bushfire management strategies
Element 4: Water	A4.1 Reticulated areas	N/A	Not applicable
	A4.2 Non-reticulated areas	N/A	Not applicable
	A4.3 Individual lots within non-reticulated areas.	Yes	Any new dwelling is to have a 10,000L dedicated water supply for fire fighting.

5.2 Additional Management Strategies**5.2.1 Annual Property Maintenance**

Annual property maintenance is an important preparation for the annual fire season. This should focus on the area around the proposed dwelling and the following maintenance works should be considered:

Autumn and Winter (May-August)

- Tree pruning and remove lower branches and check that power lines are clear.
- Clear long grass, leaves, twigs and flammable shrubs.
- Overhaul the emergency water pump, fixtures and hoses.

Spring (September-November)

- Prepare boundary firebreaks.
- Carry out maintenance of strategic firebreak.
- Reduce grass levels within the hazard separation and building protection zones.
- Prune the dead material from the shrubs in the building protection zone.
- Clean out gutters, remove debris from roof.

Early summer (December onwards)

- Re-check personal and home protection gear, screens, water supplies and gutters.
- Keep yards as free as possible from combustible materials, fuels and debris.
- Avoid storing any felled trees and rubbish on your property.
- Remove dead shrubs and avoid long grasses, bracken or neglected masses of tall quick-curing annuals.

5.2.2 Purchaser Advice

All prospective purchasers must be made aware of the fire management issues, measures and responsibilities associated with the subdivision. This includes:

- A notification placed upon the Certificate of Title advising landowners of this bushfire management plan; and
- Providing prospective purchasers with a copy of this bushfire management plan.

5.2.3 Survival Plan

Before the start of the fire season landowners need to decide what to do in the event of a bushfire. Based upon the "Prepare, Act, Survive" program landowners need to:

- Prepare residents by knowing the risk from bushfire and having a bushfire survival plan.
- Acting on the Fire Danger Ratings and associated triggers; and

Lot 5449 Wannamal Road West, Boonanarring

- Surviving by monitoring conditions if a fire starts and knowing the bushfire warning alert levels.

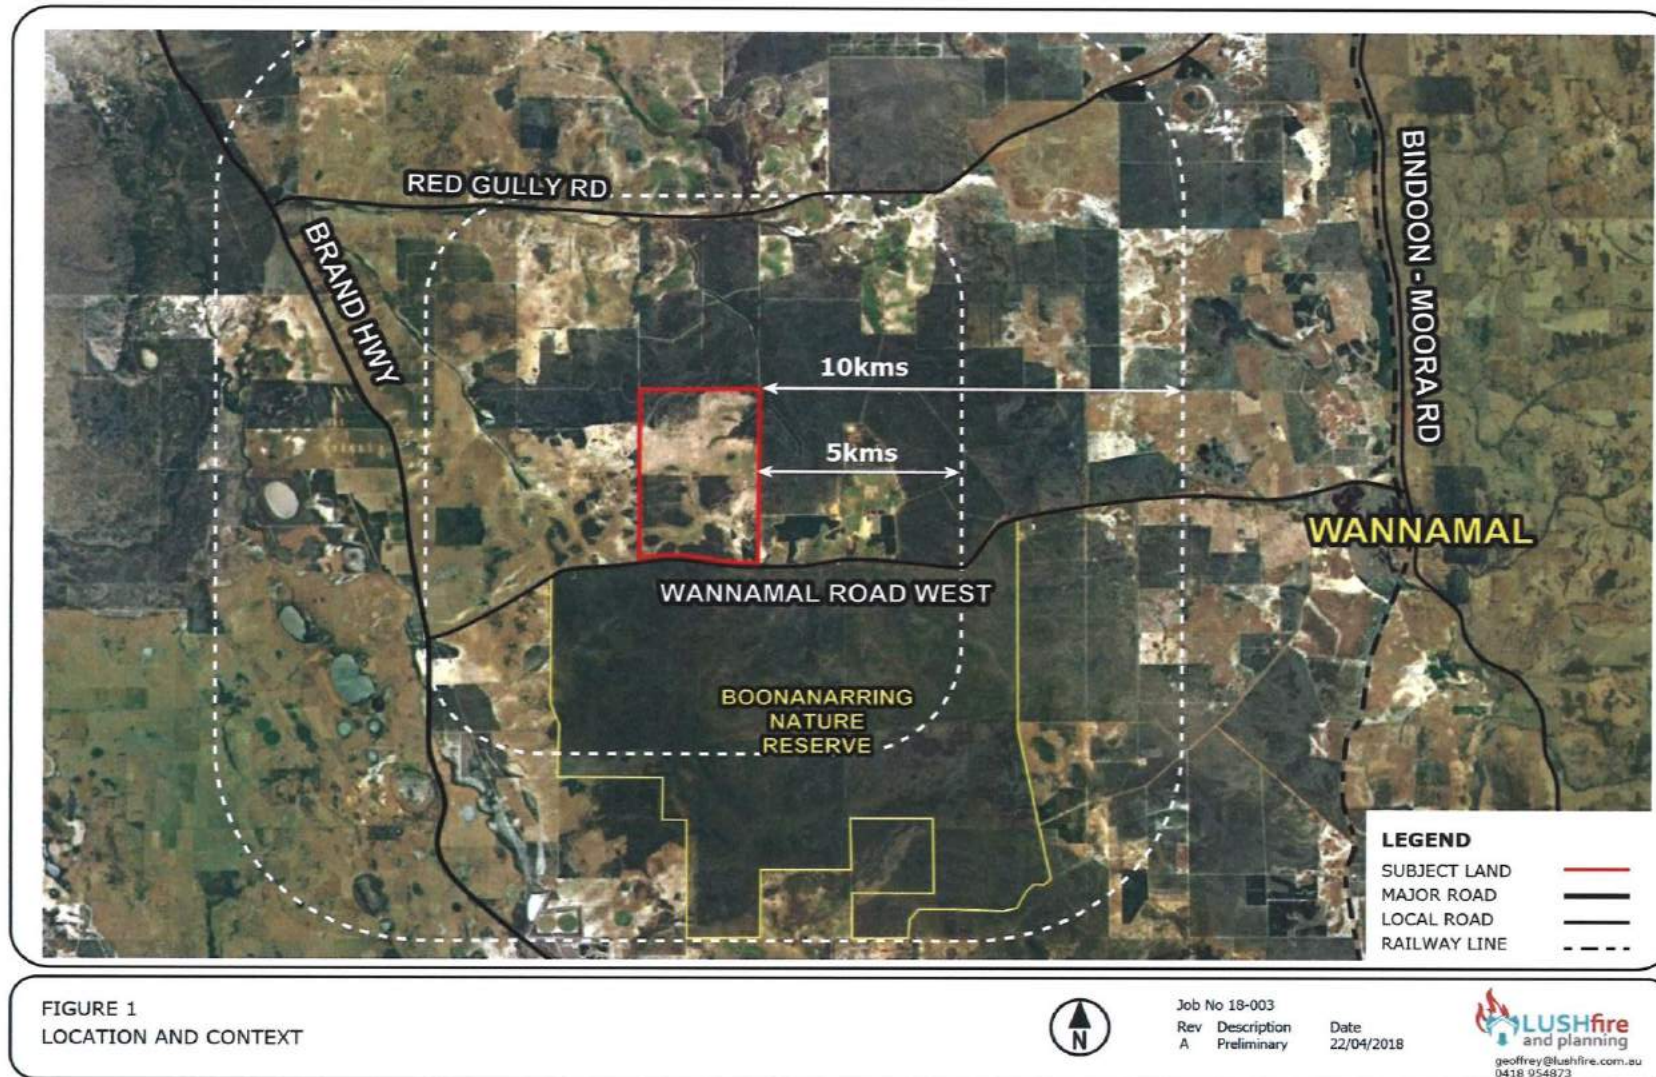

A Bushfire Survival Plan can help landowners make important decisions about what to do during a fire - like when to leave, what to take and what to do with animals. Further information regarding the preparation of a plan can be found at www.areyouready.wa.gov.au.

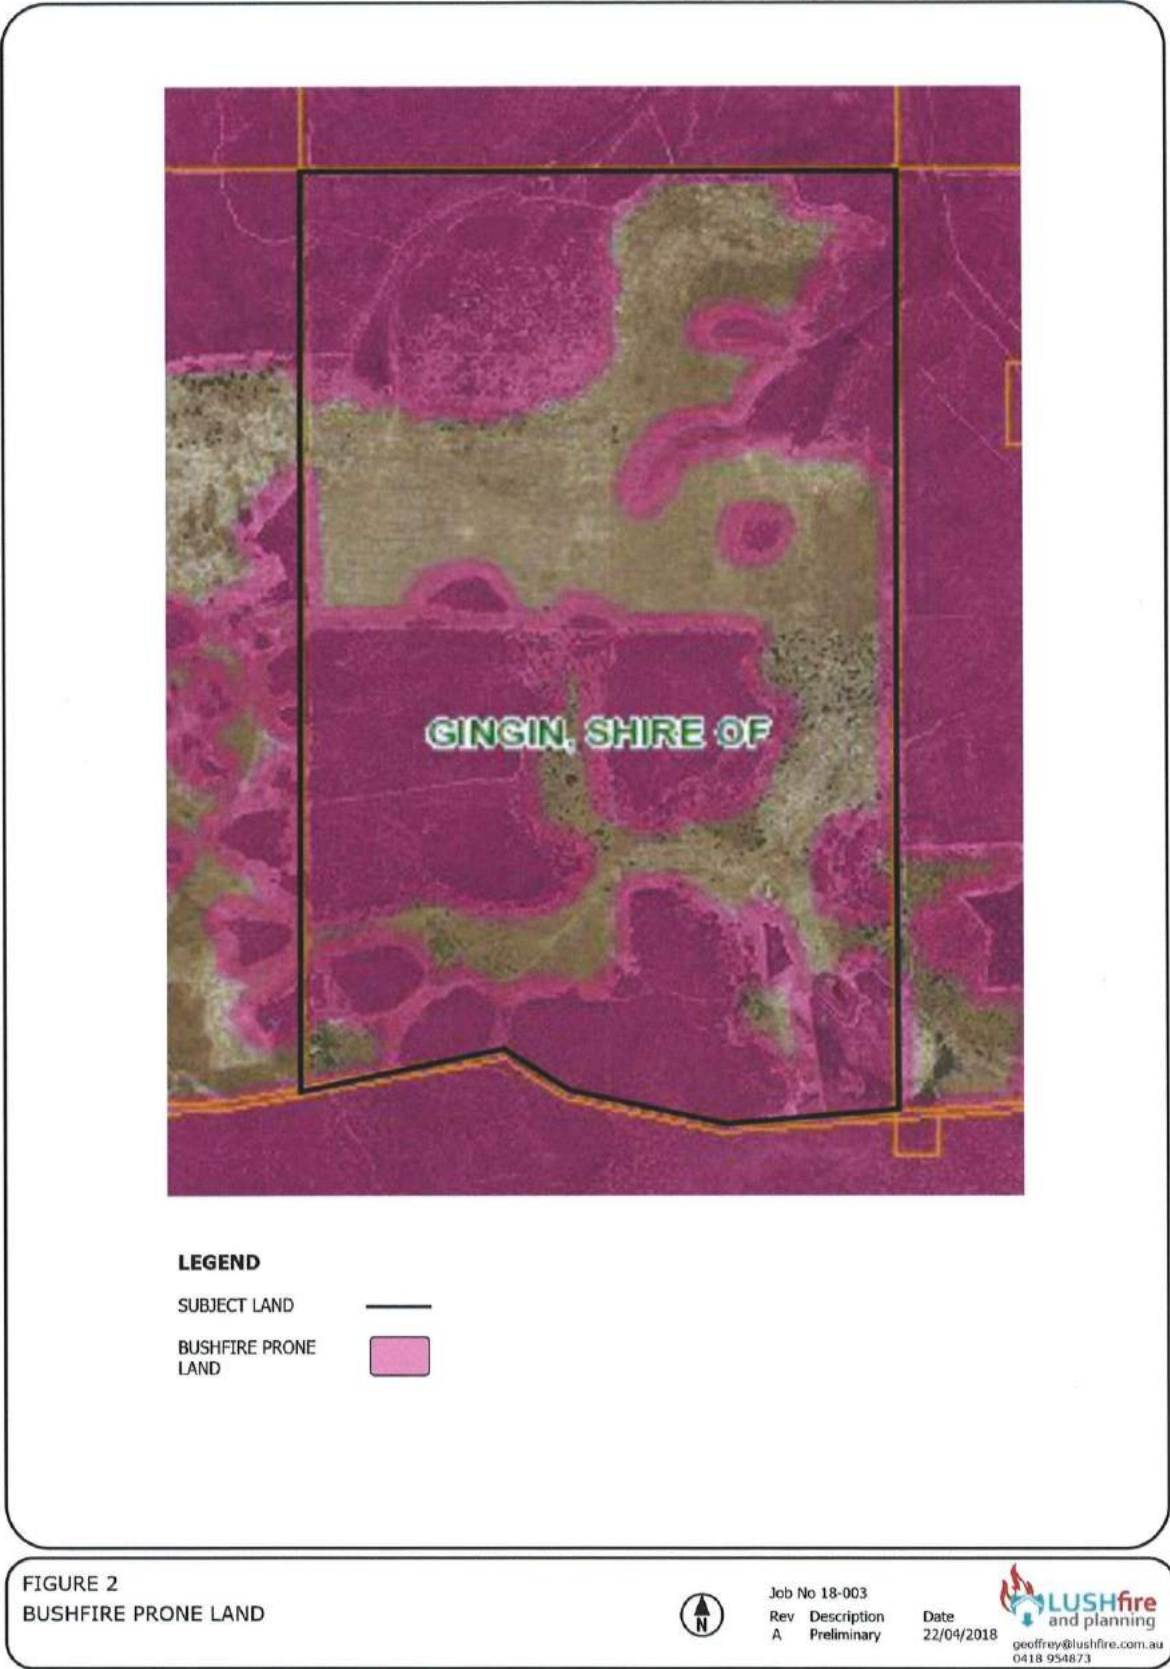

Lot 5449 Wannamal Road West, Boonanarring**6.0 Responsibilities for the Implementation and Management of the Bushfire Measures**

The management of the risk posed by bushfires is a shared responsibility between landowners, government and industry. These responsibilities are summarised in Table 4 noting that they will apply to any future dwelling which may be constructed on either lot.

Table 4 Implementation

No	MANAGEMENT ACTION	TIMING
1.0 Developer Prior to Issue of Titles		
1.1	Preparing a notification be included on the certificate of titles advising that the land is subject to a Bushfire Management Plan.	Subdivision
2.0 Developer Prior to Sale		
2.1	Providing prospective purchasers with a copy of this BMP	Sale
3.0 Landowner - Any future dwelling		
3.1	Siting any future dwellings so as to have a maximum BAL-29 rating.	Future Dwelling construction
3.2	Undertaking a BAL assessment, where the dwelling is located on bushfire prone land.	Future Dwelling construction
3.3	Maintaining the vegetation within the BAL setback as an asset protection zone / low threat vegetation/low fuel zone as defined in Clause 2.2.3.2 of AS3959.	Future Dwelling construction
3.4	Where a driveway is more than 50m in length it shall be 4m wide with a 3.6m wide gate and a turnaround area suitable to a fire appliance provided within proximity to the dwelling.	Future Dwelling construction
3.5	Providing a 10,000L static water supply tank for firefighting with: a) A 50mm male camlock couplings with full flow valves; b) The fittings positioned at the base of the tank so that the total tank capacity is available for firefighting purposes at any time; c) An adequate hard standing access must also be provided adjacent to such connection/s and must be readily identifiable; and d) A nonelectric firefighting pump (normally 5.5hp) with sufficient hose to protect the dwelling and the surrounding low fuel zone.	Future Dwelling construction
4.0 Landowner - Existing Dwellings		
4.1	Providing and maintaining a 3m wide boundary firebreak on both lots.	Commencement of fire season
4.2	Providing a 20m wide asset protection zone around each dwelling.	Commencement of fire season
4.3	Undertaking regular maintenance of their property in preparation for the annual fire season.	Ongoing
4.4	Ensuring that all fire mitigation measures shall be completed by the date prescribed in Council's Firebreak Notice	Commencement of fire season
4.5	Preparation of a bushfire survival plan.	Commencement of fire season
5.0 Local Government		
5.1	Ensuring compliance with building and land use planning provisions.	Ongoing
5.2	Ensuring compliance with its annual Firebreak Notice.	Ongoing

11.3.3 APPLICATION FOR DEVELOPMENT APPROVAL - PROPOSED TRAINING ACCOMMODATION FACILITY ON LOT 4229 INDIAN OCEAN DRIVE, NILGEN

FILE: BLD/6930
APPLICANT: DEPARTMENT OF DEFENCE

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To consider an Application for Development Approval for a proposed Training Accommodation Facility on Lot 4229 Indian Ocean Drive, Nilgen.

BACKGROUND

The subject site is located approximately 8 kilometres north of the Lancelin townsite and is currently used by the Department of Defence (DoD) for military training purposes. It should be noted the proposed facility will be used temporarily by defence personnel during training exercises and is not intended to be occupied full time.

The training facility consists of transportable buildings adapted to cater for the following:

- Sleeping quarters for up to ten personnel;
- Kitchen/mess hall; and
- Shower and ablutions (x3)

The transportable buildings have a wall height of 2.4 metres and a ridge height of 2.7 metres and are setback approximately 500 metres from the nearest boundary. The buildings are new and deemed to be aesthetically acceptable.

Council's consideration is required as Administration does not have delegated power to determine applications on Crown land.

A location plan and a copy of the applicant's proposal are attached as **Appendix 1**.

COMMENT

Community Consultation

The application was not advertised to adjoining landowners as the development is setback 500 metres from the nearest lot boundary and no impact to adjoining land is anticipated as a result of the development. This notwithstanding, the land to the south (nearest property boundary) is the Nilgen Nature Reserve that is not occupied.

Planning Framework

Local Planning Scheme No. 9 (LPS 9)

The subject lot is zoned 'Public Use: Defence Purposes' under LPS 9. In accordance with Clause 2.5.2 of the scheme, "Use and Development of Local Reserves", the following is to be considered:

"Clause 2.5.2

In determining an application for planning approval the local government is to have due regard to –

- a) The matters set out in clause 67 of the deemed provisions; and*
- b) The ultimate purpose intended for the Reserve.*

Table 2 - Site Requirements (Setbacks)

The development is setback approximately 500 metres to the nearest property boundary which is to the south. The application complies with LPS 9 with respect to setbacks.

Planning and Development (Local Planning Scheme) Regulation 2015 (Deemed Provisions)

As per clause 2.5.2 of LPS 9, the application is to have due regard to the matters set out in Clause 67 of the deemed provisions which states:

"In considering an application for development approval the local government is to have due regard to the following matters to the extent that, in the opinion of the local government, those matters are relevant to the development the subject of the application."

In this instance the relevant matters are outlined below:

"In the case of land reserved under this Scheme, the objectives for the reserve and the additional and permitted uses identified in this Scheme for the reserve"

The subject lot is designated for 'Public Use – Defence Purposes'. The proposal is designed to cater for defence personnel during training exercises and is deemed to satisfy the intended purposes of the reserve.

“The compatibility of the development with its setting including the relationship of the development to development on adjoining land or on other land in the locality including, but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the development”

Given the isolation of the development area the likely effect of the proposal is negligible. The facility cannot be viewed from adjoining properties nor will it have any impact on current or future use of adjoining land.

Public Works and Development by Public Authorities

The *Planning and Development Act 2005* under section 6, exempts a ‘public authority’ from requiring development approval under the relevant local planning scheme in cases where the development is considered to be ‘public works’ as defined within the *Public Works Act 1902*.

The DoD is considered to be a ‘department of the public service’ which constitutes a public authority, therefore enabling an exemption as outlined above. The proposed development does not however fit comfortably within the definition of what constitutes a ‘public work’ and therefore an exemption is not able to be applied in this instance.

State Planning Policy 3.7 – Planning in Bushfire Prone Areas (SPP 3.7)

SPP 3.7 provides a foundation for land use planning to address bushfire risk management. The subject lot is designated as being bushfire prone. The applicant submitted a bushfire attack level (BAL) assessment which designates a rating of BAL 29. The BAL rating is deemed to be acceptable.

Notwithstanding the above, the bushfire assessment has offered a solution to reduce the current BAL rating down to a 12.5, to minimise costs associated with modifying the transportable accommodation building as per AS3959 for a BAL 29. The solution suggested includes increasing the separation distance (by clearing vegetation) around the facility. Administration has no objection to this approach, subject to consent from the Department of Water and Environmental Regulation (DWER).

Conclusion

In summary, support for the proposed Training Accommodation Facility is recommended as it is consistent with the intent of the reserve and satisfies the relevant planning framework.

Outcome	<i>3.1 Development new and existing developments meet the Shire's Strategic Objectives and Outcomes.</i>
Priority	<i>3.1.1 Support strategies that facilitate commercial development.</i>

VOTING REQUIREMENTS – SIMPLE MAJORITY

RECOMMENDATION

It is recommended that Council, grant Development Approval for the proposed Training Accommodation Facility on Lot 4229 Indian Ocean Drive, Nilgen subject to the following conditions:

1. The land use and development shall be in accordance with the approved plans and specifications unless otherwise conditioned by this approval.
2. This Approval is for a Training Accommodation Facility only as indicated on the approved plan.
3. The applicant is to comply with the bushfire attack level (BAL) assessment prepared by Modus Compliance Pty Ltd dated 14 August 2017 at either BAL 29 or undertake remedial works, subject to receiving the appropriate clearing permit, to implement the 'Target BAL 12.5'.

ADVICE NOTES:

Note 1: If you are aggrieved with the conditions of this approval you have the right to request that the State Administrative Tribunal (SAT) review the decision, under Part 14 of the *Planning and Development Act 2005*.

Note 2: If the development subject to this approval is not substantially commenced within a period of two years, the approval shall lapse and have no further effect.

- Note 3: Where an approval has so lapsed, no development may be carried out without further approval of the local government having first been sought and obtained.
- Note 4: Further to this Approval, the Applicant will be required to submit working drawings and specification to comply with the requirements of the *Building Act 2011* and *Building Regulations 2012* and the *Public Health Act 2016*, which are to be approved by the Shire of Gingin.
- Note 5: The applicant/landowner is advised to refer to the requirements of the *Health (Treatment of Sewage and Disposal of Effluent and Liquid Waste) Regulations 1974*.
- Note 6: Any noise generated from the training facility is not to exceed the levels as set out under the *Environmental Protection (Noise) Regulations 1997*.
- Note 7: Please contact the Department of Water and Environmental Regulation (DWER) with respect to a clearing permit to remove or alter existing native vegetation on the subject property.

RESOLUTION

Moved Councillor Elgin, seconded Councillor Peczka that Council, grant Development Approval for the proposed Training Accommodation Facility on Lot 4229 Indian Ocean Drive, Nilgen subject to the following conditions:

- 1. The land use and development shall be in accordance with the approved plans and specifications unless otherwise conditioned by this approval.**
- 2. This Approval is for a Training Accommodation Facility only as indicated on the approved plan.**
- 3. The applicant is to comply with the bushfire attack level (BAL) assessment prepared by Modus Compliance Pty Ltd dated 14 August 2017 at either BAL 29 or undertake remedial works, subject to receiving the appropriate clearing permit, to implement the 'Target BAL 12.5'.**

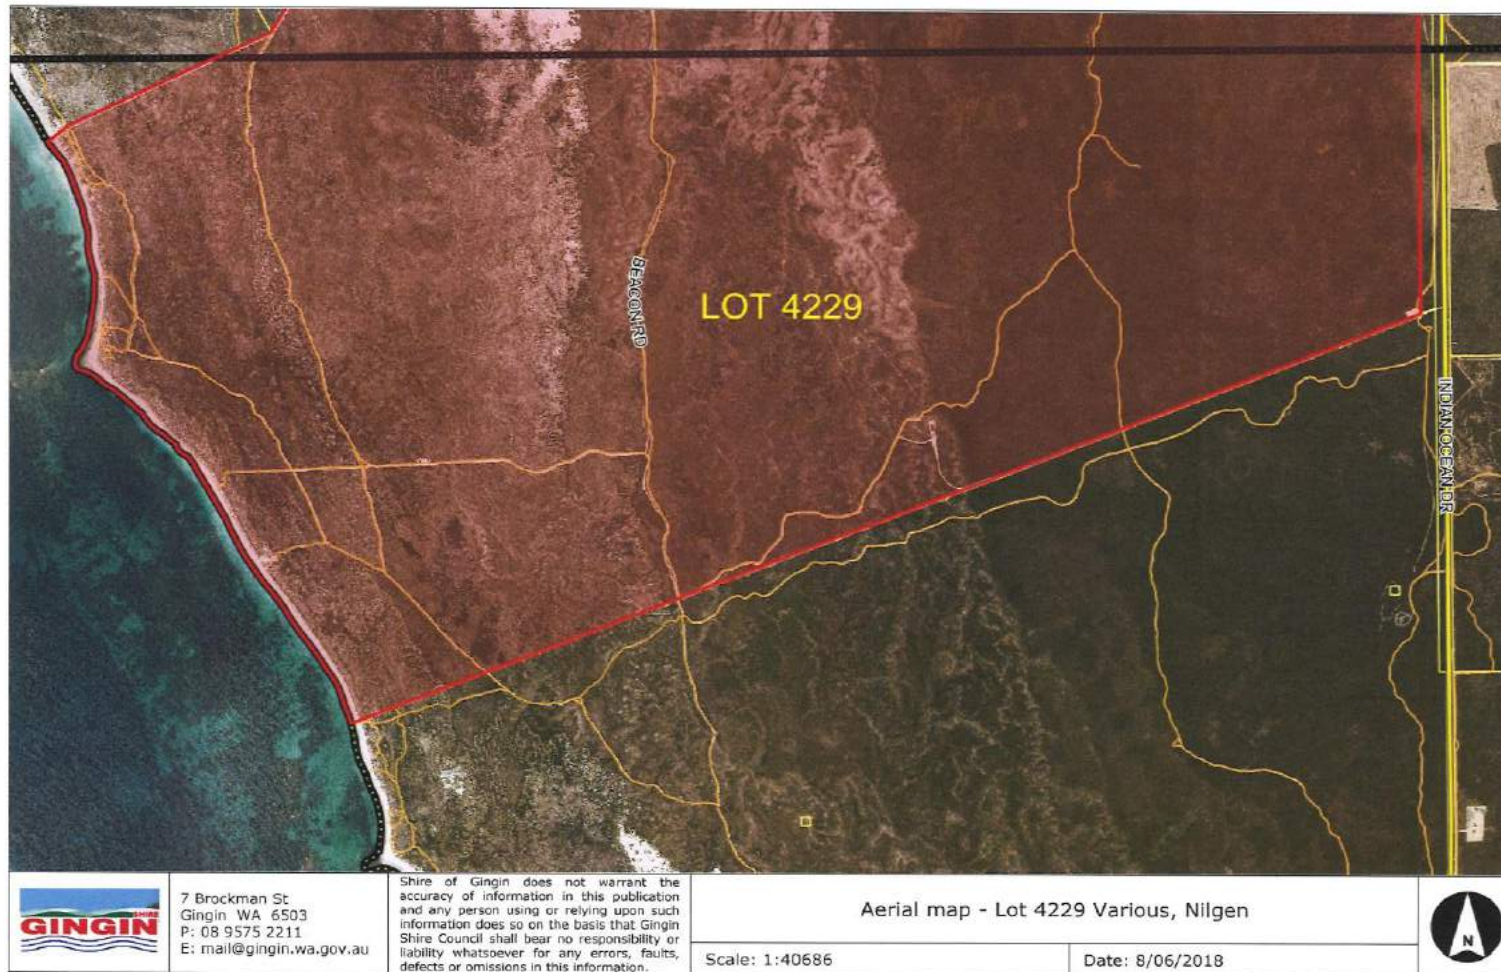

ADVICE NOTES:

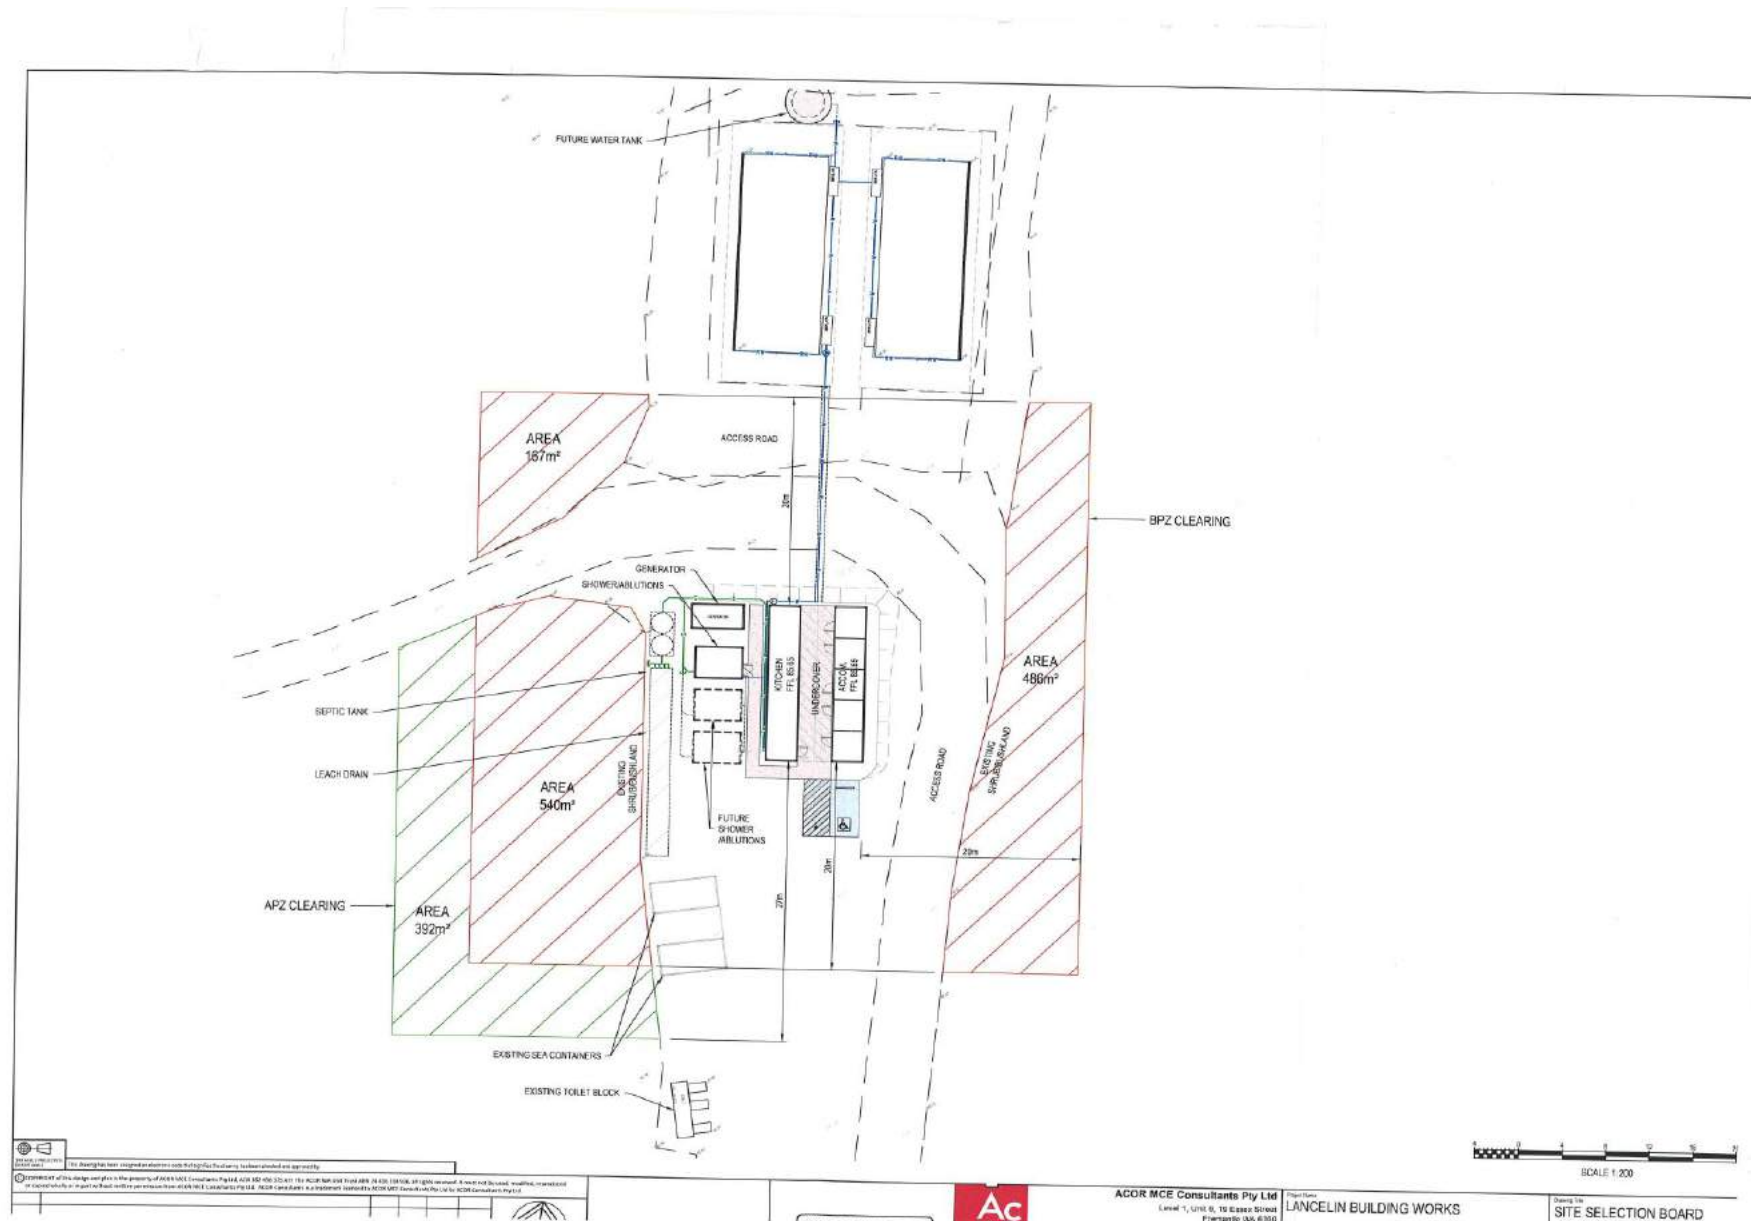

- Note 1:** If you are aggrieved with the conditions of this approval you have the right to request that the State Administrative Tribunal (SAT) review the decision, under Part 14 of the *Planning and Development Act 2005*.
- Note 2:** If the development subject to this approval is not substantially commenced within a period of two years, the approval shall lapse and have no further effect.
- Note 3:** Where an approval has so lapsed, no development may be carried out without further approval of the local government having first been sought and obtained.
- Note 4:** Further to this Approval, the Applicant will be required to submit working drawings and specification to comply with the requirements of the *Building Act 2011* and *Building Regulations 2012* and the *Public Health Act 2016*, which are to be approved by the Shire of Gingin.
- Note 5:** The applicant/landowner is advised to refer to the requirements of the *Health (Treatment of Sewage and Disposal of Effluent and Liquid Waste) Regulations 1974*.
- Note 6:** Any noise generated from the training facility is not to exceed the levels as set out under the *Environmental Protection (Noise) Regulations 1997*.
- Note 7:** Please contact the Department of Water and Environmental Regulation (DWER) with respect to a clearing permit to remove or alter existing native vegetation on the subject property.

C17-0065 – Firing Point Alpha, Lancelin

DISCLAIMER AND LIMITATION

AS 3959-2009 Methodology One (1) was used for the determination of the assessment. It is expressly stated that MODUS and the writer do not guarantee that if such standards are complied with or if a property owner exercises prudence, that a building or property will not be damaged or that lives will not be lost in a bush fire.

The measures contained in this Bushfire Attack Level [BAL] Assessment are minimum standards and they do not guarantee that a building will not be damaged in a bushfire. This is substantially due to the unpredictable nature and behaviour of fire and extreme weather conditions. Additionally, the achievement of and level of implementation of bushfire management measures will depend, among other things, on the actions of the landowners or occupiers over which MODUS Compliance Pty Ltd [MODUS] has no control.

All surveys, forecasts, projections and recommendations made in this assessment associated with the proposal are made in good faith based on information available to MODUS at the time.

Notwithstanding anything contained therein, MODUS will not, as the law may require, be liable for any loss or other consequences (whether due to the negligence of their consultants, their servants or agents) arising out of the services provided by their consultants.

This report is valid for a period of **ONE year** only from the date of its issue.

EXECUTIVE SUMMARY

MODUS, was engaged by the proponent to prepare this Bushfire Attack Level (BAL) Assessment for the proposed single storey transportable accommodation building. The building works are subject to a Certificate of Design Compliance [CDC] to be issued by MODUS Compliance.

Furthermore, the client is proposing to install a transportable mess facility [kitchen/diner] and ablution facility to support the proposed accommodation building, these buildings are not subject to a BAL assessment.

The BAL assessment was carried out in accordance with AS 3959-2009 Simplified Procedure (Method 1).

The main conclusions of the report are:

1. Single storey transportable accommodation building

The maximum radiant heat impact applicable to the proposed dwelling is greater than $>19\text{kW/m}^2$ to $\leq 29\text{kW/m}^2$, which is equivalent to BAL 29.

1.0 Introduction

1.1 Subject site and purpose of report

MODUS was engaged by the proponent to undertake a Bushfire Attack Level (BAL) Assessment to support a Certificate of Design Compliance [CDC] for the proposed single storey training facility, which comprises of accommodation, kitchen/ diner and ablution facilities.

Site Plan

The purpose of this BAL Assessment is to:

1. Identify the BAL rating to the classified vegetation within 100 metres of the transportable accommodation building.

2.0 BAL Assessment

2.1 Vegetation classification

The site was inspected on the 03 August 2017 and all vegetation was identified within 100 metres of the transportable accommodation building and was classified in accordance with Clause 2.2.3 of AS3959-2009. Each distinguishable vegetation plot with the potential to determine the Bushfire Attack Level is identified below.

2.4 Relevant Fire Danger Index

The fire danger index for this site has been determined in accordance with Table 2.1 or otherwise determined in accordance with a jurisdictional variation applicable to the site.

Fire Danger Index			
FDI 40 <input type="checkbox"/> Table 2.4.5	FDI 50 <input type="checkbox"/> Table 2.4.4	FDI 80 <input checked="" type="checkbox"/> Table 2.4.3	FDI 100 <input type="checkbox"/> Table 2.4.2

2.5 Potential Bushfire Impacts

The potential bushfire impact to the site/ proposed development from each of the identified vegetation plots are identified below.

Plot	Vegetation Classification	Effective Slope	Separation	BAL
Plot 1	Group C Shrubland	90m @ 6.0° upslope	21.4m	BAL 12.5
Plot 2	Group C Scrub	86m @ 1.0° upslope	13.5m	BAL 29
Plot 3	Group C Shrubland	85m @ 3.6° upslope	14.8m	BAL 19
Plot 4	Group C Shrubland	105m @ 4.6° upslope	62m	BAL 12.5
Plot 5	Group C Shrubland	83m @ 5.2° upslope	16.8m	BAL 19

Table 1: BAL Analysis

2.6 Determined Bushfire Attack Level (BAL)

The Determined Bushfire Attack Level (highest BAL) for the site / proposed development has been determined in accordance with clause 2.2.6 of AS3959-2009 using the above analysis.

2.7 Adjacent Structures

Where any garage, carport or similar roofed structure [undercover area] is not attached to a building required to comply with this standard, the entire garage, carport or similar roofed structure on the allotment shall comply with the construction requirements of AS3959 – 2009.

There are a number of options available, however as the covered area is assumed to be free standing, non-combustible construction, non-combustible roof sheeting on a concrete slab or raised natural ground level, there are no specific requirements to be met, as the accommodation building will meet all of the requirements of AS3959 – 2009.

2.8 Target Bushfire Attack Level (BAL)

Proposing a Target BAL is not a required component of a BAL assessment but is provided as a decision aid – for both the landowner and the Local Government – with respect to moving the building application process forward in the best interests of all parties. It achieves this by limiting the number of times re-submitting an application might be required.

MODUS Compliance presents a 'Target' BAL to the landowner in the situation where:

1. A Bushfire Attack Level (BAL) assessment has been carried out and determined BAL 29 and the client wants to reduce the BAL rating.
2. The assessor has determined that a lower BAL rating is achievable within the lot boundary and appropriate in this specific situation.

Having the building works assessed as being subject to a BAL 29 have the following implications:

1. The owner will incur additional costs to provide upgrades to the proposed building to construct to the standard required by BAL 29 will be significantly higher than constructing to a lower BAL.

2.9 The 'Target' Bushfire Attack Level for the proposed building

For the BAL to be reduced there are two options available:

1. Relocate the building from the classified vegetation; or
2. Create a separation distance from the classified vegetation from Plot two, three and five.

Cost Savings 2015

2013 INDUSTRY
AWARD

Australian Institute
of Building Surveyors

C17-0065 – Firing Point Alpha, Lancelin

The separation distances required to achieve BAL 12.5 are presented in the following table. These have been determined using Method 1 and FDI 80 in accordance with the Australian Standard AS3959 – 2009 Construction of Buildings in Bush Fire Prone Areas s2.2.6.

The additional separation distance required to achieve compliance is shown below:

Plot	Vegetation Classification	Effective Slope	Separation (m)	BAL
Plot 2	Group C Scrub	86m @ 1.0 ⁰ upslope	[27m]	BAL 12.5
Plot 3	Group C Shrubland	85m @ 3.6 ⁰ upslope	[19m]	BAL 12.5
Plot 5	Group C Shrubland	83m @ 5.2 ⁰ upslope	[19m]	BAL 12.5

Table 2: Target BAL

If approval to remove vegetation is obtained from the Local Government you will require Modus Compliance to re-visit the site to confirm that the required separation distances have been achieved and take the required photographic evidence. This information will be recorded in a BAL Compliance Report and the BAL Certificate can then be issued stating the new determined BAL.

2.10 Maintenance of the Determined BAL

To maintain the achieved 'Target' BAL rating into the future, the area of land representing the above minimum separation distances must be maintained as either a non-vegetated area or as low threat vegetation managed in a minimal fuel condition as per AS 3959-2009 S2.2.3.2 (e) and (f). A minimal fuel condition is stated in the standard as meaning "there is insufficient fuel available to significantly increase the severity of the bushfire attack" and being "recognisable as short cropped grass for example to nominal height of 100mm."

It is the responsibility of the landowner to maintain the bushfire protection measures on their property. This includes the vegetation separation distance, asset protection and hazard separation zones and compliance with the Local Government's annual firebreak notice issued under S33 of the Bushfires Act 1954.

3.0 Bushfire Attack Levels Explained

A Bushfire Attack Level (BAL) assessment is a means of measuring the severity of a building's potential exposure to ember attack, radiant heat and direct flame contact in a bushfire event, and thereby determining the construction measures required for the dwelling.

The methodology used for the determination of the BAL rating, and the subsequent building construction standards, are directly referenced from Australian Standard AS3959:2009 *Construction of buildings in bushfire prone areas*.

The BAL rating is determined through identification and assessment of the following parameters;

- Fire Danger Index (FDI) rating; assumed to be **FDI-80** for WA,
- All classified vegetation **within 100m** of the subject building,
- Separation distance between the building and the classified vegetation source/s, and
- Slope of the land under the classified vegetation.

AS3959:2009 has six (6) levels of BAL, based on the radiant heat flux exposure to the building, and identifies the relevant sections for building construction, as detailed below;

Bushfire Attack Level (BAL)	Classified vegetation within 100m of the site and heat flux exposure thresholds	Description of predicted bushfire attack and levels of exposure	Construction Section AS3959
BAL LOW	See clause 2.2.3.2	There is insufficient risk to warrant specific construction requirements	4
BAL 12.5	$\leq 12.5\text{ kW/m}^2$	Ember attack	3 & 5
BAL 19	$>12.5\text{ kW/m}^2$ to $\leq 19\text{ kW/m}^2$	Increasing levels of ember attack and burning debris ignited by windborne embers together with increasing heat flux	3 & 6
BAL 29	$>19\text{ kW/m}^2$ to $\leq 29\text{ kW/m}^2$	Increasing levels of ember attack and burning debris ignited by windborne embers together with increasing heat flux	3 & 7
BAL 40	$>29\text{ kW/m}^2$ to $\leq 40\text{ kW/m}^2$	Increasing levels of ember attack and burning debris ignited by windborne embers together with increasing heat flux with the increasing likelihood of exposure to flames	3 & 8
BAL FZ	$>40\text{ kW/m}^2$	Direct exposure to flames from fire front in addition to heat flux and ember attack	3 & 9

ADDENDUM – ORDINARY MEETING OF COUNCIL – 19 JUNE 2018
--

Additional Information:

The following is provided for Council's information and should be read as part of the Planning Assessment.

Local Planning Policy 5.3 Gingin Townsite Expansion

This Policy applies to the area depicted on the Gingin Town Expansion Plan. The subject lot has been identified in both the Shire of Gingin's Local Planning Strategy and Gingin Townsite and Rural Surrounds Structure Plan as an area for urban expansion.

The proposal achieves the objective of LPP 5.3 in that enables lifestyle choices through providing the opportunity for a range of Residential Lot sizes and housing choice, especially for those wanting to age in place.

This information will be included in the Minutes of the meeting, but has no effect on the Officer's recommendation.

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To consider an Application for Development Approval for a proposed Use Not Listed Eco Lifestyle Village for residents aged 45 years and over on Lot 11 (25) Old Moolibeen Road, Gingin.

BACKGROUND

The subject lot is approximately 10.46 hectares in area, is vacant land zoned General Rural under the Shire of Gingin's Local Planning Scheme No. 9 (LPS 9) and is located within the Gingin townsite.

The subject lot is bounded by residential zoned land to the north and a portion of the western boundary and general rural zoned land to all its remaining boundaries.

LPS 9 clause 4.8.6.9 states that the *Local Government may, at its discretion, permit land uses 'retirement village and 'aged persons accommodation' in the General Rural zone, but only within the Gingin townsite (as defined by the suburb boundary), and subject to appropriate zoning of the site at a later stage.*

As already mentioned above, the subject lot is within the Gingin townsite. The proposal can be best described as a 45 years and over Eco Lifestyle Village which includes the ancillary facilities described below.

The proposal consists of the following:

- 120 sites to accommodate persons (45 and over) being developed over eight stages;
- Built form approval for the proposed modular homes in stages 1 and 2 (36 dwellings in total.)
- Club House being developed as part of stage 2;
- Small Recycling Centre;
- Residents' Workshop; and
- Caravan/Boat Parking.

The proposed Eco Lifestyle Village (for those aged 45 years and over) is not considered to be defined as a 'retirement village and aged persons accommodation' as per the LPS 9 definition. Therefore, pursuant to clause 3.4.2 of LPS 9 the proposal is being assessed as a Use Not Listed. This will be further addressed in the Comment section below.

The applicant is proposing to construct an Eco Lifestyle Village for residents aged 45 years and over that as already mentioned will involve the construction of 120 modular dwellings along with parklands, clubhouse amenities incorporating entertaining area with stage, community kitchen/café, fitness equipment, swimming pool and spa, lounge and fireside area, multifunction room/pool and billiards room and an expansive open deck area.

Furthermore, a residents' workshop, caravan/boat parking facilities and a small on-site residents' recycling centre are accessed via a bituminised internal road network. The proponent would assume all responsibility for managing and maintaining all aspects of the development including the roads and parkland areas.

The dwellings will be constructed taking into consideration the contours of the land and measures will be taken to minimise earthworks. Where retaining is required, it will be provided through the base of the home (i.e. placed on a concrete slab). Once constructed, houses will be leased to people aged 45 years and over based on a lease model and will not be subdivided into individual lots.

The development is proposed to occur in eight stages as detailed on the staging plan. Stages 1 and 2 will involve the construction of an entry access road, 36 dwellings, clubhouse and development of the parklands. The remaining stages would be constructed over a longer period of time, depending on demand. Further development approval(s) will be required for the dwellings in Stage 3 onwards.

The Applicant's original proposal submitted was for aged persons' accommodation for individuals aged 55 years and over. However, a 55 years aged restriction can potentially require the development to be considered under the *Retirement Villages Act 1992*, meaning that occupants would not be entitled to rental assistance.

In order for the proposal to be inclusive for all of the community in providing alternative housing choices and to allow for people to age in place, an eco lifestyle village for residents aged 45 years and over offers more flexibility while still achieving the same outcomes as the original aged persons' accommodation proposal. Statistics show from other lifestyle villages show that the average age of residents is 60 years and over.

A location plan and copy of the applicant's proposal, and the Staging Plan, are attached as **Appendix 1** and **Appendix 2** respectively.

COMMENT

Community Consultation

The application was advertised to surrounding landowners and the wider community on two occasions.

The first occasion was for the Applicant's original proposal for a proposed aged persons' accommodation (55 years and over). This was advertised for a period of 14 days where the surrounding landowners were written to and a sign placed on site.

The application was subsequently amended to facilitate a lifestyle village to accommodate residents that are aged 45 years and over. This was advertised to surrounding landowners, a sign placed on site and signs placed on the Council's notice boards for a period of 21 days.

Both proposals were advertised in accordance with clause 64 of the *Planning and Development (Local Planning Scheme) Regulations 2015*.

Seven submissions were received with respect to the proposed aged persons' accommodation for 55s and over four objecting to the proposal and three providing a general comment. A copy of the Schedule of Submissions and Recommended Responses for this proposal has been included as **Appendix 3**.

With respect to the amended proposal for an eco-lifestyle village for persons aged 45 years and over, three submissions were received, with one objecting, one supporting and one providing a general comment. A copy of the Schedule of Submissions and Recommended Responses for this proposal has been included as **Appendix 4**.

PLANNING ASSESSMENT

Local Planning Scheme No. 9 (LPS 9)

The subject land is zoned General Rural under LPS 9, the objectives of which are to:

- a) *manage land use changes so that the specific local rural character of the zone is maintained or enhanced;*
- b) *encourage and protect broad acre agricultural activities such as grazing and more intensive agricultural activities such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use;*
- c) *maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and water course systems from damage; and*
- d) *provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the General Rural zone.*

The subject lot has been earmarked in the Shire of Gingin's Local Planning Strategy as a potential site for future urban development. Furthermore, as already discussed above, LPS 9 clause 4.8.6.9 allows, at the local government's discretion, development for either aged persons' accommodation or retirement village.

The definition of 'Aged Persons' Accommodation' as defined in LPS 9 states:

Means a building or group of buildings used primarily for aged persons and may include a hostel and/or nursing home.

The Residential Design Codes of Western Australia (R Codes) define an Aged Person as 'a person who is aged 55 years or over'.

The definition of 'Retirement Village' as defined in LPS 9 states:

Means any land or buildings used to accommodate retirees, together with ancillary facilities, but does not include a "Park Home Park".

The proposal is considered not to meet the definition of either aged persons accommodation or retirement village. It is being assessed as a use not listed for the purposes of an Eco Lifestyle Village for persons aged 45 years and over with the ancillary amenities are for the predominant use of residents.

Use Not Listed

Clause 3.4.2 of LPS 9 provides the following requirements for a use not listed development:

3.4.2 If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may –

- a) Determine that the use is consistent with the objectives of the particular zone and is therefore permitted;*
- b) Determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of clause 64 of the deemed provisions in considering an application for planning approval; or*
- c) Determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.*

It is considered the Eco Lifestyle Village facilitates a similar land use outcome as an aged person's accommodation development with the exception of the higher age restrictions for the residents. This proposal permits residents aged 45 years and over whereas aged persons must be aged 55 years and over.

The proposal is considered to meet the intent of LPS 9 clause 4.8.6.9 as outlined in the development standards for the General Rural zone. An eco lifestyle village for residents aged 45 years and over achieves the same outcomes as the original aged persons' accommodation proposal.

Therefore, the proposal upholds the objectives of LPS 9 and the Shire's Local Planning Strategy for General Rural zone land within the Gingin townsite.

Waste Management

The proponent has designed the eco lifestyle village with the aim of reducing the carbon footprint by focusing on reducing water, energy use and household waste. The development would be connected to the main power and water supply network.

Household Waste:

The applicant has advised the following regarding the provision for household waste management:

'in addition to the recycling centre, which I am confident can reduce waste to landfill from this village by up to 75%, the project will contain common area waste stations on each street, which can be emptied by the local authority waste management vehicles. The road layout of the village, which has no cul-de-sacs, ensures the easy movement of trucks around the loop roads'.

There will be a concerted effort to minimise waste to landfill by recycling as much as possible via a designated recycling centre, a building that will enable efficient streaming of non-organic waste – plastic, glass, tin, aluminium, paper and cardboard.

In the event that Council approves the proposal, the applicant will be required to submit a waste management plan addressing in detail how waste is to be managed onsite, including plans outlining the built form of the proposed recycling centre to be approved to the satisfaction of the Shire of Gingin.

On-Site Effluent:

The proposed development would not be connected to deep sewer, instead utilising ATU units to treat waste water which could then be utilised for the landscaped areas. It should be noted the proponent will be required to obtain the necessary approvals for the ATUs from the Department of Health.

Car Parking and Traffic

Clause 4.7.2.5 of LPS 9 states:

'Where there is a use of land referred to in the Zoning Table (Table 1) for which no provision is made in respect of car parking spaces in Table 3, the car parking spaces required for that use of land shall be as determined by local government'

Car parking for the project is provided in a number of ways:

- There are 17 bays provided at the clubhouse and visible from the site entry. These will be ample to provide for casual visitors to the site or for people who may have business with the village management. This will also provide bays for village residents who will collect their mail from the central facility.
- There are 24 bays for storing boats and caravans located in the north western corner with reciprocal parking for residents using the residents' workshop and dropping off recycling.
- Visitors to residents' homes will be able to park adjacent to the home, either on the driveways to carports and garages, or parallel parking on the road curtilage. These elements will be illustrated in the detailed design work produced following approval of the Development Application.
- Resident parking will be provided for onsite via carports accommodating one to two parking bays per dwelling.

It is considered that the proposed number of parking bays being provided is sufficient to accommodate the proposal. Furthermore, there is sufficient space on the site should a need for additional car parking facilities be identified.

Access Roads

Primary and secondary access to the site will be via Old Mooliabeenee Road. This road is already bituminised. It has adequate width of 7.4m and does not require any further widening to accommodate the additional traffic generated by the proposed development.

Although the current road surface of Old Mooliabeenee Road is in good condition, it would be prudent to consider requiring the developer to install a disabled access pathway (2.5m wide concrete path) on the south side of Old Mooliabeenee Road from the proposed main access to the western extent of Lot 11.

This length of path may be approximately (subject to detailed design) 200m from the proposed main access to the western boundary of Lot 11. To facilitate the installation of a pathway the road would need to be kerbed, drained and filled, similar to the existing standard west of Lot 11. The Shire may look at installing a dual use pathway on Old Mooliabeenee Road to link to the existing pathway network on Weld Street (i.e. between the western boundary of Lot 11 and Weld Street). The installation of the pathway would link the residents of Lot 11 to the amenities provided within the Gingin town site and is identified in the Shire's 10 year pathway program.

Consideration should also be given to the internal roadways being kerbed (negates open drains and culvert crossings) due to soil type and permeability as identified in geotechnical results in the report.

In the event that Council approves the proposal, a condition of the planning approval will require the applicant to submit a Traffic Impact Assessment and a Stormwater Management Plan, to be approved to the satisfaction of the Shire of Gingin prior to site works commencing.

Site Levels/Fill

The dwellings and ancillary buildings are to respect and respond to the natural contours of the site to avoid excessive cut/fill and retaining. The applicant has advised that retaining is to be kept within 500mm above natural ground level with cut and fill limited accordingly. Terracing to garden or outdoor living areas is similarly to be a maximum of 500mm high, with stone pitched banks in preference to retaining walls.

Rural Fencing

Clause 4.8.6.5 of LPS 9 states *fencing shall conform to the standard of rural fencing in the district, and the use of solid panel fenceings except in the immediate vicinity of the residence will only be permitted with the approval of local government.*

The proposal has stated that fencing will be rural style with open wire and posts. This type of fencing is considered to comply with the above clause.

Servicing

Any additional servicing requirements will be the landowner's responsibility.

State Planning Policy 3.7 Planning in Bushfire Prone Areas

The subject lot is not located within a Bushfire Prone Area.

Summary

The proposed Eco Lifestyle Village will provide much needed housing and help to make Gingin a more attractive option for people seeking alternative housing options and those wanting to age in place. The eco lifestyle village is also expected to create new employment opportunities in construction in the short term and onsite management and maintenance and hospitality in the longer term.

The development has been designed to a high standard incorporating ecofriendly design principles that will be located to respond to the natural slope of the site.

Shire of Gingin Strategic Community Plan 2017-2027

<i>Focus Area</i>	<i>Community Wellbeing</i>
<i>Objective</i>	<i>1. To support the Shire of Gingin community to be inclusive, vibrant, health and safe through the Shires delivery.</i>
<i>Outcome</i>	<i>1.1 Inclusive Our community has access to a range of community programs, services and initiatives that support wellbeing and inclusion.</i>
<i>Priority</i>	<i>1.1.1 Support ageing in place by developing the 'four planks' of Ageing in the Bush.</i>

VOTING REQUIREMENTS – SIMPLE MAJORITY

RECOMMENDATION

It is recommended that Council, grant Development Approval for the Proposed Use Not Listed Eco Lifestyle Village on Lot 11 (25) Old Mooliabeenee Road, Gingin subject to the following conditions:

1. The land use and development shall be in accordance with the approved plans and specifications unless otherwise conditioned by this approval.
2. This Approval is for 120 sites to accommodate dwellings for persons aged 45 years or over and the associated site works, the built form approval for 36 dwellings within Stages 1 and 2, club house, small recycling centre, residents workshop; and caravan/boat parking.
3. Further Development Approval will be required for the remaining dwellings associated as part of Stage 3 onwards.
4. Within 90 days from the date of this notice, Built Form Design Guidelines for the proposed dwellings are required to be submitted and approved to the satisfaction of the Shire of Gingin.
5. Within 90 days from the date of this notice, detailed design plans are required for the club house, recycling centre and residents workshop to be submitted and approved to the satisfaction of the Shire of Gingin.
6. The dwellings, club house, small recycling centre and residents workshop is to respect and respond to the natural contours of the site to avoid excessive cut/fill and retaining.

7. Prior to commencement of each stage of the development, a detailed site plan of the area covered by the particular stage, shall be submitted to and approved by the Shire of Gingin. The plan shall address the following matters:
 - a. Shared Bin Aprons;
 - b. Visitor Car Parking Bays;
 - c. Internal Road Lighting;
 - d. Natural Ground Levels; and
 - e. Landscaping Plan.
8. Permitted residency of the dwellings located in the eco lifestyle village is restricted to all residents of a dwelling being aged 45 years or over, which shall be stipulated in the Residential Lease Agreement.
9. Prior to the occupation of Stage 1, the Applicant/Owner shall execute and provide to the Shire of Gingin a notification pursuant to Section 70A of the *Transfer of Land Act 1893* to be registered on the title to the land that states as follows:
 - a. Prospective purchases of the above land are notified that the use of the land is subject to a condition of the planning approval that restricts permitted residency of each dwelling located in the eco lifestyle village shall be occupied by residents all aged 45 years or over;
 - b. The land is located in a General Rural locality and may be affected by emissions from adjoining agricultural land uses.
10. Prior to the commencement of Stage 3 of the development, the club house is to be constructed in accordance with the approved plans.
11. All activities associated with the construction of the development must be carried out to the satisfaction of the Shire of Gingin and all care must be taken to minimise the effect of such activities on the amenity of the locality.
12. Fencing shall conform to the standard of rural fencing in the district unless specific approval for an alternative is granted by the Shire of Gingin.
13. The use of the recycling centre, residents' workshop and caravan and boat parking area is restricted to residents' use only.

14. Prior to occupation of Stage 1 of the development, an overall Operational Management Plan shall be submitted to and approved by the Shire of Gingin. The plan shall address the following matters:
 - a. Management of residents' pet animals;
 - b. Management of external storage within residents' private yard areas;
 - c. Emergency evacuation procedures;
 - d. Landscaping and vegetation maintenance;
 - e. Waste disposal management;
 - f. Noise management, particularly noise emanating from the activities undertaken in the residents' workshop;
 - g. Odour management in relation to the recycling facility;
 - h. Hours of operation for the clubhouse, recycling centre and residents' workshop; and
 - i. Lighting.
15. Prior to occupation of Stage 1, vegetation is to be planted and maintained on the property and to screen the caravan and boat parking area, residents' workshop and recycling facility from adjoining properties to the satisfaction of the Shire of Gingin.
16. All landscaped areas that are maintained by the village management are to be maintained on an ongoing basis to the satisfaction of the Shire of Gingin.
17. Prior to the occupation of each stage of the development, each dwelling is to be assigned a house number to the satisfaction of the Shire of Gingin.
18. Prior to the occupation of each stage of the development, directional signage including signage displaying the internal road names shall be installed to the satisfaction of the Shire of Gingin.
19. A minimum of one car parking bay is to be provided for the exclusive use of each dwelling containing one or two bedrooms.
20. A minimum of two car parking bays are to be provided for the exclusive use of each dwelling containing three or more bedrooms.
21. One designated visitor car parking bay is to be provided for every five dwellings.

Operations

22. Prior to commencement of site works detailed engineering drawings of the internal roads and parking areas for the entire lot are to be submitted and approved by the Shire of Gingin.
23. Prior to commencement for site works of the development, a Traffic Impact Assessment shall be submitted and approved by the Shire of Gingin. Once approved, the Traffic Impact Assessment is to be implemented in its entirety.

24. Prior to occupation of each stage of the development, the car parking and loading area(s), and vehicle access and circulation areas shown on the approved detailed engineering drawings, including the provision of universally accessible (disabled) car parking, are to be constructed, drained, and line marked to the satisfaction of the Shire of Gingin.
25. Prior to commencement for site works of the development, a Storm Water Management Plan is to be submitted and approved by the Shire of Gingin.
26. Prior to occupation of each stage of the development, stormwater drainage works must be completed and maintained in accordance with the approved plans to the satisfaction of the Shire of Gingin.
27. The upgrading of Old Mooliabeenee Road is required to be undertaken from the main entrance to Lot 11 (subject to approved detailed design) to the western boundary of Lot 11 to a kerbed, drained and filled standard as approved by the Shire of Gingin at the applicants'/landowners' expense.
28. The southern verge of Old Mooliabeenee Road is required to be upgraded from the proposed main access to Lot 11 (subject to approved detailed design) to the western boundary of Lot 11 with a disabled access pathway (2.5m wide concrete path) to the satisfaction of the Shire of Gingin at the applicants'/landowners' expense.

Health

29. Prior to commencement of site works for the development, a Waste Management Plan is to be submitted and approved to the satisfaction of the Shire of Gingin.
30. Prior to occupation of each subsequent stage of the development, the development hereby permitted shall be connected to an approved effluent disposal system; and
31. The waste bin area(s) shall be maintained on an ongoing basis to the satisfaction of the Shire of Gingin; and shall not be used for any other purpose.

ADVICE NOTES

- Note 1: If the development the subject of this approval is not substantially commenced within a period of two years, or another period specified in the approval after the date of the determination, the approval will lapse and be of no further effect.
- Note 2: Where an approval has so lapsed, no development must be carried out without the further approval of the local government having being first sought and obtained.
- Note 3: Further to this Approval, the Applicant will be required to submit working drawings and specifications to comply with the requirements of the *Building Act 2011* and *Building Regulations 2012* and the *Public Health Act 2016*, which are to be approved by the Shire of Gingin.

- Note 4: In respect of Condition 24 internal vehicle access is to be adequate to allow access for waste disposal and emergency vehicles. Line marking is required for all visitor parking and service vehicle areas.
- Note 5: In respect of Condition 26 stormwater disposal is to be designed in accordance with *Stormwater Management Manual for Western Australia*.
- Note 6: In respect of Condition 28, the installation of the footpath is to coincide with the Shire's capital works program.
- Note 7: The applicant/landowner is advised to refer to the requirements of the *Health (Treatment of Sewerage and Disposal of Effluent and Liquid Waste) Regulations 1974*.
- Note 8: Any proposal to reuse grey water and wastewater for parks and gardens is subject to an application that will comply with the requirements as given under the Guidelines for the Non-potable Use of Recycled Water in Western Australia and an approval from the Department of Health. Such application must be supported by a geotechnical report on the site. A site investigation will need to be undertaken in late winter and in accordance with the Australian/New Zealand Standard 1547:2012
- Note 9: In respect of Condition 29, the applicant is to liaise with the Shire's Environmental Health Department with respect to the proposal's requirement for a Waste Management Plan. At a minimum, the Waste Management Plan is to address household waste collection and how it is to be collected by a waste services contractor, the ability for waste service vehicles to access the development (ingress and egress) and collection points.
- Note 10: The development is required to comply with the *Environmental Protection (Noise) Regulations 1997* at all times.

RESOLUTION

Moved Councillor Johnson, seconded Councillor Fewster that Council, grant Development Approval for the Proposed Use Not Listed Eco Lifestyle Village on Lot 11 (25) Old Mooliabeenee Road, Gingin subject to the following conditions:

- 1. The land use and development shall be in accordance with the approved plans and specifications unless otherwise conditioned by this approval.**
- 2. This Approval is for 120 sites to accommodate dwellings for persons aged 45 years or over and the associated site works, the built form approval for 36 dwellings within Stages 1 and 2, club house, small recycling centre, residents workshop; and caravan/boat parking.**
- 3. Further Development Approval will be required for the remaining dwellings associated as part of Stage 3 onwards.**

4. **Within 90 days from the date of this notice, Built Form Design Guidelines for the proposed dwellings are required to be submitted and approved to the satisfaction of the Shire of Gingin.**
5. **Within 90 days from the date of this notice, detailed design plans are required for the club house, recycling centre and residents workshop to be submitted and approved to the satisfaction of the Shire of Gingin.**
6. **The dwellings, club house, small recycling centre and residents workshop is to respect and respond to the natural contours of the site to avoid excessive cut/fill and retaining.**
7. **Prior to commencement of each stage of the development, a detailed site plan of the area covered by the particular stage, shall be submitted to and approved by the Shire of Gingin. The plan shall address the following matters:**
 - a. **Shared Bin Aprons;**
 - b. **Visitor Car Parking Bays;**
 - c. **Internal Road Lighting;**
 - d. **Natural Ground Levels; and**
 - e. **Landscaping Plan.**
8. **Permitted residency of the dwellings located in the eco lifestyle village is restricted to all residents of a dwelling being aged 45 years or over, which shall be stipulated in the Residential Lease Agreement.**
9. **Prior to the occupation of Stage 1, the Applicant/Owner shall execute and provide to the Shire of Gingin a notification pursuant to Section 70A of the *Transfer of Land Act 1893* to be registered on the title to the land that states as follows:**
 - a. **Prospective purchases of the above land are notified that the use of the land is subject to a condition of the planning approval that restricts permitted residency of each dwelling located in the eco lifestyle village shall be occupied by residents all aged 45 years or over;**
 - b. **The land is located in a General Rural locality and may be affected by emissions from adjoining agricultural land uses.**
10. **Prior to the commencement of Stage 3 of the development, the club house is to be constructed in accordance with the approved plans.**
11. **All activities associated with the construction of the development must be carried out to the satisfaction of the Shire of Gingin and all care must be taken to minimise the effect of such activities on the amenity of the locality.**
12. **Fencing shall conform to the standard of rural fencing in the district unless specific approval for an alternative is granted by the Shire of Gingin.**

- 13. The use of the recycling centre, residents' workshop and caravan and boat parking area is restricted to residents' use only.**
- 14. Prior to occupation of Stage 1 of the development, an overall Operational Management Plan shall be submitted to and approved by the Shire of Gingin. The plan shall address the following matters:**
 - a. Management of residents' pet animals;**
 - b. Management of external storage within residents' private yard areas;**
 - c. Emergency evacuation procedures;**
 - d. Landscaping and vegetation maintenance;**
 - e. Waste disposal management;**
 - f. Noise management, particularly noise emanating from the activities undertaken in the residents' workshop;**
 - g. Odour management in relation to the recycling facility;**
 - h. Hours of operation for the clubhouse, recycling centre and residents' workshop; and**
 - i. Lighting.**
- 15. Prior to occupation of Stage 1, vegetation is to be planted and maintained on the property and to screen the caravan and boat parking area, residents' workshop and recycling facility from adjoining properties to the satisfaction of the Shire of Gingin.**
- 16. All landscaped areas that are maintained by the village management are to be maintained on an ongoing basis to the satisfaction of the Shire of Gingin.**
- 17. Prior to the occupation of each stage of the development, each dwelling is to be assigned a house number to the satisfaction of the Shire of Gingin.**
- 18. Prior to the occupation of each stage of the development, directional signage including signage displaying the internal road names shall be installed to the satisfaction of the Shire of Gingin.**
- 19. A minimum of one car parking bay is to be provided for the exclusive use of each dwelling containing one or two bedrooms.**
- 20. A minimum of two car parking bays are to be provided for the exclusive use of each dwelling containing three or more bedrooms.**
- 21. One designated visitor car parking bay is to be provided for every five dwellings.**

Operations

22. Prior to commencement of site works detailed engineering drawings of the internal roads and parking areas for the entire lot are to be submitted and approved by the Shire of Gingin.
23. Prior to commencement for site works of the development, a Traffic Impact Assessment shall be submitted and approved by the Shire of Gingin. Once approved, the Traffic Impact Assessment is to be implemented in its entirety.
24. Prior to occupation of each stage of the development, the car parking and loading area(s), and vehicle access and circulation areas shown on the approved detailed engineering drawings, including the provision of universally accessible (disabled) car parking, are to be constructed, drained, and line marked to the satisfaction of the Shire of Gingin.
25. Prior to commencement for site works of the development, a Storm Water Management Plan is to be submitted and approved by the Shire of Gingin.
26. Prior to occupation of each stage of the development, stormwater drainage works must be completed and maintained in accordance with the approved plans to the satisfaction of the Shire of Gingin.
27. The upgrading of Old Mooliabeenee Road is required to be undertaken from the main entrance to Lot 11 (subject to approved detailed design) to the western boundary of Lot 11 to a kerbed, drained and filled standard as approved by the Shire of Gingin at the applicants'/landowners' expense.
28. The southern verge of Old Mooliabeenee Road is required to be upgraded from the proposed main access to Lot 11 (subject to approved detailed design) to the western boundary of Lot 11 with a disabled access pathway (2.5m wide concrete path) to the satisfaction of the Shire of Gingin at the applicants'/landowners' expense.

Health

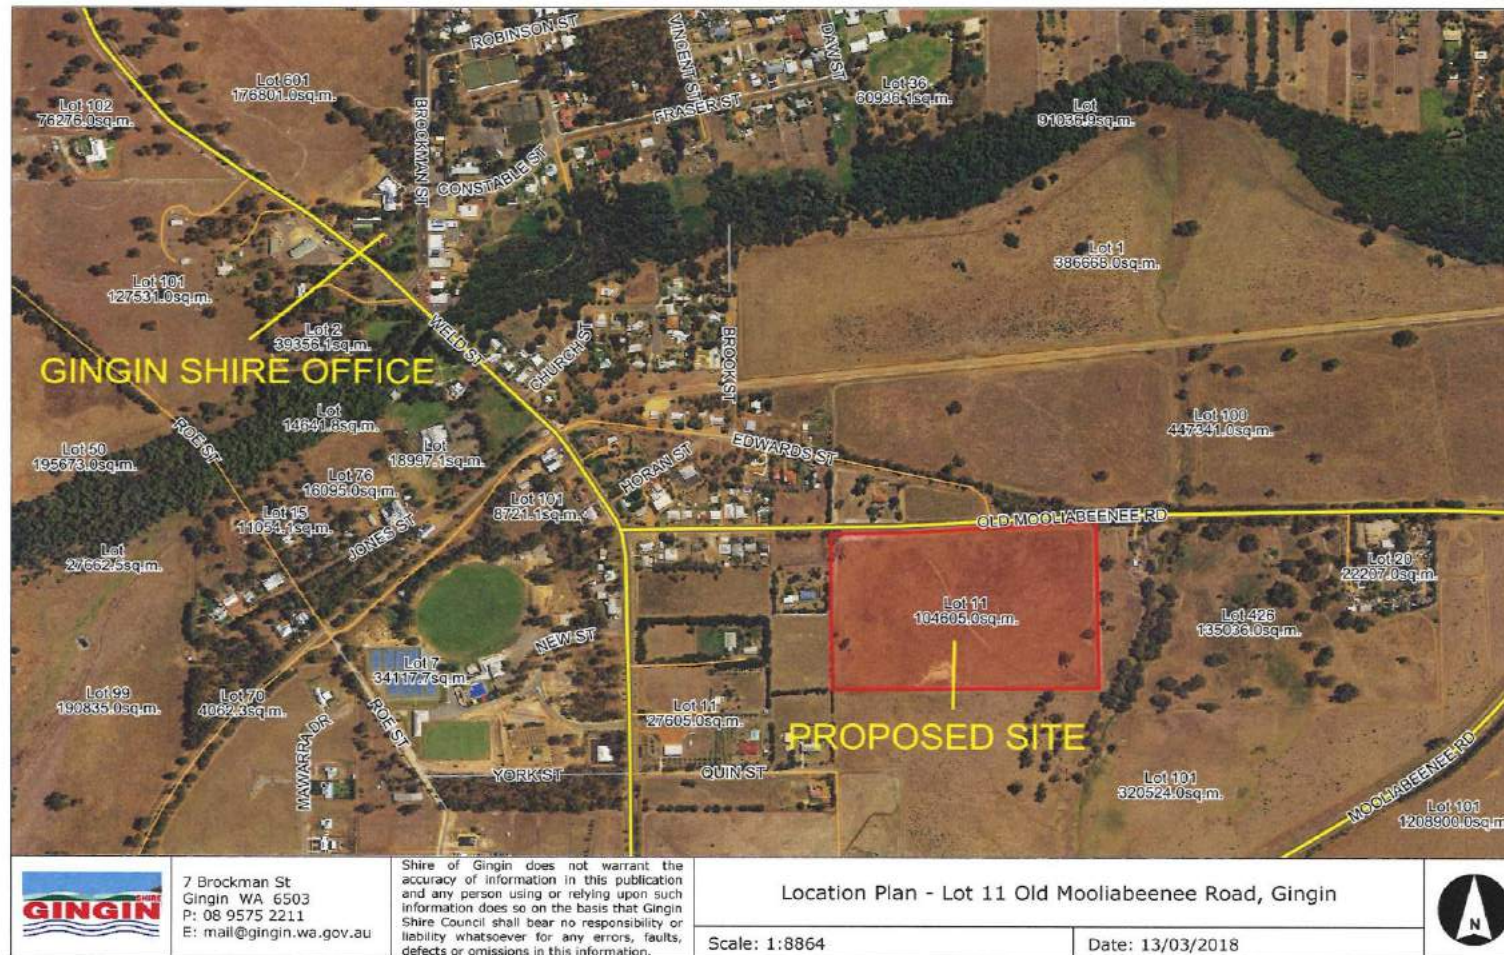

29. Prior to commencement of site works for the development, a Waste Management Plan is to be submitted and approved to the satisfaction of the Shire of Gingin.
30. Prior to occupation of each subsequent stage of the development, the development hereby permitted shall be connected to an approved effluent disposal system, and
31. The waste bin area(s) shall be maintained on an ongoing basis to the satisfaction of the Shire of Gingin; and shall not be used for any other purpose.

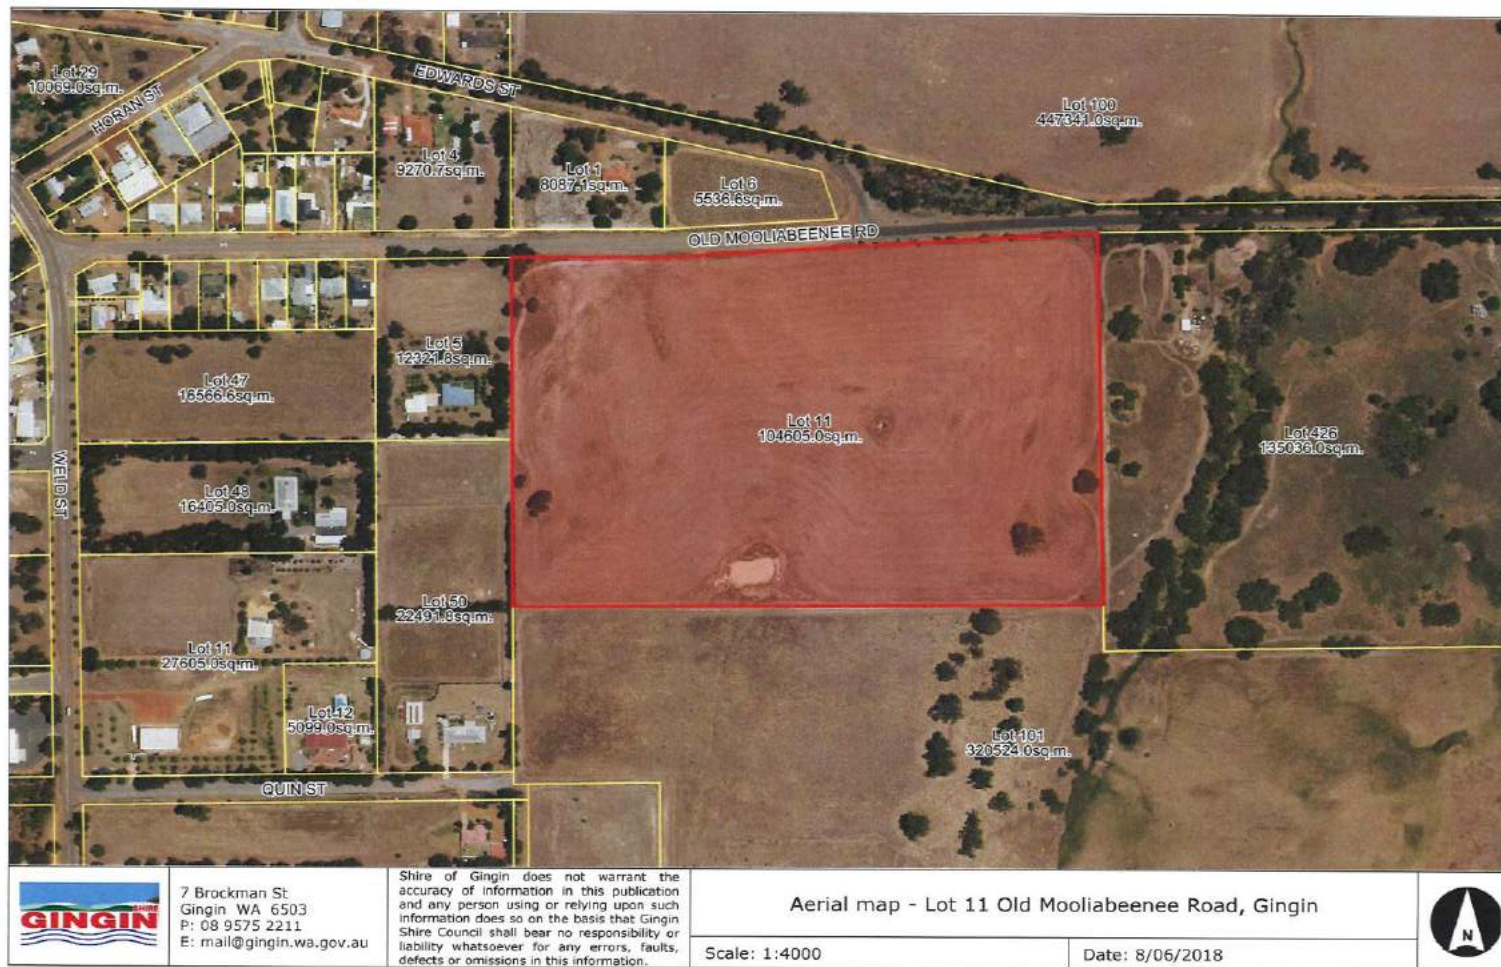

ADVICE NOTES

- Note 1:** If the development the subject of this approval is not substantially commenced within a period of two years, or another period specified in the approval after the date of the determination, the approval will lapse and be of no further effect.
- Note 2:** Where an approval has so lapsed, no development must be carried out without the further approval of the local government having being first sought and obtained.
- Note 3:** Further to this Approval, the Applicant will be required to submit working drawings and specifications to comply with the requirements of the *Building Act 2011* and *Building Regulations 2012* and the *Public Health Act 2016*, which are to be approved by the Shire of Gingin.
- Note 4:** In respect of Condition 24 internal vehicle access is to be adequate to allow access for waste disposal and emergency vehicles. Line marking is required for all visitor parking and service vehicle areas.
- Note 5:** In respect of Condition 26 stormwater disposal is to be designed in accordance with *Stormwater Management Manual for Western Australia*.
- Note 6:** In respect of Condition 28, the installation of the footpath is to coincide with the Shire's capital works program.
- Note 7:** The applicant/landowner is advised to refer to the requirements of the *Health (Treatment of Sewerage and Disposal of Effluent and Liquid Waste) Regulations 1974*.
- Note 8:** Any proposal to reuse grey water and wastewater for parks and gardens is subject to an application that will comply with the requirements as given under the Guidelines for the Non-potable Use of Recycled Water in Western Australia and an approval from the Department of Health. Such application must be supported by a geotechnical report on the site. A site investigation will need to be undertaken in late winter and in accordance with the Australian/New Zealand Standard 1547:2012
- Note 9:** In respect of Condition 29, the applicant is to liaise with the Shire's Environmental Health Department with respect to the proposal's requirement for a Waste Management Plan. At a minimum, the Waste Management Plan is to address household waste collection and how it is to be collected by a waste services contractor, the ability for waste service vehicles to access the development (ingress and egress) and collection points.
- Note 10:** The development is required to comply with the *Environmental Protection (Noise) Regulations 1997* at all times.

1. Introduction

Purpose of Application

Planning Approval is sought for a Lifestyle Village containing 120 dwellings on 25 Old Mooliabeenee Road on the south eastern residential front of Gingin.

H&H Development Enterprises as development managers for Sanvidel Pty Ltd as Trustee for Gingin Eco Lifestyle Village as the owners of 25 Old Mooliabeenee Road, propose to develop, build and manage the Gingin Eco Lifestyle Village providing a unique country community lifestyle for Over-45's.

The development is based on a 60 year land lease model with innovative quality designed modular housing that, being relocatable, lightly touch the land respecting the land form and creating a community that interacts sustainably in the emerging shared economy.

This Proposal in the Regional Context

Gingin is the regional centre for the Gingin Shire which is located approximately 84 km north of Perth and with the planned Muchea North Link due for completion in 2019, Gingin will be just 50 minutes' drive from the CBD.

The Shire of Gingin has for a number of years recognised that the provision of quality affordable housing for seniors is a high strategic priority acknowledging the aging local demographic, the lack of diverse housing choices and the inherent attractiveness of the townsite as a lifestyle destination on the doorstep of the Perth metropolitan area.

In 2012 the Shire of Gingin Local Planning Strategy provided a 15-20 year vision of a plan that will form a basis for the land use, zoning, subdivision and development throughout the Shire to be implemented through the statutory planning system inclusive of the Council's local planning scheme.

In summary with respect to the Shire of Gingin – one of the High Priorities as a Policy Position and Action is to –

"Encourage residential development at the higher code in accordance with a detailed structure plan that provides for servicing and coordination of the design for the provision of aged living."

The Objectives for Gingin are to:

'provide housing diversity, including providing for retirement living;'

[Source: Shire of Gingin Local Planning Strategy - Feb 2012, p36]

The latest Australian Bureau of Statistics data (2013) demonstrates that 35% of the Shire of Gingin's (the Shire) population was over the age of 55, and 19% were over 65.

Additionally, relative to Western Australia and the nation as a whole, the Shire has an older than average population and the number of persons entering the Over-55's bracket has increased. This underscores the need for strategies to address housing requirements of this demographic.

Mapping by the ABS from 2009 to 2011, indicates the Shire has also seen an increase in the number of its residents in receipt of the aged pension.

Not only is this indicative of the growing numbers of seniors in the Shire, but also highlights a likely need for suitable housing. It stands that both home owners and renters can contribute to the demand for seniors housing as their practical needs change.

Interestingly, both low growth and high growth scenarios put forward by The Department of Planning's "Western Australia tomorrow" projections, translate to a higher demand for seniors housing. In each case, population projections forecast an increase in the number of people 55 years or older.

The approval of the Gingin Eco Lifestyle Village will enable a portion of the fulfilment of the identified demand in the Avon Subregion both from the region and the Metropolitan Area providing Country Lifestyle on the City's Doorstep.

Gingin Community Consultation

In the second half of 2016, the Shire of Gingin ran a widespread consultation with members of the community in view of the Strategic Community Plan. Through this process, the need for the building of retirement facilities and improved aged services was flagged as a 'Top 5' issue.

A citation from a Lancelin respondent on page 5 of the Community Consultation Report, states: 'Need better housing options for an aging community – e.g. lifestyle village & shelter accommodation.'

[Source: Shire of Gingin Strategic Community Plan 2015-2016 Review, Community Consultation Report - January 2017]

About H&H Development Enterprises

H&H Development Enterprises Pty Ltd (H&H) was founded by Mike Hollett and Chris Harrison in June 2014 to provide affordable housing with community living that offers alternatives to traditional retirement village offerings.

Mike and Chris are passionate about building affordable communities that are based on sustainable living guidelines with friendly open village feel with community centred facilities for Over-45s.

Having extensive experience building and operating Lifestyle Villages, H&H are providing a new benchmark in delivering the Gingin Eco Lifestyle Village

H&H's vision is to:

'Develop, build and manage integrated, innovative affordable lifestyle communities'

hhdevelopment.com.au

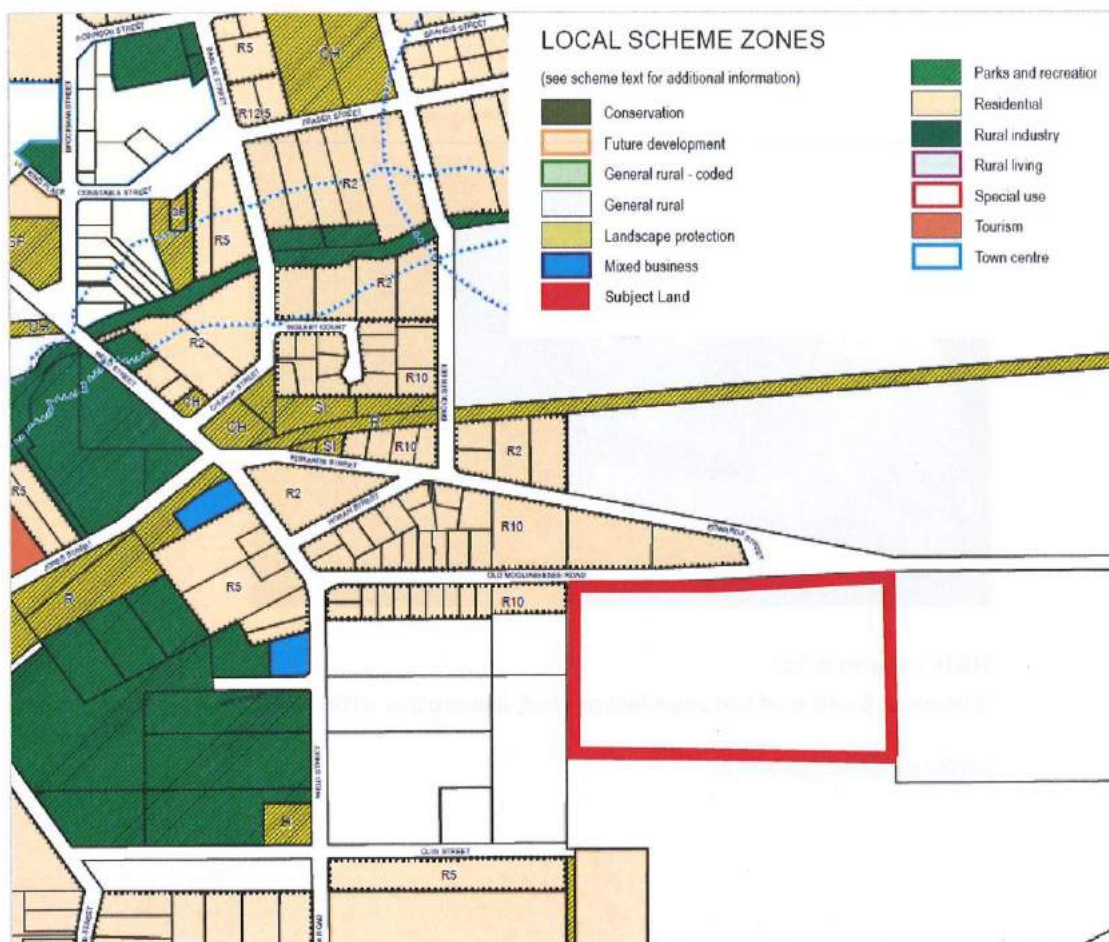

2. Subject Land

The site is known as 25 Mooliabeenee Road, Gingin described as Lot 11 on Diagram 49921, and being the whole of the Land comprised in Certificate of Title Volume 1445 and Folio 330.

The property is owned freehold by Sanvidel Pty Ltd as Trustee for Gingin Eco Lifestyle Village. A copy of the Certificate of Title and Deposited Plan is attached as Appendix 1.

It has an area of 10ha on which is proposed for a 120-modular home Eco Lifestyle Village.

The site is generally utilised for rural purposes and comprises an open paddock managed for hay production. The subject land is in one of the planned potential residential expansion precincts of the Gingin townsite

Gingin Eco Lifestyle Village placement on Subject Land

3. The Proposal

Outline of Proposed Development

The Gingin Eco Lifestyle Village will be a high-quality housing development for Over-45's designed to complement the 'town in the valley' feel of Gingin.

It will be designed to have a country club feel with an open avenue entry to the Clubhouse that will promote wider community interaction ensuring the Village community is an integral part of the broader Gingin community.

The 120 modular homes will be clustered in stages of approximately 20 reflecting existing landform with a light touch approach whereby the homes will sit on the land being retained through the base as required to minimise the use of retaining walls.

Homesites are under a land lease model with sites being on average 50% larger than that of traditional lifestyle villages.

These sites will predominantly remain in their natural condition minimising the impact of the built form. The homes will be designed with carports and fencing will be rural style with open wire and post.

Intertwined between the clusters of homes will be green corridors appropriately landscaped and irrigated with treated recycled water from the on-site aerobic treatment units.

In designated areas, groundwater and stormwater collected on site will irrigate a productive landscape designed to support local and sustainable food production.

These areas, along with walk and exercise trails, will encourage social interaction as well as excellent permeability and connectivity through the village.

Stormwater runoff from homes and roads will be directed through street-side swales to surface water ponds for retention and/or groundwater recharge for reuse. This will optimise water cycle management on site.

The downstream water retention basin will be created to capture stormwater and natural runoff from the lower portions of the development. This will retain the water for reuse and nutrient stripping before any flows leave the site.

A 30 bay caravan and motorhome storage area with a designated Residents Workshop and Recycling Centre is located in the north western corner near the Old Mooliabeenee Road secondary exit from the village

Gingin Eco Lifestyle Village Masterplan

Housing Typology

The Gingin Eco Lifestyle Village has engaged experienced architect and designer, Richard Hammond to inform the design of a range of modular homes that are uniquely suited to the sloping sites.

The designs take advantage of the valley views and cooling breezes in the warmer months. They are also oriented for solar warming in winter.

The modular homes will be manufactured offsite and are relocatable utilising solid form bases with steel frames, double insulation and high-quality cladding materials.

All homes feature open plan living with outdoor areas and decks to take advantage of the view corridors.

Home elevations have a natural colour palette in sympathy with the environment and will be managed by the village owner to ensure a consistent theme for the Gingin Eco Lifestyle Village is delivered.

Our nominated builder will apply to the Shire for a building licence for each home.

The sloping homesites will have minimal earthworks with any retaining required through the base of the home.

All homes will have a carport with generous enclosed storage areas and be sited to minimise steps for ease of access.

Example of Typical 1 Bedroom plus Study

- > Includes carport, porch, store and alfresco
- > Living area, tiled & bedrooms carpeted
- > Roof and external walls fully insulated
- > Stainless steel electric oven, cook top & range hood
- > Energy efficient hot water system
- > Solid core front & laundry doors with Gainsborough entry lock set including deadlocks
- > Jason Windows & sliding doors with keylocks & flyscreens
- > 2,425mm ceilings with classic cornices
- > Native landscaping to front
- > Open wire-and-post rural-style fencing
- > Industry best 10-year structural guarantee

Clubhouse Facilities

The Gingin Eco Lifestyle Village will have an open feel 'country clubhouse' facility that will be built in a similar methodology to the housing, taking advantage of the impressive views available nestled into the elevated hillside.

Along with expansive decking and open multifunctional areas the Clubhouse will feature:

- Clubhouse entertaining area with stage
- Community kitchen/café area
- Fitness equipment
- Swimming pool & spa
- Lounge & fireside area
- Multifunction room/pool & billiards room
- Expansive open deck area

In the Clubhouse precinct, there will be a BBQ area set in a naturally enhanced landscaped area with a tree lined corridor that runs aligned with the boulevard entry.

The Clubhouse facility will be the subject of a formal building licence application to the Shire of Gingin.

SOUTH ELEVATION

Proposed Clubhouse Floorplan

4. Planning Considerations

25 Old Mooliabeenee Road sits on the south eastern urban fringe within the Gingin Townsite in an area currently designated General Rural in the Shire of Gingin Local Planning Scheme No 9.

The site is earmarked in the Gingin Townsite Strategic Map as 'potential urban' subject to planning studies.

This Development Application approval for a Lifestyle Village is sought on 25 Mooliabeenee Road under its current zoning, seeking Council's discretionary approval for an unlisted use ('use not listed') in Table 1 of the Shire's Local Planning Scheme No 9.

The proposal for a 120 home Lifestyle Village under a land-lease model does not propose subdivision for the homesites but rather seeks approval to develop and operate the land-lease Lifestyle Village.

The design of the Lifestyle Village respects the rural village feel of the Gingin Townsite precinct and will assist the Shire of Gingin's objective of providing a variety of affordable housing for seniors in both Gingin, surrounding towns in the region and attracting people from Perth to retire in Gingin.

Gingin Townsite Strategic Map

5. Engineering and Services Considerations

Existing Site Conditions

The site's natural topography generally falls from south to north 17m at an average grade of approximately 5% with levels falling from 130m AHD at the site's highest point on the southern boundary to 113m AHD at the lowest point in the site's north-eastern corner.

A very shallow drainage line runs from south to north through the site and has a small dam/soak at the highest point on the southern boundary.

The local geology consists of residual clay overlain by material deposited by the alluvial/eluvial processes (transported sands and clays). These transported sediments are variable in thickness and depth. A geotechnical report by CMW which classifies the Site as Category M, has been prepared for the site and is included in the Appendices.

Roads and Traffic

Access to the site is from Old Mooliabeenee Road on the site's northern boundary which is a sealed road with a 6m wide pavement in a 20m wide road reserve.

The proposed development masterplan for the Gingin Eco Lifestyle Village has the main entry off Old Mooliabeenee Road.

As a private estate, the internal roads are maintained by the Lifestyle Village operator and the road width will be 5.5m wide.

From a village of 120 homes with an expected longer-term occupancy of 1.5 persons per dwelling, and with the majority of people being retired or semi-retired, the likely traffic movements will have a minimal impact on Old Mooliabeenee Road and almost negligible on Weld Street back in to the main town centre.

A traffic impact assessment will be conducted as part of the proposed DA conditions.

Bushfire Management

The site is totally cleared of bush with only 3 remnant trees on the entire 10 ha property. It has been managed for hay production annually.

The proposed development on the site provides a development footprint downslope from the southern high point in Gingin where the Water Corporation's water supply ground tank is located. To the east of the site a vegetated creek-line is some 50m from the boundary.

The development of the Gingin Eco Lifestyle Village will provide landscaped corridors and irrigated productive areas from non-potable water sources.

A bushfire assessment report will be conducted as a part of the proposed DA conditions and all dwellings and habitable buildings will be designed and constructed in accordance with the BAL rating.

Water Supply

Potable Water

The Water Corporation's DN 100 water main is accessible from the Old Mooliabeenee Road along the site's southern boundary and whilst capable of providing a service, this main may require upgrading to adequately service the ultimate development with potable water.

Non-Potable Water Supply

From the masterplan design of the Village to the homes and the landscape treatment all aspects of the Gingin Eco Lifestyle Village optimise water collection and retention and reuse.

Sources of non-potable supply include:

- Natural winter drainage flows into the existing upper site dam and will be captured in the lower retention basins/dams that will be constructed to manage on site drainage.
- Stormwater from the roads and roof runoff will be directed via swales to the dam and the lower retention basin for irrigation of the productive landscapes and open spaces.
- Groundwater is proposed to be abstracted from an on-site bore to supplement the irrigated landscape.
- Treated wastewater from the homes will be irrigated to the landscapes and open spaces between the clusters of homes. This wastewater will be treated through the on-site Aerobic Treatment Units (ATU) which will significantly reduce Nitrogen and Phosphorous levels and disinfect the water with Chlorine providing safe recycled water for sub-surface irrigation.

By optimising the capture and reuse of these sources of non-potable supply it will enable the Gingin Eco Lifestyle Village to preserve potable supply for in-house use only, reducing demand considerably.

Stormwater Management

Stormwater runoff from within the Lifestyle Village will be managed via roadside swales wherever possible to capture and infiltrate runoff at source and minimise the requirement for formal piped stormwater drainage.

The existing soak/dam and the informal drainage line from southern to the northern portion of the site are intended to be retained and enhanced through a public open space corridor through the lifestyle village.

The stormwater retention basin at the north-eastern end of the site will be used to retain and remove nutrients from stormwater runoff and attenuate flows in major storm events.

Wastewater Management

Gingin does not have reticulated sewer and as such it is proposed that an on-site wastewater treatment and recycling will boost site-generated non-potable supplies and ensure potable water is not used on the common area gardens and landscaped areas. The preferred on-site secondary wastewater treatment system is the Aquarius O-3 Alternative Treatment Unit.

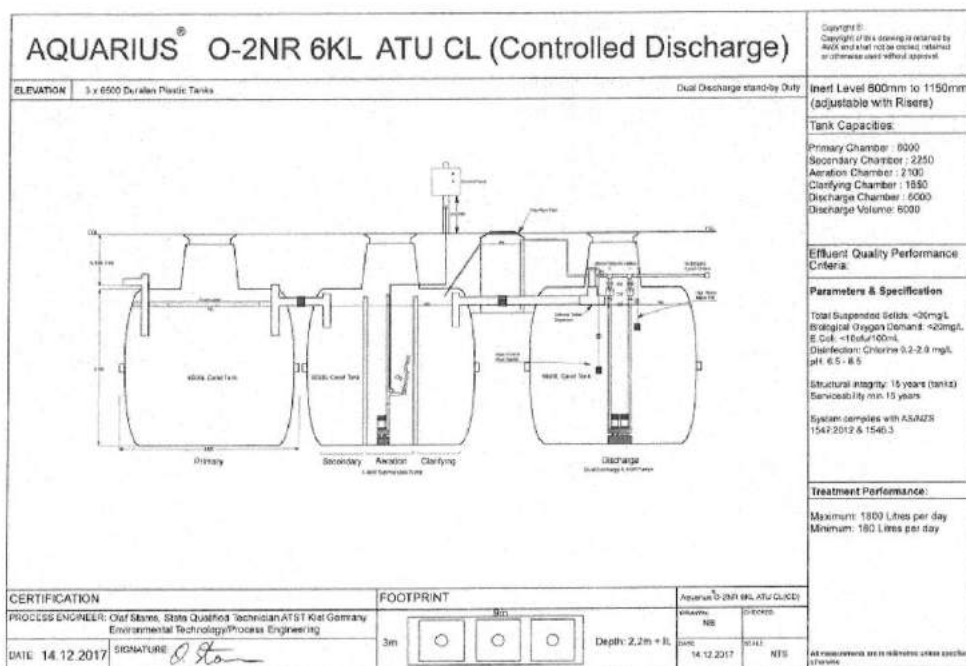

The Aerobic Treatment Units are designed and engineered in Germany and assembled and supported in Australia by Aquarius. The robust and durable injection moulded tanks deliver:

- reliable treatment of wastewater under SBR (sequential batch reactor) technology
- automatic sludge return
- Nitrate and Phosphate reduction
- Advanced air lift technology in place of pumps
- Lower operating and maintenance costs

All units are to Australian Standard Certification and are WA Health Department Approved. With Chlorine treatment built in to the unit, the treated wastewater is disinfected to a standard verified by the Health Department as suitable for irrigation both sub-surface and via sprinkler.

The decision to use a Health Department approved ATU with secondary treatment chambers for aeration, clarification and disinfection provides a higher-level treatment and thereby produces a fit for purpose source of non-potable irrigation water. Key aspects that support this safe and sustainable use of these ATUs are:

- the site is not in a sewage sensitive area.
- the 6kL ATU systems will be used with 3 large tanks as these are sized sufficiently to service a 20-lot stage based on average occupancy rates per home which will simplify operations and provide greater redundancy capacity.
- taking into consideration the soil types and geotechnical information, there is more than adequate separation from groundwater to exceed the 0.6 to 1.5m requirement.
- the method of irrigation will be sub-surface and in the landscaped areas within each stage of the Village.
- stand-by pumps will be in the ATUs as back up and innovative leach drains will be installed to manage overflow in case of power disruption.
- residents in the village will be educated on the management of the system including what chemicals upset the system and the eco lifestyle philosophy encourages behaviour that respects the water cycle and the reduce, reuse and recycle outcome sought.
- the maintenance rests with the Lifestyle Village owner who is on site.

Power

Existing Infrastructure

There is an existing 22kV power line on the north side of Old Mooliabeenee Road from which a connection is possible. The location of existing Western Power infrastructure and network capacity is shown in the Engineering Services Report by Urbanise in the Appendices.

Solar Battery Microgrid

The Gingin Eco Lifestyle Village will require substantially less electricity from the network as a combination of solar arrays with banks of batteries will be optimised and staged to grow to deliver capacity to the local village grid requiring limited back up from the conventional Western Power grid.

Western Power are engaged in the Northam Eco Lifestyle Village whereby the headworks infrastructure is being appropriately sized to recognise the Village microgrid thereby optimising supply and providing more affordable power pricing for the future Village residents.

Western Power have indicated they are keen to continue this approach with the Gingin Eco Lifestyle Village.

Gas

There is no reticulated gas network in Gingin and any internal gas supply will need to be via bottled gas supply.

Communications

Telstra has existing infrastructure in Old Mooliabeenee Road which can be extended to service the Village.

The NBN rollout map indicates that an NBN wireless service is available in the area. It is planned to use this service or a similar service to provide a quality internet service to the residents of the Village.

6. Sustainability

The Gingin Eco Lifestyle Village is designed to 'do more with less' with natural resources and touching lightly the landscape with homes and structures that minimise earth-working and retaining walls. Lower use of utility services of potable water and power not only reduces user costs, but generate a much lower carbon footprint.

It is estimated that the Eco Lifestyle Village will achieve a 40% reduction in potable water use, with only non-potable sources used outside the dwellings and Clubhouse.

Reliance on conventional Western Power grid solution will be significantly reduced by up to 80% with solar/battery system managed by the Lifestyle Village operator at lower than grid scheme costs.

With productive edible landscapes watered from local non-potable sources, green corridors will be created in the designated area as shown on the masterplan to provide organically grown fresh fruits, nuts and vegetables for the village residents.

Social connection and community based activities will be central to the Gingin Eco Lifestyle Village and will create a vibrant connected community that will contribute to the local Gingin economy.

The Eco Advantages summarise the value offering that the Gingin Eco Lifestyle Village will offer to future residents respecting that their needs come first as outlined in the four key Eco Advantages of:

1. Zero Exit Fees
2. Healthier Living
3. Lower Living Costs
4. Stay Connected

Eco Advantages

Gingin Eco Lifestyle Village incorporates best practice design and sustainable living practices across 4 key areas.

Zero Exit Fees

1 You own your own home

Once you purchase a home from our selection, you own it 100%. You pay a weekly fee to secure your home-site for long term lease.

2 Pay no exit fees when you leave

You buy your home, pay one Standard Weekly Fee, and absolutely ZERO fees on the way out.

3 You keep your capital

You enjoy the peace of mind knowing you'll benefit 100% from any capital growth on your home over time.

4 You can sell your home yourself

... or use any agent of your choice.

Healthier Living

1 Staying in shape

- ✓ Pool for low impact exercise
- ✓ Gym for fitness and strengthening
- ✓ Progressive development of an organic village garden producing fresh seasonal vegetables and fruit
- ✓ Enjoy walking through the Village and to the local shops and community facilities

3 Enjoy more space

- ✓ Eco Lifestyle Villages have generous homesites (approx 400m2) that vary in size and promote an attractive streetscape appeal
- ✓ Open space to relax and breathe in the fresh air

2 Enjoy peace of mind

- ✓ Leave the stress and traffic behind
- ✓ Village life will increase your sense of safety, security and peace of mind

Lower Living Costs

1 Sustainable living principles = Sustainable savings for you:

- ✓ Solar, battery micro-grid
- ✓ Use of pool & gym
- ✓ Affordable Internet
- ✓ Recycled & non-potable water sources
- ✓ Seasonal fresh fruit & vegetables from Village's organic garden

2 One Standard Weekly Fee = affordability because it covers:

- ✓ Shire & water rates
- ✓ Use & upkeep of facilities
- ✓ Lease of the land
- ✓ Village Management
- ✓ Infrastructure & services

Lower Living Costs (continued)

1 Pensioners = Eligible for Weekly Rent Subsidy	2 Estimated Village Living Costs =
If you're a Pensioner or Centrelink/Veterans Affairs beneficiary, you'll likely qualify for Government rent assistance circa \$60/week.	Annual Levy for a couple [\$180 x 52 wks =]: \$9,360
This further reduces your living costs.	Estimated annual savings for you
	LESS –
	Pensioner rent assistance [\$60 x 52 wks =]: (\$3,120)
	Shire rates \$1,500
	Water rates \$1,000
	Reduced power bill \$570
	Affordable Internet [usual WIFI cost/month:] \$720
	Gym club memberships x 2 \$1,560
	(\$5,350)
	[Annual Levy Less Rent Asst + Living Costs =]: (\$8,470)
	SURPLUS to live in the Village: \$890
	PLUS – Bonus Advantages:
	Security + Peace of mind + Friendships Priceless
	Seasonal organic Fruit & Veg ✓

Stay Connected

1 Country Town Living on the Doorstep of the City	2 Connect within the Community
✓ Only an hour away from the City	✓ Attend local community sports & recreational events
✓ In a country town environment	✓ Village transport to help you get around (minibus)
✓ Eco Lifestyle Villages support local communities	✓ Join in community activities
3 Connect within the Village	
✓ Meet likeminded people	
✓ On-site recycling facility	
✓ Arts & Crafts	
✓ Clubhouse	
✓ Pool & Gym	
✓ Affordable Internet for easy living	

7. Implementation

The Gingin Eco Lifestyle Village will be staged over a 7 to 10 year period based on demand and with stages providing leasehold sites for approximately 20 homes being produced bi-annually.

The Clubhouse facility will be completed in the first three years of the development to provide amenity and facilities that will enhance the lifestyle for those residents moving in to the Village in the early years.

A display village showcasing the homes will be built as a part of Stage 1 along with the main entrance. Specific home types may be pre-allocated for each homesite to optimise site orientation and landform.

The existing winter creek dam will be redesigned and reconstructed as a part of Stage 1 to capture stormwater runoff along with the lower retention basin.

Depending on the development approval, it is envisaged that on-site earthworks will commence in early 2019 with the display village opening in mid-2019.

8. Conclusion

The Gingin Eco lifestyle Village will fill a market demand for people over 45 who are seeking to downsize and enjoy country living on the city's doorstep.

The marketing of Gingin will be key in focussing the Perth market on looking north just beyond the sprawling urban corridor which, with the North Link extension to Muchea scheduled for completion in mid-2019, will position Gingin just 50 minutes from the Perth CBD offering a unique town in the valley lifestyle.

The Gingin Eco Lifestyle Village development will provide a sustainable boost to the local Gingin economy and underpin steady growth in health and well-being related services over time.

H&H Development Enterprises looks forward to working with the Shire and respectfully seeks the support of the Shire and Councillors for the expeditious approval of the Gingin Eco Lifestyle Village.

1 BACKGROUND

This study presents the results of a desktop investigation undertaken by Urbanise WA for proposed Gingin Eco-Lifestyle Village located at Lot 11 Old Mooliabeenee Road, Gingin (known as "Lot 11" for the remainder of this report). The following sections contained in this report further describe the likely conditions, servicing and works required for the purpose of the leasehold Lifestyle Village development.

Lot 11 is located in the Shire of Gingin, who is the governing local authority for the proposed development. The Shire's standards for development are the IPWEA guidelines. The site is currently zoned Rural un-coded and there are essential service infrastructure required for this development nearby.

1.1 GENERAL SITE EVALUATION

The subject land has an area of approximately 10.460 hectares (ha) and is located within the Shire of Gingin. It is located approximately 330m east from the intersection of Weld Street and Old Mooliabeenee Road.

It is proposed to construct up to 120 lifestyle village homes over Lot 11 as shown below.

Desktop study observations indicate the subject area is cleared of majority of trees and shrubs and is an old farm land/vineyard. An existing water tank and dam is located to the high point along the southern boundary.

No ground water contours are available for this site from Perth Ground Water Atlas.

1.2 ROADWORKS

The proposed development shows two access points will be provided off Old Mooliabeenee Road to service the proposed development, with the main entrance requiring a slip lane and road widening to the existing road.

The design of the internal roadways is to provide unambiguous internal movements and encourage a low speed and safe environment while maintaining a country style look. All internal roads will be

5.5m width two-way pavement with shoulders and no kerbs along lot frontages.

Based on the geotechnical information and design parameters for pavements, the pavement thickness will be required to be the order of 250mm.

The internal roadways will be typical for land leased lifestyle village where all internal roads are owned and maintained by the village.

1.3 STORMWATER MANAGEMENT

The existing Old Mooliabeenee Road drainage is to be upgraded with disposal towards the eastern side of the site. Subject to detailed design it is likely that approximately 50-75% of the stormwater could be redirected to the east based on levels in the feature survey. Subject to a Stormwater Management Plan, overflow from the retention basins may be directed to the Old Mooliabeenee drainage system.

A Stormwater Management Plan is expected as a condition of the Development Application for the site and will present the drainage management strategy that is proposed for implementation across the site.

A land lease development will provide flexibility in the implementation of alternative or innovative wastewater treatment solutions, as the system can be managed and controlled by the village owner rather than individual home owners.

1.5 WATER AND FIREWATER RETICULATION

The Water Corporation currently provides a 100mm diameter water main to Lot 5 which is adjacent to the site. This main may require upgrading and that will be determined following more detailed servicing discussions with the Corporation.

One key element for consideration in these discussions will be the static water pressure available to the site. The Town water supply is located south of the development site at an approximate elevation of 150m above sea level. The highest elevation of the development site is 130m, subject to pressure and head losses, there may not be sufficient pressure to adequately service homes to the south of the site at the higher levels.

Fire water reticulation main has been allowed throughout the site with a hydrant booster arrangement to be located at the main entrance off Old Mooliabeneene Road.

1.6 IRRIGATION AND LANDSCAPING

The Department of Water have advised there is a surficial aquifer, but this has a very low yield of the order of 0.5-1L/s.

The irrigation water to implement the landscape management plan for the site will be sourced from a sustainable mix of local groundwater, stormwater collection and treated wastewater recycling from the ATUs. A local water balance will be conducted to ensure the sustainable management of the proposed landscape plan which will feature areas of managed productive landscape (seasonal fruits and vegetables) together with native flowering shrubs and ground covers with shade trees for canopy cover and amenity.

Water will be managed to limit the use of potable drinking water to inside the homes and limit evaporation losses with the use of sub surface irrigation systems in landscaped areas.

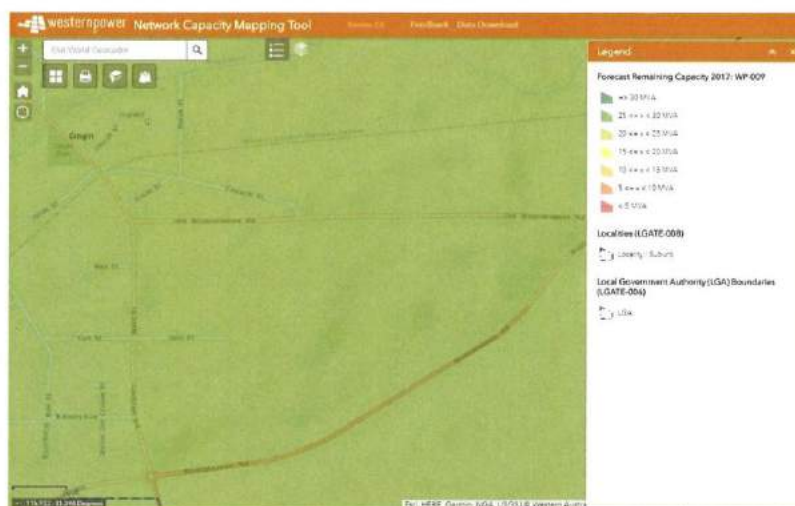

1.7 ELECTRICAL RETICULATION

There is an existing 22kV power line on the north side of Old Mooliabeneene Road, which will be the connection point into the development. From Western Power's information it appears there is capacity and the HV circuit the development can connect to this circuit.

Western Power will only provide one point of supply into the single lot development.

The intersection and crossover will require lighting. External light design can be undertaken by the electrical consultant and then Western Power provide a price for their component and contractor to install.

All electrical power reticulation throughout the development site will be underground. It is recognised that the proponent intends to install a solar battery microgrid to reduce the reliance on grid generated power to lower the energy costs to residents. This will reduce the need for traditionally sized headworks Infrastructure from Western Power which can be appropriately designed once the Development Approval is in place and can be located along Old Mooliabeenee Road.

1.8 TELECOMMUNICATIONS

Telstra communications is available in the area, but does not extend past the development site on Old Mooliabeenee Rd. Extension of Telstra communication will be required from either the existing homes to the west on Old Mooliabeenee Rd, or from Edwards St.

It is envisaged that telecommunications and broadband infrastructure in this development would be supplied via the National Broadband Network (NBN) which requires developers to install an approved pit and pipe system as part of the development.

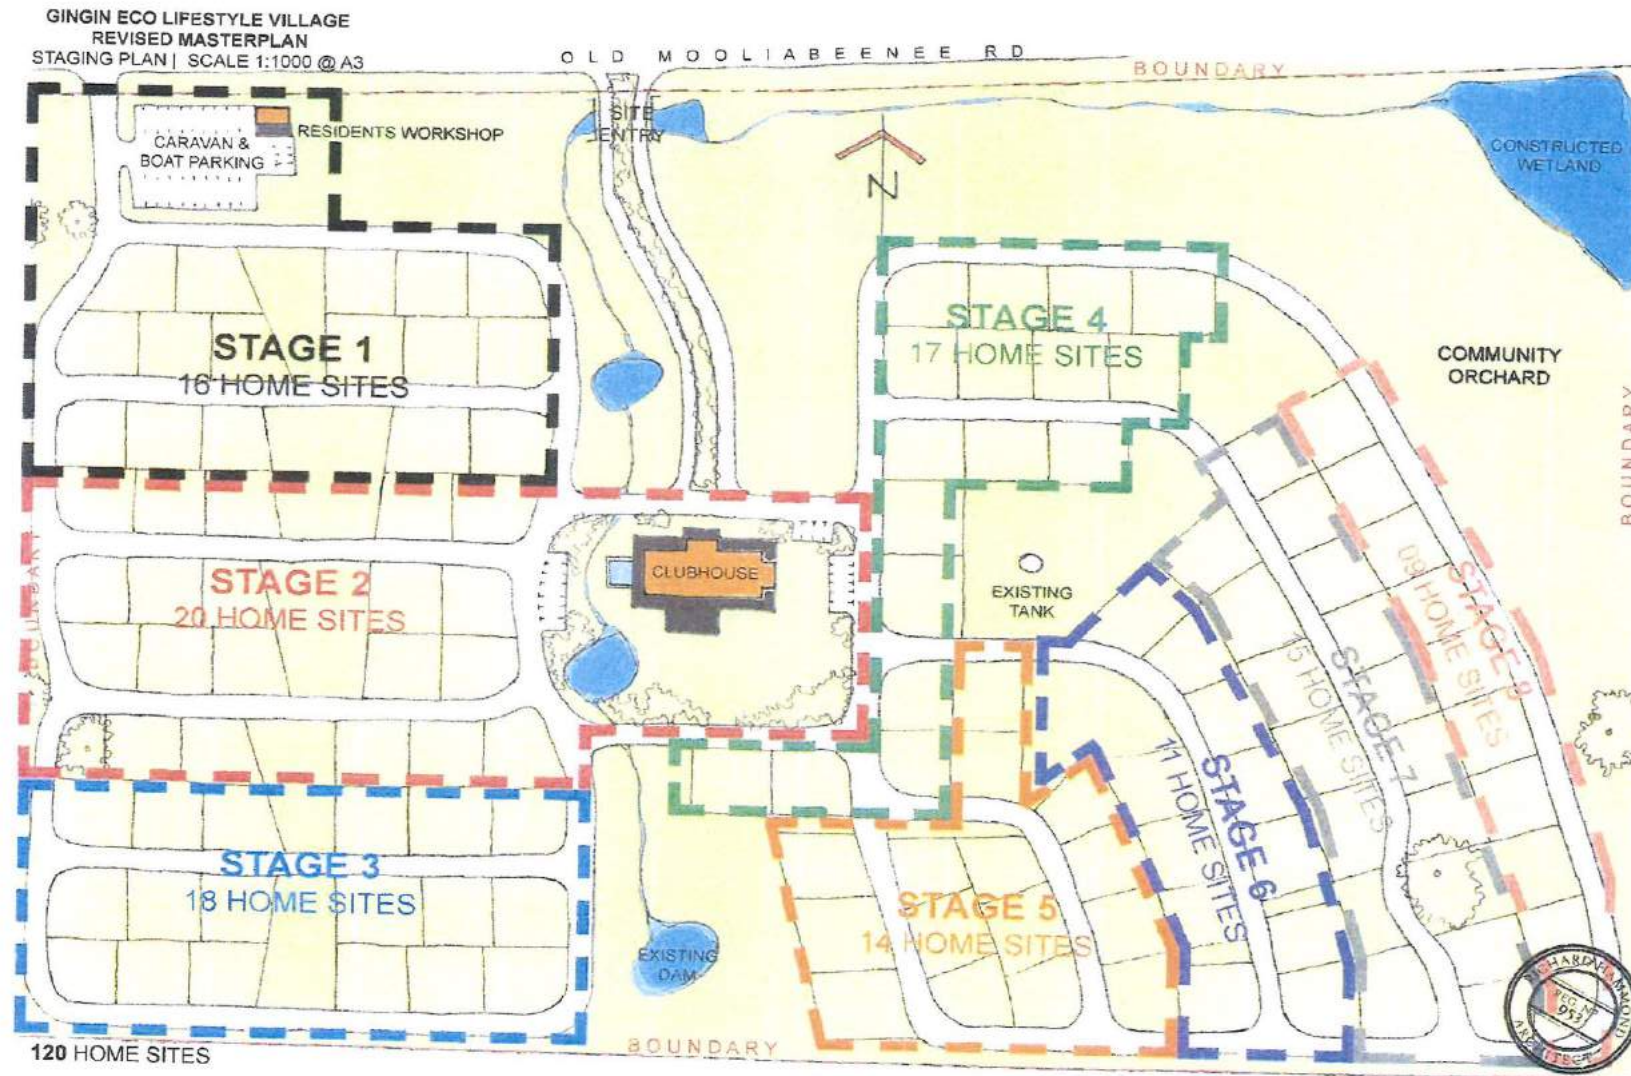

1.9 GAS RETICULATION

There are no gas reticulation network within Shire of Gingen.

Appendix 3:

Geotechnical Report - CMW

APPENDIX 2

APPENDIX 3

SCHEDULE OF SUBMISSIONS AND RECOMMENDED RESPONSES

APPLICATION FOR DEVELOPMENT APPROVAL PROPOSED ECO-LIFESTYLE VILLAGE ON LOT 11 OLD MOOLIBEENEE ROAD, GINGIN

No.	Submitter	Submission Detail	Recommended Response
1.	Ratepayer	<p>The Submitter does not support the proposal and makes the following comments:</p> <p><i>"Added to the copy of the attached sheet due on 19th Feb 2018. Now that the goal posts have moved I am concerned that 45 year old couples may have children, this may lead to Trespass, Vandalism and Littering."</i></p>	<p>The Residential Lease Agreement does not permit the permanent habitation of children within the Lifestyle Village.</p> <p>Children, grandchildren are allowed to visit but cannot exceed six weeks within any 12 month period.</p> <p><i>Trespass, Vandalism and Littering are not planning considerations.</i></p>
2.	Ratepayer	<p>The Submitter makes the following comments:</p> <p><i>"This site should be develop for age people who need medical care, someone to drive them to specialist appointments, 24 hours, 7 days care (if needed). Disability ramps, bathroom and toilet ramps, the homes to be fitted for people who have disabilities and what they need in their homes to have a better quality of life."</i></p>	<p>General comment received.</p>
3.	Ratepayer	<p>The Submitter supports the proposal and makes the following comments:</p> <p><i>"To ensure much needed medical facilities increased population is needed."</i></p>	<p>Noted.</p>

APPENDIX 4

SCHEDULE OF SUBMISSIONS AND RECOMMENDED RESPONSES

APPLICATION FOR DEVELOPMENT APPROVAL PROPOSED ECO-LIFESTYLE VILLAGE ON LOT 11 OLD MOOLIABEENEE ROAD, GINGIN

No.	Submitter	Submission Detail	Recommended Response
1.	Ratepayer	<p>The Submitter does not support the proposal and makes the following comments:</p> <p><i>"In relation to the above proposal by H & H Development Enterprises Pty Ltd, firstly, we wish to record our view that the development is the wrong location and too far removed from the central business district- shops, doctor, post office etc.</i></p> <p><i>With regard to the ownership of Lot 11, Old Mooliabeenee Road, we feel that the purchase price of \$195,000 for 10 hectares was a "steal" as far as H & H Development Enterprises Pty Ltd (the Developer) is concerned. While we concede we may have missed the advertising of the proposed disposition of the land, it is noted in the Minutes of the council Meeting of 1 August 2017 that the Council agreed to sell the lot to Sanvidel Pty Ltd, so it is assumed that all mandatory, statutory advertising and notifications were undertaken in accordance with relevant Legislation. The decision to use the McGee's to value the property (at a cost of \$3850) is somewhat strange bearing in mind that there are two local Real Estate Agents who would have been more than capable of providing a valuation.</i></p> <p><i>Referring to the DA submission, we take the following comments in relation to a number of deficiencies in the document:</i></p> <p><i>1. Gingin Community Consultation (page 5):</i></p> <p><i>A citation from a Lancelin respondent on page 5 of the Community Consultation Report states "Need better housing options for an aging community – e.g. lifestyle village and shelter accommodation".</i></p>	<p>Please note only the relevant planning considerations have been addressed.</p> <p>Other comments are general comments received and therefore are not a planning consideration.</p> <p><u>Location of the caravan and boat parking bay</u></p> <p>In the event Council approves the proposal, a condition of the planning approval will require the following to address neighbours visual amenity concerns:</p> <p>Prior to occupation of Stage 1, vegetation is to be planted and maintained on the property to screen the caravan & boat parking area, residents' workshop and recycling facility from the adjoining properties to the satisfaction of the Shire of Gingin.</p> <p><u>Club house facilities</u></p> <p>Prior to the commencement of Stage 3 of the development the club house is to be constructed in accordance with the approved plans.</p>

	<p><i>What relevance is there with comments from people in Lancelin in regards to Gingin?</i></p> <p><i>2. Gingin Community Feedback (Pie charts Page 6)</i></p> <p><i>Usually a pie chart displays a total of 100% - the House preference chart adds only 80% - what did the other 20% have to say – OR weren't their comments supportive?</i></p> <p><i>3. Village Masterplan (Page 11)</i></p> <p><i>The location of the caravan and boat parking bay, situated so close to Old Mooliabeenee Road could be an "open invitation" to thieves. Would it not be better located towards the rear of the property so as not to be a temptation and also, not to obstruct the "impressive views" of the homes in Stage 1?</i></p> <p><i>4. Housing Typology (Pages 12-15)</i></p> <p><i>No-where amongst the descriptions of the various house plans, is there any indication of the proposed cost of the homes. In our opinion, cost would have to be first and foremost in any prospective owners decision making process.</i></p> <p><i>5. Clubhouse Facilities (Page 16 & 26)</i></p> <p><i>On page 26, there is an indication that the Clubhouse is likely to be constructed with three years. Is this upon completion of Stage 1, Stage 2 or when and is it dependant upon pre-determined number of home sales?</i></p> <p><i>6. Lower Living Costs (Pages 24 and 25)</i></p> <p><i>The proponent's statement in the Healthier Living component "Enjoy</i></p>	<p><u>Location and zoning of the subject lot</u></p> <p>This locality has been identified in the Shire of Gingin's Local Planning Strategy as future urban development. Furthermore, the subject lot is within the Gingin townsite and zoned General Rural which Local Planning Scheme No. 9, clause 4.8.6.9 allows at councils discretion land uses that are for aged persons accommodation and retirement village.</p> <p>The proposal complies with the above clause.</p> <p><u>Advertising of the proposal</u></p> <p>Please refer to Community Consultation in the Comment section of the Officer's report for further information.</p>
--	--	--

	<p>walking through the village and to the local shops and community facilities" might be accurate if the development wasn't being proposed for the over 55 demographic! Walking up the hill to Old Mooliabeenee Road with a basket of shopping won't be easy!!</p> <p>The proponent has very cleverly provided details of cost savings – BUT for those Pensioners Eligible for Weekly Rent Subsidy only – and does Centrelink pay that subsidy if you are living in your "own home"? Some further clarification needs to be provided in this regard and also costings shown for those residents who are not Pensioners who will be paying \$4,010 in Annual Levy payments. If you take out the \$1560 allocated for gym memberships, the figures are even less flattering.</p> <p>In the "Stay Connected" box, there is a statement that "a minibus will help you get around: - who provides this, pays for it and drives it etc. Lots more clarification required here!</p> <p>Finally, in our view, the proponents are being very optimistic in regard to their plans to build 120 homes on this site. Have their Council, undertaken any studies to gauge the current level of interest? There appears to have been quite some confusion in the community as to where the development is actually going to be constructed and until the item appeared on the Shire's website and the "red" planning sign got erected on the lot, not many people knew anything about it! Isn't that what your "Council to Community" is for – inform people of what's going on."</p> <p>I have seen the sign on the property, and I have read the proposal on the Council website, BUT for such an important issue, to go one step further and place notices on Council notice boards would have made the Council look so much more proactive and communicative, not to mention including an item in the Council to Community publication!</p> <p>'Proposed Aged Person's Accommodation'</p>	
--	---	--

	<p><i>Whereas in fact it is an over '55' Eco lifestyle village. There is a contradiction in terms for a start which is misleading.</i></p> <p><i>Elderly people who may have previously expressed an interest in Aged Accommodation during any Council consultation processes, would probably fall into the age group 70, 80 and above. As you would be aware, there are many people in that age demographic in Gingin who don't have a computer, or the necessary skills or desire to search websites. Nor do some of them have the ability or need to drive along Old Mooliabeenee Road to reach a red sign! Whereas, most of them look at notices on notice boards and in the shop windows and pick up free Northern Valley News.</i></p> <p><i>So, How do they find out about proposals that may be important to them?</i></p> <p><i>Notifying neighbours who may be affected by the proposal sounds and meets statutory requirements, but how many are there? Probably no more than half a dozen I would hazard to guess.</i></p> <p><i>Is a lack of submissions (because no-one knows about it) going to be interpreted by Council as "everyone thinks its great so lets go ahead"?</i></p> <p><i>While emailing on this topic, there are a few more comments I wish to make in relation to the proposal in addition to my submission lodged earlier:</i></p> <ol style="list-style-type: none"> <i>1. How are those residents without a car, or incapable of driving one, going to get from the proposed site to the Doctor, Chemist, Post Office, or shops, as Old Mooliabeenee Road is devoid of footpaths for use of pedestrians, bicycles or gophers?</i> <i>2. Are there going to be any homes built for rental accommodation?</i> 	
--	--	--

		<p>3. Will residents be permitted to have pets and if so, how is the rural post and wire fencing proposed, going to be adequate to keep dogs contained on the property?</p> <p>4. If aged people are going to reside in the houses, surely a flat site, rather than on the side of a hill would be more beneficial and probably save falls etc</p> <p>5. I am also disappointed that a number of Councillors and staff who have been asked the question, are unaware of this proposal and when and where it is going to be located, so not only has the general public been kept in the dark, so have those who should know about it!</p> <p>6. Have any Councillors, Shire Staff or more importantly the proponents, walked or tried to drive over that property in a moderate winter and witnessed the amount of water being shed off the hill to the South (Lot 101. Even with modern type drainage, what happens when the water in the constructed wetland overflows – where is it going to go then and who will meet the cost of installing additional drainage down the Gingin Brook? That raises more concerns with possible silting and contamination!!! Obviously more information is required concerning water/drainage issues.</p> <p>In closing much more detail is required before anyone could make an informed decision on relation to this proposal.”</p>	
2.	Ratepayer	<p>The Submitter provides the following general comments:</p> <p>“1.Our main concern is the run off. In significant rain events now we have considerable runoff to the point of a gully being formed on the west side of our property.</p> <p>2. Would there be a large overhead transformer on our side of Old</p>	<p><u>Stormwater Runoff</u> The proposal will be required to retain all storm water onsite.</p> <p>In the event Council approves the proposal, the proponent will be required to submit an Urban</p>

		Mooliabeenee Road."	<p>Water Management Plan addressing such issues in design detail.</p> <p><u>Overhead transformer</u></p> <p>All power servicing the subject will be at the approval from Western Power.</p>
3.	Ratepayer	<p>The Submitter provides the following general comments:</p> <p><i>"Whilst the plan solves one problem, I envisage it creates another BIG problem. It seems to me there is actually no "Aged Care" factor in it. It has the potential to attract a big number of ageing people to a town with extremely limited aged care resources. We will need 3 Community cars, 2 more doctors, double Silver Chain etc. etc. We are not coping with present numbers as people age. The generation of people who made Gingin what it is, are being dispatched one by one to Perth, where they know no-one and are not known for what they have done in this town. They are just "that old lady/man in room x" and are treated with little dignity. People like ... are hanging in for now and receiving the best they deserve at the end of their life, but few can hold out much longer. In South Australia, there are residential places in the town which where they are known and people of the town take turns coming in and cooking home-cooked meals and including them in the community they know. This development NEEDS to include something to meet these needs. If not, there is a huge problem coming up down the track. We need to think ahead, and not just meet a current need. This development attract from other areas, even Perth, who will expect to be cared for in the next stage, and if it is not there they face a second upheaval, which older people don't cope with. That leads to mental health problems too. Please think better than just the convenience of smaller housing. Gingin people cope quite a well in their homes as they are until in to their 80's. They may not move at 55 and up."</i></p>	<p>General comment received. Not planning consideration.</p>

4.	Ratepayer	<p>The Submitter does not support the proposal and makes the following comments:</p> <p><i>"Preamble</i></p> <p><i>"At the outset of my response I wish to state the proposal does not address the issue of "Aged Care" in the town site of Gingin as undersigned in the covering note authorized by Jeremy Edwards, CEO - Shire of Gingin, on the Shire of Gingin website.</i></p> <p><i>It is, as the header of the document states, a "lifestyle" village and the proposed infrastructure caters for the over 55's within what essentially is a gated community.</i></p> <p><i>I have been to a number of the consultative meetings on the future of accommodation for seniors in the town site of Gingin and the need for aged care has always been the paramount concern – not a need for Lifestyle for over 55's. To use a respondents comment from Lancelin stating "... need for better housing options for an aging community – e.g. lifestyle village ..." to support this document is misleading. Firstly the Lancelin demographic is totally different to that of the town site of Gingin. This seaside town has generally had a large population of 2nd home owners who holiday within the community and want to retire fulltime to Lancelin, or annual holiday makers who would like to settle into the community at a future date. There is also a small adjunct population of service and fishing families.</i></p> <p><i>By way of comparison and contrast Gingin as the "capital" of the Shire already has a large population of aged and aging people who have retired from the surrounding farms and orchards. It also, in more recent times, has opened up the residential subdivisions of Honeycomb, Marchmont, Strathalbyn and the area near Wowra Drive. These home owners are now considering their future in terms</i></p>	<p>Please note only the relevant planning considerations have been addressed.</p> <p>Other comments are general comments received and therefore are not a planning consideration</p> <p><u>Aged Persons' Accommodation</u></p> <p>The proposal is for aged persons' accommodation which is defined as a person who is aged 55 years or over.</p> <p>Permitted residency of the Aged Persons' Accommodation (Eco-Lifestyle Village) is restricted to at least one resident being aged 55 years or over per dwelling, which shall be stipulated in the Residential Lease Agreement;</p> <p><u>Advertising of the proposal</u></p> <p>Please refer to Community Consultation in the Comment section of the Officer's report for further information.</p> <p><u>Stormwater Runoff</u></p> <p>The proposal will be required to retain all storm water onsite.</p> <p>In the event Council approves the proposal, the proponent will be required to submit an Urban Water Management Plan addressing such issues in design detail.</p>
----	-----------	---	--

	<p><i>of aged facilities, but not in terms of "lifestyle villages" (They already have an existing "lifestyle" as residents of Gingin). These people are concerned for the provision of assisted care or equivalent in a smaller home on a smaller block within "their town". The Gingin Eco Lifestyle Village Document on no page mentions assistance for the aged – it caters for the fully independent who have caravans and boats, with access to onsite facilities through additional service fees. (As an aside all of these facilities, and more, are already available to our local residents – the town has a gym, swimming pool, any amount of Club Rooms attached to the existing sporting facilities and a fully equipped Men's Shed workshop)</i></p> <p><i>So in summary I do not support this proposal as an answer to the provision of aged care for the townspeople of Gingin as claimed in the website preamble announcing the project. Furthermore I think its presentation to the residents of the Shire of Gingin has been somewhat "sneaky" in terms of time frame and visibility of notification.</i></p> <p><i>It is my understanding the Gingin Eco Lifestyle Village DA Submission was placed on the Shire of Gingin's Website on 2 February 2018 and a sign was located at the Old Mooliabeenee Road site on the same day. However I believe the majority of the town's population would not have sighted either of these notifications until "conversation" started to circulate that a written comment was required by a closing date and time of 4.00pm 19 February 2018. There have, to the best of my knowledge, been no notices in the print media – West Australian, Northern Valley News or the Advocate - , no notices in the Gingin Shire Community to People newsletter, no notice on Gingin Shire Notice Boards or flyers on business outlets requesting public responses to this submission.</i></p> <p><i>Therefore a limited response from the general population must be expected; meaning it will not be a representative of public opinion.</i></p>	<p><u>Traffic, access road and footpath network</u></p> <p>Primary and secondary access to the site will be via Old Mooliabeenee Road. This road is already bituminised and has adequate width of 7.4m and does not require any further widening to accommodate the additional traffic generated by the proposed development. Although the current road surface of Old Mooliabeenee Road is in good condition it would be prudent to consider the developer installing a disabled access pathway (2.5m wide concrete path) on the south side of Mooliabeenee Road from the proposed main access.</p> <p>This length of path may be approximately (subject to detailed design) 200m from the proposed main access to the western boundary of Lot 11. To facilitate the installation of a pathway the road would need to be kerbed, drained and filled; similar to the existing standard west of Lot 11. The Shire may look at installing a disabled pathway on Old Mooliabeenee Road to link to the existing pathway network on Weld Street (i.e. between the western boundary of Lot 11 and Weld Street). The installation of the pathway would link the residents of Lot 11 to the amenities provided within the Gingin town site.</p> <p>Consideration should be given to the internal roadways being kerbed (negates open drains and culvert crossings) due to soil type and permeability as identified in geotechnical results in the report.</p>
--	--	---

	<p>To meet the 4pm 19 February 2018 deadline this response is being sent by email and a signed hardcopy document will be at the Council Office a few days later to this date.</p> <p>Specific Comments on the Gingin Eco Lifestyle Village as presented in terms of site design, integration of residents within the broader Gingin community et al. (These comments are in no order of priority but as appear page by page in the document)</p> <p>1 It caters exclusively for the active over 55's market (p4). It offers no accommodation or assistance for "aging in place". For example there is no mention of "call assistance" available within the house designs or village. Currently there is no after hours medical assistance available within the town. For after hours first aid and medical emergencies the town relies on a voluntary ambulance service which is required to take residents to medical centres that are some 60kms away. (A lack of volunteers is already creating problems for this invaluable service)</p> <p>2 The model is clearly being marketed to the "metropolitan incomer" – stating the planned Muchea North Link will enable a "lifestyle destination on the doorstep of the Perth metropolitan area."(p4) In general other such lifestyle developments in regional towns have not met the needs of the aging local communities but have provided a cheaper way of living for former metropolitan residents who are "cashed up" following the sale of their city properties.</p> <p>3 There is no mention the "Village" will provide rental accommodation. Currently this town has a number of former State Housing homes / units with aging residents. Where are they to get the capital for a purchase deposit and ongoing levies? There is also a considerable middle age cohort who rent privately within the town – where do they get the capital for home ownership with in this complex?</p>	<p>In the event Council approves the proposal a condition of the planning approval will require the applicant to submit prior to site works commencing a Traffic Impact Assessment and an Urban Water Management Plan to be approved to the satisfaction of the Shire of Gingin.</p> <p>Planning conditions have also been imposed on the provision of a disabled access pathway.</p> <p><u>Rural Fencing</u></p> <p>Clause 4.8.6.5 of LPS 9 states fencing shall conform to the standard of rural fencing in the district, and the use of solid panel fencings except in the immediate vicinity of the residence will only be permitted with the approval of local government.</p> <p>The proposal has stated that fencing will be rural style with open wire and posts. This type of fencing is considered to comply with the above clause.</p> <p><u>Pet Ownership</u></p> <p>Pet ownership is not a planning consideration. However the managers of the lifestyle village do allow pet ownership. All dog and cat control is administered under the Dogs Local Law 2004 (as amended) and Keeping and Control of Cats Local Law 2016 respectively.</p>
--	--	---

		<p><i>4 120 modular homes with the potential for 180 residents on a 10 hectare site, a 30 bay boat caravan site plus community facilities is a "high density living plan" in my view vis a vis the open vista life style that is synonymous with the town site of Gingin. Potential issues that come with high density living include intolerance, lack of privacy, higher than desired noise levels etc. These factors then necessitate restrictive residential bylaws which have the potential to impose on the more common sense of civil liberties</i></p> <p><i>5 The question of retired over 55's being the primary residents of the Village must be challenged. Current Federal and State Government policy is to encourage and facilitate everyone to remain in the workforce until they are 70. This has been underscored with the incremental change in access to the aged pension over the last few years. Therefore it is likely that the residents of the lifestyle Village will not be the local aging/aged demographic but participating members of the general workforce – and where will these people work – not in the town site of Gingin but employed in the northern hubs of Joondalup/ Midland/ Ellenbrook, Malaga/ Wangara. This all in turn is facilitated by the Muchea North Link which is identified in the proposal as a bonus feature to desirability of this development. (p4) Already the town has a large number of residents who commute to these areas to work. In fact Gingin could already be defined as an emerging commuter town.</i></p> <p><i>6 Vehicle ownership for mobility is essential in country towns. Gingin is no exception – it has no daily return public transport service to the metropolitan area and no private taxi cab service. (Currently a taxi fare one way is in excess of \$150) Thus the residents of the proposed village will be required to own a vehicle. With 120 units and with a 1.5 person ratio (p19) it is likely there will be 180 vehicles for the 10 hectare site (exclusive of caravans, gophers, motor bikes). This is a matter of concern - and if a number of these are</i></p>	
--	--	---	--

	<p><i>daily commuters for work it will add to already growing congestion and safety issues on the main arterial road – Brand Highway. It is also noted in the proposal "... the likely traffic movements will have minimal impact on Old Mooliabeenee Road ..." (p19) This statement must be challenged. The Old Mooliabeenee Road is the main road for the residents of the Gingin town site and the northern districts to travel to Bindoon. The local residents do not travel up to the roundabout at Honeycomb Road/ New Mooliabeenee Road, turn east and travel to Bindoon. The shortest distance between two points is to travel via the Old Mooliabeenee Road. So potential traffic hazards can be identified at the junction of the Eco Lifestyle Village and the Old Mooliabeenee Road. Another factor that must be considered is the proposed new Bindoon bypass road which will bring traffic to the west of Bindoon in the vicinity of the Wells Glover Road. This bypass will intersect on the Mooliabeenee Road bringing even more traffic past the EFV as it turns at the Old Mooliabeenee Road and then down into the Gingin town site.</i></p> <p>7 The provision of a Village transport (minibus) is obviously being used as a selling point for potential buyers. However a "minibus" for a guesstimate of 180 residents does not compute; furthermore active over 55's generally use the convenience of their own vehicle for independent travel.</p> <p><i>Will the minibus be fitted with mobility aids – e.g. hydraulic steps? Growing commercial "online" business transactions and a cashless society is now reducing the necessity of people to leave their homes for service facilities such as the local Post Office, Bank, Shire Offices etc. Further more it has been well demonstrated that the local Gingin town site residents have embraced online grocery shopping with a major food chain. The "Coles truck" visits Gingin 7 days a week and is often delivering twice daily to the "doorstep" to meet demand. More recently the local IGA has commenced a like service.</i></p> <p><i>It is to be noted the Shire of Gingin does have a minibus which the ratepayers must be subsidizing through payment of rates. However it</i></p>	
--	---	--

	<p><i>is grossly underutilized – possibly because of cost to hire or a lack of an appropriately qualified driver.</i></p> <p><i>(Maybe an ELV minibus's benefit would be in lending it to the existing truly aged in the broader Gingin town site – e.g. the Seniors/Pensioners/Men's Shed free of charge ?)</i></p> <p><i>The cost of maintaining a minibus would no doubt be looked at by the ELV management over time – and I would speculate this service could be withdrawn at some point should it be underutilized, as has happened in other "like" and aged facilities.</i></p> <p><i>8 There is no mention of the provision of health services for this aggregated number of people. Is there to be an onsite clinic within the complex for day to day problems that can be catered for by an advanced skills nurse or paramedic?</i></p> <p><i>Currently the town has one full time doctor and one part time doctor based at the Gingin Medical Centre. Appointments are already at a premium and a number of the residents seek medical review in other centres because of this fact.</i></p> <p><i>An increased town population does not guarantee that medical practitioners will naturally relocate to this potential increase in work load – especially if there is no supporting town hospital or paramedical services.</i></p> <p><i>An over 55's ELV will bring the increased health risks of this cohort - heart disease, obesity, diabetes. Not easy ailments to manage where there are no supporting specialty referral points/services.</i></p> <p><i>Added to all this although we have a newly established volunteer community car that takes people to and fro medical appointments – it is struggling to gain volunteer drivers and can only service a limited</i></p>	
--	--	--

		<p>number of appointments on any given day. (Should the ELV get the "green light" a community car would be beneficial).</p> <p>9 Gated Community. As the ELV is described I do not see its residents contributing to the broader Gingin community nor its ambience. It has the potential ingredients of the gated communities as are popular in the United States</p> <p>It's "country club house facility"(p16) with stage, community kitchen/café area, fitness equipment, swimming pool and billiards room makes the development a self contained package. The Gingin town site has all of these facilities and many of them are underutilized – notably the Granville Hall and the Club Rooms of the various sporting groups.</p> <p>As the ELV is targeting the over 55's this gated community "feel" may not seem important to them per se. However for the broader town site the ELV will contribute little – both socially and financially – and it certainly is not providing what the aging population of the town site of Gingin has identified – services and facilities that keep them engaged and involved within their existing networks. Rather it promotes exclusivity and isolation.</p> <p>If the Shire of Gingin does approve this facility I would highly recommend the Developers are not given approval for the building of the Clubhouse – but the residents of the ELV be directed to use the existing facilities within the town site. This strategy would increase flagging memberships to existing facilities and foster community participation and social inclusion. Again there are examples of such developments where by Councils have required Developers to use existing local facilities.</p> <p>10 In the section, Engineering and Service Considerations (p19) I am more than a little concerned that there is no recognition of the potential drainage problems on this site. The site is located on the</p>	
--	--	--	--

	<p>downward slope of the geographical location known as Molecap and is essentially sited on a clay soil (despite advising of an alluvial overlay in the written proposal) with a soak on its highest point on the southern boundary. The "old Gingin identities" who have had a long time connection with this area say it can become a boggy quagmire when the soak/dam overflows in association with the natural winter "run off" from Molecap. (Yes it grows a good crop of hay in the spring and summer months due to good sub soil moisture)The Shire of Gingin has a very poor track record in identifying drainage problems in new subdivisions and site developments. The Honeycomb project was, and still is, beset with drainage problems and the sports complex known as the Hardcourts continues to have drainage problems that have not been resolved a decade after commencement of the project – and at an extra cost of many thousands of dollars. Tarmac and "roadside swales" will do little for storm water management at times of heavy downpours on this site – that is a guarantee. Rather I can see them channeling the water over onto Old Mooliabeenee Road – creating further engineering and traffic management problems.</p> <p>11 The actual housing typology is universal of most ELV sites but I wonder at their suitability to the increasingly arid hot climate of Gingin, especially without the aid of air conditioning which adds to cost. Air conditioners are not always 'whisper quiet', an essential ingredient in what I believe is a high density living project. Furthermore they are not mentioned as a "fitting" (p13,14,15)</p> <p>Added to this, as recently as Feb 16, 2018 the entire town site experienced a total 7 hour power blackout. There is no consideration in the paragraph on Power (p22) of a backup generator to supply this development with electricity – will the solar battery system (p 23) sustain power over this length of outage? There is no mention of ceiling fans (along with air-conditioning) Cooling breezes in the warmer months (p12) will be of little effect if the sea breeze does not arrive until very late in the afternoon when the temperature has risen</p>	
--	---	--

	<p>to 40+ degrees – which is not uncommon temperature for Gingin in summer.</p> <p>On close review of the house floor plans I question the size and location of the windows. Although it is difficult to assess without specifications, the schematic drawings (p13,14,15) indicate they are small thereby not taking advantage of natural lighting and are poorly located to take in the valley view scapes of the cooling breezes (p12)</p> <p>It is also noted that the planned stove fitting is fully electric – oven and cook top (p13,14,15). This is not a practical installation when there is likely hood of power black outs – which are not an infrequent occurrence with the town site of Gingin."</p> <p>12 The notion of the fencing being "rural style with open wire and post."(p10) to support a village concept does not fit with an ability enclose small pets, which are identified in the pie chart (p6) as a major desire in a community feedback survey.</p> <p>It is acknowledged that the suburban colour "bond type fence" would be totally out of character with the rural ambience of Gingin but potential landholders must be able have the capacity to further add a finer netting to the lower reaches to what sounds like a "ringlock" type fence.</p> <p>However in no section of the ELV proposal is there acknowledgement that pet ownership will be allowed.</p> <p>13 In association with the above point, should pets be allowed, there is no open plan leash free recreational area for dogs, or dog walks, within the site.</p> <p>Bored dogs and dog barking is a major cause of neighbourhood disputes. (And I would be a strong advocate for pet ownership, inclusive of other small rural animals such as chickens).Gingin's existing "off lease" dog runs are totally inappropriate for local pets.</p>	
--	---	--

	<p>14 I do not see any footpaths in the plan linking the proposed ELV and the town site. There is currently no footpath on Old Mooliabeenee Road, Edward Street or Horan Street – the main roads leading into the shopping precinct.</p> <p>How are the residents (or their dogs) to safely walk to the town site or to any required facility? Gingin has a very poor network of footpaths within its existing residential area – would the Shire fast track this project at the expense of over 70% of the streets in the town site inclusive of the new subdivisions of Honeycomb and Marchmont where there are no footpaths either? Such a decision would be very unpopular with the townsfolk.</p> <p>15 The cost of the purchase price of a new home has not been quantified (not even a “guesstimate price” (p24) although values have been given for annual living costs (p25), and these have been for couples only, not singletons. Nor is there a value for the non pensioner. As previously noted in Dot point 5 this project has been developed for the active over 55 who potentially will still be working; or is a “self funded retiree” who will not qualify for assistance. Here too is a mixed message – as previously stated there is no mention of houses for rent within the complex - yet pensioner rental assistance is quoted (p25) as a potential saving.</p> <p>16 The actual site in terms of location and gradient is of concern. It is acknowledged it is not a level site with an average grade of approximately 5% (p 19) but the gradient from the main town site where the shops and service facilities are located is far greater. Potential ELV residents walking uphill with a bag of groceries would find it a challenge, be they 55 or 85 - even if there was a footpath, which there isn't. In essence if the project was for aged accommodation – which I clearly believe has been established it is not – it should be located more centrally in the township where there are a number of spare blocks of more suitable land – be they Council and privately owned.</p>	
--	--	--

		<p>17 On the issue of gradient within the development the document talks of “.. a light touch approach whereby the homes will sit to minimize the use of retaining walls”(p10). Referring back to Dot point 14 retaining walls will contribute to the predicted drainage problems no matter how a “light touch” is planned.</p> <p>18 What safeguards have been put in place to prevent this ELV from becoming a country home holiday retreat for metropolitan home owners; thus precluding original Gingin residents from ownership ? Some 55's developments do allow this scenario, as do they also allow subletting by private owners.</p> <p>19 What is the business agreement between Sanvidal Pty Ltd and the Shire of Gingin if the public comment for the project is unfavourable ? Clearly Sanvidal have engaged H&H Development Enterprises to develop, build and manage the ELV (p4) as they have an extensive track record in offering “alternatives to traditional retirement village offerings”(p17)</p> <p>Will the Shire buy back the land from Sanvidal and at what price – or will it be on sold to another developer by Sanvidal ? It is my understanding the original sale price to Sanvidal by the Shire of Gingin was at very generous terms (\$149,000 for a 10 hectare lot).</p> <p>Or is this just an exercise in “public consultation” as part of the “due process” required by government legislation – and the project will go ahead regardless? Which comes back to the original problem – that aged accommodation (not over 55's lifestyle accommodation) as identified at community forums for the residents of Gingin remains unaddressed.”</p>	
--	--	---	--

5.	Ratepayer	<p>The Submitter makes a general comment on the proposal and makes the following comments:</p> <p><i>"As downhill neighbours to proposed village I am concerned about waste water run-off (though plans do say this is planned for) Generally I see no mention of any, over flow care provision so intending purchases would meet and realise they would need to return to the metro area should they need extra help. Therefore it does not address the documented (Gingin Community Consultation) need for better aged care services in any eray."</i></p>	<p>Please note only the relevant planning considerations have been addressed.</p> <p>Other comments are general comments received and therefore are not a planning consideration.</p> <p><u>Stormwater Runoff</u> The proposal will be required to retain all storm water onsite.</p> <p>In the event Council approves the proposal, the proponent will be required to submit an Urban Water Management Plan addressing such issues in design detail.</p>
6.	Ratepayer	<p>The Submitter does not support the proposal and makes the following comments:</p> <p><i>"1. As our block is zoned rural with this development will it change. 2. As we run a small amount of stock, they may find smell, dust and noise offensive. 3. Rubbish control (wind blown rubbish) 4. Fencing? 5. Rentals, guarantee only over 55's live there 6. Will possible future subdivision be affected by this."</i></p>	<p>Please note only the relevant planning considerations have been addressed.</p> <p>Other comments are general comments received and therefore are not a planning consideration</p> <p><u>Zoning</u> The subject of this proposal will not affect the current zoning of adjoining properties.</p> <p><u>Notification on Titles</u></p> <p>In the event Council approves the proposal a condition of the planning approval will notify future purchasers of the following:</p>

			<p>i. Each dwelling located within the aged persons accommodation (eco-lifestyle village) shall be occupied by at least one resident aged 55 years or over.</p> <p>ii. located in a General Rural locality which the land may be affected by emissions from adjoining agricultural land uses.</p> <p><u>Aged Persons' Accommodation:</u></p> <p>In the event Council approves the proposal a the following condition of the planning approval will ensure that it is compliant with the definition of an aged persons accommodation.</p> <p>Permitted residency of the Aged Persons' Accommodation (Eco-Lifestyle Village) is restricted to at least one resident being aged 55 years or over per dwelling, which shall be stipulated in the Residential Lease Agreement.</p>
7.	Ratepayer	<p>The Submitter does not support the proposal and makes the following comments:</p> <p><i>"This land, designated for an Aged Care Facility by the Shire , is now proposed to be changed to a "Lifestyle Village for Over 55s " with no Care component included.</i></p> <p><i>According to Shire information , there are currently waiting lists for both the current Aged Care units in Gingin & Lancelin.</i></p> <p><i>These proposed houses will not meet this current identified need .</i></p> <p><i>Concerns raised by.... re servicing the care needs of future residents</i></p>	<p>Please note only the relevant planning considerations have been addressed.</p> <p>Other comments are general comments received and therefore are not a planning consideration.</p> <p><u>Stormwater Runoff</u></p> <p>The proposal will be required to retain all storm water onsite.</p> <p>In the event Council approves the proposal, the proponent will be required to submit an Urban Water Management Plan addressing such issues</p>

	<p><i>within the capacity of local groups are valid and should be taken into account in assessing this application</i></p> <p><i>Sylvia has been the driving force in organising volunteers to try to address current unmet aged care needs in Gingin.</i></p> <p><i>Other queries -</i></p> <p><i>Will there be a manager on site to ensure the smooth running of the facility ?</i></p> <p><i>Given the acknowledged current problems re supply of water , site drainage and lack of sewerage in the Gingin townsite , how reliably functional will the proposed on site planning solutions be ?</i></p> <p><i>Fire & Safety - as the village has only one entrance and multiple small streets , will this enable sufficient access for Fire & Safety vehicles ?</i></p> <p><i>Could you please explain what is meant by - "Owned freehold by Sanvidel Pty , Ltd as Trustee for Gingin Eco Lifestyle Village " and what is "A 60 year Land/Lease Model "?</i></p> <p><i>Given that today is the last day to submit comments to the Shire , a prompt acknowledgement of this email is required."</i></p>	<p>in design detail.</p> <p><u>On-Site Effluent</u></p> <p>The proposed development would not be connected to deep sewer, instead utilising ATU units to treat waste water, which could then be utilised for the landscaped areas. It should be noted the proponent will be required to obtain the necessary approvals for the ATU's from the Department of Health.</p> <p><u>Fire and Safety</u></p> <p>The subject lot is not within a bushfire prone area. At the detailed design stage the applicant/landowner will need to ensure the road is designed to accommodate the required emergency service vehicles.</p> <p><u>Freehold Lot</u></p> <p>The definition of a freehold lot according to Landgate is 'the greatest estate that can be held by a person without being the absolute owner, which is the Crown'. Should the submitter require further information they are encourage to contact Landgate.</p>

11.3.5 APPLICATION FOR DEVELOPMENT APPROVAL - PROPOSED AGRICULTURE INTENSIVE (ANNUAL HORTICULTURE) AND ASSOCIATED GREEN HOUSES (X14) AND TWO WATER TANKS ON LOT 105 (1902) MOGUMBER ROAD, RED GULLY

FILE:	BLD/6931
APPLICANT:	CAILLAM BRUYN
LOCATION:	LOT 105 (1902) MOGUMBER ROAD, RED GULLY
OWNER:	ROBERT M GASPAR
ZONING:	GENERAL RURAL
WAPC NO:	N/A
AUTHOR:	MAHSA FARROKHI – PLANNING OFFICER
REPORTING OFFICER:	KYLIE BACON – ACTING EXECUTIVE MANAGER PLANNING AND DEVELOPMENT
REPORT DATE:	19 JUNE 2018
REFER:	NIL

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To consider an Application for Development Approval for proposed agriculture intensive (annual horticulture) use, 14 associated green houses and two water tanks on Lot 105 (1902) Mogumber Road West, Red Gully.

BACKGROUND

The Shire received an Application for Development Approval on 30 April 2018 for an agriculture intensive (annual horticulture) use and associated infrastructure to be developed on the site. The subject lot is 19ha in area and currently contains an existing outbuilding and pump shed. The proposed development area is clear of vegetation, however the northern portion of the site contains remnant vegetation.

The proponent is seeking approval to construct 14 green houses to grow cucumbers, strawberries and tomatoes over 0.64 hectares of land. The proposed greenhouse structures are 8 metres in width and 55 metres in length with a ridge height of 5 metres. The overall development area is 120 metres in length and 56 metres in width which equates to a total area of 0.64 hectares. The proposal includes two 26,000 litres water tanks with a diameter of 5.5 metres to be positioned to the west of the green house.

The development area is setback 30 metres from the front (Mogumber Road West) boundary. The front portion of the subject site has previously been used to grow Lucerne hence the development area is clear of vegetation.

A location plan, aerial image and copy of the applicant's proposal are provided as **Appendix 1**.

COMMENT

Community Consultation

The application was advertised to the surrounding landowners for a period of 14 days in accordance with clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015*. No response was received by the Shire.

PLANNING FRAMEWORK

Local Planning Scheme No 9 (LPS 9)

The subject lot is zoned General Rural under LPS 9, the objectives of which are to:

- a) *Manage land use changes so that the specific local rural character of the zone is maintained or enhanced;*
- b) *Encourage and protect broad acre agricultural activities such as grazing and more intensive agricultural activities such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use;*
- c) *Maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage; and*
- d) *Provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the General Rural zone.*

Agriculture Intensive is a “D” – Discretionary land use within the general rural coding. Agriculture Intensive is considered to be a primary use in the zone and as such should be encouraged as per the above objectives.

The land use ‘Agriculture Intensive’ is defined as follows:

“Agriculture – Intensive means, premises used for trade or commercial purposes, including outbuildings and earthworks, associated with the following:

- a) *The production of grapes, vegetables, flowers, exotic, or native plants, or fruit or nuts;*
- b) *The establishment and operation of plant or fruit nurseries;*
- c) *The development of land for irrigated fodder production or irrigated pasture (including turf farms); or*
- d) *Aquaculture”.*

Local Planning Scheme No 9 Setbacks

The proposed green houses are required to be set back a minimum of 20m from the lot boundaries as per Table 2 – Site Requirements. The proposed green houses are setback 30 metres from the front (Mogumber Road West) boundary and therefore comply from a setback perspective.

Local Planning Policy 1.6 – Agriculture Intensive (LPP 1.6)

The proposal is considered to be ‘Annual Horticulture’ as defined by LPP 1.6 which states:

“The commercial market gardening of all varieties of shallow rooted vegetables and flowers that can be sown and harvested within a twelve month period. The essential character of this use is that the soil is cultivated mechanically at least once a year, fertilised regularly and re-used on a continual basis”.

It should be noted that clause 3.1.9 of the general development standards outlined in LPP 1.6 states:

“All horticulture activity (excluding tree farms) shall have a minimum distance of 200 metres, or a distance satisfactory to Council, from any Conservation Category Wetland, as defined and identified in the Water and Rivers Commission’s Geomorphic Wetland Database, or defined through other means acceptable to Council. Included within this minimum distance there shall be a dense native vegetation buffer of not less than 20 metres in width, to be established prior to the commencement of development and maintained for the duration of the development.”

The subject property abuts the Moore River along the northern boundary. The proposed development area is set back approximately 280 metres from the Moore River and therefore satisfies the above development standard. This notwithstanding, there is significant vegetation between the proposed development area and the Moore River acting as a further vegetative buffer. No adverse impact to the Moore River is anticipated to occur as a result of the development.

Environmental Impact/Separation from Sensitive Land Uses

The following external guidelines provide guidance in relation to buffer/separation distances for local government when considering applications for irrigated horticulture and sensitive uses (i.e. dwellings).

- State Planning Policy 2.5 - Rural Planning;
- Department of Health (DOH) – Guidelines for Separation of Agricultural and Residential Land Uses (August 2012) (DOH Guidelines); and
- Environmental Protection Authority – Guidance for the Assessment of Environmental Factors; Separation Distances between Industrial and Sensitive Land Uses (June 2005).

The proposal falls under the definition of a 'market garden' for the purpose of calculating the recommended buffer distance using the abovementioned policies. A 300m buffer setback is recommended from the horticulture activity and the closest sensitive land use (i.e. dwelling). There are no habitable dwellings located within 300 metres of the development area.

Traffic Implications

The proponent has advised that heavy rigid vehicles will attend the property 1-2 times each week. The officer's recommendation includes upgrading the existing crossover to the satisfaction of the Shire's Operations/Construction Department.

Stable Fly

Stable Fly is a declared pest under the *Biosecurity and Agriculture Management Act 2007* and is managed by the *Biosecurity and Agriculture Management (Stable Fly) Management Plan 2016*.

In order to minimise the effects of stable flies on the community, the Shire is required to be satisfied that the horticultural activity manages waste appropriately on the site. Given the nature of the horticultural activity and the fact that there is no processing onsite, waste will be appropriately managed.

Servicing

Any additional servicing requirements will be the applicant's responsibility.

Water Supply

The property is currently serviced by a 100,000kL water license granted on 10 December 2009. Given LPP 1.6 outlines that development applications for irrigated horticulture will be processed purely on land use planning grounds without regard to water licensing, Administration is of the view that it is the applicants' responsibility to ensure an appropriate water source is secured and approved by DWER.

State Planning Policy 3.7 – Planning in Bushfire Prone Areas (SPP 3.7)

SPP 3.7 provides a foundation for land use planning to address bushfire risk management. The subject lot is designated as being bushfire prone. This notwithstanding, given the land use proposed is Agriculture Intensive with associated green houses, Planning Bulletin 111/2016 provides for an exemption from the requirement for a BAL assessment given the green houses will not be occupied for any considerable amount of time.

Summary

In view of the above assessment, Administration is of the view that the site is capable of accommodating the proposed Agriculture Intensive (Annual Horticulture) use, associated green houses and water tanks and that the activity is consistent with the objectives of LPS 9.

<i>Outcome</i>	<i>4.2 Food Bowl A strategically significant agricultural hub to the Perth Metropolitan Area</i>

VOTING REQUIREMENTS – SIMPLE MAJORITY

RECOMMENDATION

It is recommended that Council, grant Development Approval for the proposed Agriculture Intensive (Annual Horticulture) and associated green houses (x14) and two water tanks on Lot 105 (1902) Mogumber Road West, Red Gully subject to the following conditions:

1. The land use and development shall be in accordance with the approved plans and specifications, unless otherwise conditioned by this approval.

2. The development area shall be limited to a maximum of 0.64 hectares at any one time and shall at all times be set back in accordance with the approved plans.
3. This approval is for an Agriculture Intensive (Annual Horticulture) use, 14 green houses and two water tanks only.
4. The crossover servicing the existing subject lot is required to be upgraded to the satisfaction of the Shire of Gingin.
5. The Agriculture Intensive (Annual Horticulture) shall comply at all times with the submitted Farm Management Plan to the satisfaction of the Shire of Gingin.
6. The Shire reserves the right to inspect or request any of the management plans that are conditioned as part of this planning approval at any time.
7. Within 45 days from the approval date, the Applicant/Owner shall execute and provide to the Shire of Gingin a notification pursuant to Section 70A of the *Transfer of Land Act 1893* to be registered on the title to the land as notification to prospective purchasers as follows:

Bushfire Prone Area – This lot is located within a bushfire prone area.

ADVICE NOTES

- Note 1: If you are aggrieved by the conditions of this approval you have the right to request that the State Administrative Tribunal (SAT) review the decision, under Part 14 of the *Planning and Development Act 2005*.
- Note 2: If the development subject to this approval is not substantially commenced within a period of 2 years, the approval shall lapse and have no further effect.
- Note 3: Where an approval has so lapsed, no development may be carried out without further approval of the local government having first been sought and obtained.
- Note 4: Premises are to comply with the requirements of the *Public Health Act 2016* and all relevant health legislation.
- Note 5: This approval is not a building permit or an approval under any law other than the *Planning and Development Act 2005*. It is the responsibility of the applicant/owner to obtain any other necessary approvals, consents and/or licences required under any other law, and to commence and carry out development in accordance with all relevant laws.
- Note 6: The Applicant is reminded that this Development Approval is not to be interpreted as an approval to extract and use groundwater supplies, nor does it imply that the Shire of Gingin has knowledge in relation to availability of groundwater supplies.
- Note 7: It is advised that the proposal should at all times comply with the *Biosecurity and Agriculture Management (Stable Fly) Management Plan 2016* in order to minimise the effects of stable flies on the community.

- Note 8: The operation will be required to comply with *Environmental Protection (Noise) Regulations 1997*.
- Note 9: Where any native vegetation clearing is proposed, it will be necessary to contact the Department of Water and Environmental Regulation (DWER) to obtain necessary approvals.
- Note 10: Please be advised that the property may attract Differential Rating for Intensive Agriculture.

RESOLUTION

Moved Councillor Morton, seconded Councillor Rule that Council, grant Development Approval for the proposed Agriculture Intensive (Annual Horticulture) and associated green houses (x14) and two water tanks on Lot 105 (1902) Mogumber Road West, Red Gully subject to the following conditions:

- 1. The land use and development shall be in accordance with the approved plans and specifications, unless otherwise conditioned by this approval.**
- 2. The development area shall be limited to a maximum of 0.64 hectares at any one time and shall at all times be set back in accordance with the approved plans.**
- 3. This approval is for an Agriculture Intensive (Annual Horticulture) use, 14 green houses and two water tanks only.**
- 4. The crossover servicing the existing subject lot is required to be upgraded to the satisfaction of the Shire of Gingin.**
- 5. The Agriculture Intensive (Annual Horticulture) shall comply at all times with the submitted Farm Management Plan to the satisfaction of the Shire of Gingin.**
- 6. The Shire reserves the right to inspect or request any of the management plans that are conditioned as part of this planning approval at any time.**
- 7. Within 45 days from the approval date, the Applicant/Owner shall execute and provide to the Shire of Gingin a notification pursuant to Section 70A of the *Transfer of Land Act 1893* to be registered on the title to the land as notification to prospective purchasers as follows:**

Bushfire Prone Area – This lot is located within a bushfire prone area.

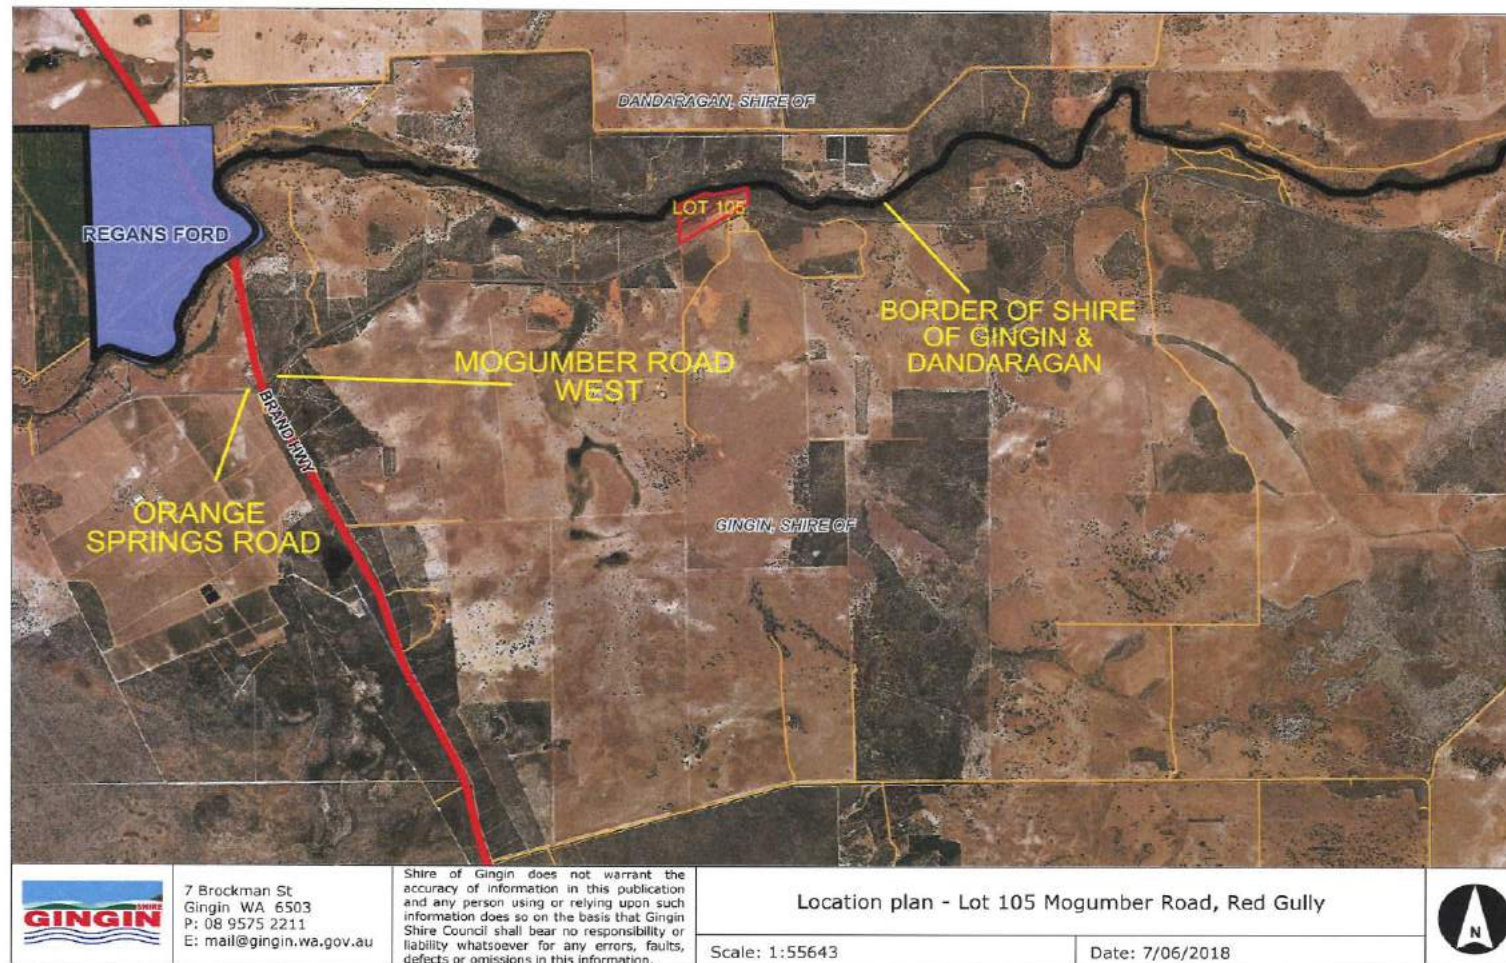

ADVICE NOTES

- Note 1: If you are aggrieved by the conditions of this approval you have the right to request that the State Administrative Tribunal (SAT) review the decision, under Part 14 of the *Planning and Development Act 2005*.**

- Note 2:** If the development subject to this approval is not substantially commenced within a period of 2 years, the approval shall lapse and have no further effect.
- Note 3:** Where an approval has so lapsed, no development may be carried out without further approval of the local government having first been sought and obtained.
- Note 4:** Premises are to comply with the requirements of the *Public Health Act 2016* and all relevant health legislation.
- Note 5:** This approval is not a building permit or an approval under any law other than the *Planning and Development Act 2005*. It is the responsibility of the applicant/owner to obtain any other necessary approvals, consents and/or licences required under any other law, and to commence and carry out development in accordance with all relevant laws.
- Note 6:** The Applicant is reminded that this Development Approval is not to be interpreted as an approval to extract and use groundwater supplies, nor does it imply that the Shire of Gingin has knowledge in relation to availability of groundwater supplies.
- Note 7:** It is advised that the proposal should at all times comply with the *Biosecurity and Agriculture Management (Stable Fly) Management Plan 2016* in order to minimise the effects of stable flies on the community.
- Note 8:** The operation will be required to comply with *Environmental Protection (Noise) Regulations 1997*.
- Note 9:** Where any native vegetation clearing is proposed, it will be necessary to contact the Department of Water and Environmental Regulation (DWER) to obtain necessary approvals.
- Note 10:** Please be advised that the property may attract Differential Rating for Intensive Agriculture.

CARRIED UNANIMOUSLY

APPENDIX 1

FARM OPERATION MANAGEMENT PLAN

CUCUMBER FARM
OWNER – Robert Gasper
LOT 105 MOGUMBER ROAD WEST, WA, 6503

INTRODUCTION

Constructive Building Consultants Pty Ltd has been contracted by Robert Gasper to assist with the approval process for the newly proposed cucumber, tomatoes & strawberry farm.

PROPOSED WORKS

- Earth Works (preparation of planting area)
- Concrete Footing For Steel Frame
- Roof Cover (steel frame)
- Reticulation
- Water Tank Installation
- Driveway & Crossover preparation
- Plantation and Cultivation of cucumber, tomatoes & strawberry's.

DUST MANAGEMENT

Dust generation will be most likely during the earthworks stage prior to the pouring of the concrete footings. During the course of the construction, only incidental dust generation is likely to occur. All other construction methods and materials are relatively dust free or carried out within minimal dust. We can also expect minor regular dust from farm machinery during the occupation and operation of the farm. However given the location of the planting area, it is highly unlikely that the dust will travel over the boundary of the lot, especially when most of the crop is within a green house.

PEST MANAGEMENT

Weed control can be achieved with a good crop rotation systems & herbicides. Several pre plant and post emergence herbicides are available for cucumbers, depending on the specific weed problem and the stage of fruit/vegetable growth. If infestation levels are mild, early cultivation (prior to vine running) can help minimize weed problems.

Insects can be a major problem in fruit and vegetable production. Beetle, aphids, cutworms, maggots, leaf miners, and mites all can cause crop losses. Monitoring insect populations will help determine when to use pesticides and how often you should spray.

Many diseases can be prevented by having a good crop rotation system, using soil with good water and air drainage, and planting disease-resistant varieties. When using any pesticides in your enterprise, remember to follow all label recommendations regarding application rates and personal protection equipment (PPE) requirements. Also remember that any Worker Protection Standards (WPS) apply to the owner as well as to employees.

Within two days of finishing the harvest, the waste must be mulched, water turned off, and the area sprayed with insecticide. The depth for deep burial of vegetable waste in pits has to be a min 500mm, combined with an insecticide treatment, to prevent adult stable flies emerging from under the sandy soil.

Removal of potential breeding sites must be the first step in any effort to manage stable flies as it is by far the most effective.

Good management practices include:

- Placing reject vegetable produce, including lawn clippings, into pits and covering regularly with soil.
- Animal manures should only be stockpiled for a short period (less than three days) before covering with plastic to protect them from getting wet. Alternatively, manure should be removed and used as a blend for compost or sprayed with insecticide to prevent fly development. These practices will greatly reduce stable fly breeding sites and lessen the need for chemical control.
- Fly traps
Protein-based traps put out to catch houseflies, blowflies and bushflies will not catch stable flies because they are not attracted to rotting protein. White boards with a sticky surface will attract them as they are likely to rest on a cool, vertical surface after a blood meal. The Williams trap is the simplest form and uses a white alsynite panel painted with a non-drying glue such as Stikem® to catch the flies (see Figure 1). These traps are specific to stable flies and catch very little else.

Stable flies caught on a Williams trap

CONTRACT CO-ORDINATION

All subcontractors shall be advised of these conditions listed in within this farm management plan. All processes outlined are to be amended/reviewed annually.

HOURS OF WORK

Hours of work permitted are 7am to 7pm weekdays & Saturdays.
No work will be undertaken on Sunday's or Public Holidays.

WORKS OUTSIDE OF STANDARD HOURS

For work to occur outside of the standard hours noted in Hours Of Work, an application for prior approval must be made to the Local Shire. The applicant must justify the request for additional hours including,

- Detail and duration of the proposed activity.
- Predicted noise levels from activity.
- Details of noise & dust control measures.
- Procedures to monitor noise during the activity.
- Complaint response procedure.

MEASUREMENT OF NOISE

All plant machinery brought to the site for the works will be required to be maintained in good condition and have a noise certification confirming that for normal operation conditions the noise emitted by the machine is within the noise levels stated the Environmental Protection (Noise) Regulations 1997 as applicable to farming.

TREE PROTECTION

All trees identified by shire to remain will be protected. Only the area outlined for new structures or farm development will be permissible for land clearing.

CAR PARKING

Sufficient amount of limestone hard stand shall be supplied for workers to able to park cars.

The crossover and road is to be kept free of debris to avoid sand drift spilling onto the road. If debris is present the road shall be swept immediately.

NOISE MANAGEMENT

All noise emissions will be managed to be within the Environmental Protection (Noise) Regulations 1997 as applicable to farming

12. Rural premises

(1) In this regulation —

farming vehicle means a motor vehicle which is used for, or in association with, soil preparation and cultivation, land drainage and water management, crop seeding and planting, crop spraying and fertilisation, pest management, produce harvesting or stock management.

As at 24 Jan 2017

Version 02-c0-00

Part 2 Allowable noise emissions

Division 2 Various premises and activities

r. 13

- (2) This regulation does not apply to noise emitted from a farming vehicle —
- (a) on premises used for intensive animal husbandry, poultry farming or dog kennels; or
 - (b) used for pumping water for crop or pasture irrigation, stock watering or land drainage.
- (3) Regulation 7 does not apply to noise emitted from a farming vehicle on rural premises at any time between sunrise and sunset if the farming vehicle complies with subregulation (5).
- (4) Regulation 7 does not apply to noise emitted from a farming vehicle on rural premises at any time between sunset and sunrise if —
- (a) the farming vehicle complies with subregulation (5); and
 - (b) the occupier of the premises shows that it was reasonably necessary for the vehicle to be operated at that time and not between sunrise and sunset.
- (5) A farming vehicle complies with this subregulation if the occupier of the premises shows that the vehicle, including its noise reduction system, has been maintained to a reasonable standard.

[Regulation 12 amended in Gazette 5 Dec 2013 p. 5663.]

DELIVERIES & SITE SET UP

The trucks visiting the site once or twice every week will be one of the two trucks shown below.

**A typical pad of 150mm crusher dust.
This pad was for an RT-100 (104,000lt) Rhino Tank.**

PLEASE NOTE:

If the pad preparation is not adequate (level to +/- 10mm) it may be necessary for our installation team to leave the tank and re schedule the installation (possibly weeks) until the problem is corrected.

Unfortunately this will incur additional charges to cover wages and travel. This may total up to \$1000 over and above the quoted tank price.

If the problem can be fixed by our installation team an hourly rate of \$65.00 per man will be charged to cover wages.

If you have any further questions call us on 1800 632 410

Pad Specification Guidelines
SLS-PRO-007

1. PAD SPECIFICATIONS

The preparation of the pad for your Rhino Tank is the responsibility of the customer. Our preferred base material is fine crusher dust; however, if crusher dust is not available in your area please insist on using screened course river sand. It must be free of sticks, stones and clay lumps (6mm diameter or less).

- ❖ **Level Pad (+/- 10mm)**
- ❖ Minimum thickness of pad is **150mm**
- ❖ Dimensions are outlined on the enclosed pad specification sheet.
- ❖ Ensure adequate compaction of the sub soil to avoid subsidence for deep pads.
- ❖ The customer is required to place an exclusion zone of minimum 10mm Blue Metal/Stone (no clay or concrete) around the base of the tank after installation to prevent erosion and deter rodents from digging around the base.

If **Site Access** or the **Pad Quality** is not adequate, it may be necessary for our installation team to leave the tank and re schedule the installation (possibly weeks) until the problem is corrected. Unfortunately, this will incur additional charges over and above the specified cost (to cover wages and travel).

2. SITE ACCESS

- ❖ Please ensure adequate access to the site for a small truck or 4WD and trailer, bearing in mind soil and weather conditions.
- ❖ Access is to be available to within 10 metres of site.
- ❖ If unable to meet these requirements please contact Rhino Water Tanks to make alternative arrangements.

3. ON THE DAY

Attendance:

- ❖ You are most welcome to attend on the day but it is not essential. It is difficult to finalise a particular installation date in advance due to the weather, freight and labour.

Water:

- ❖ The customer is required to arrange supply of 8,000 – 12,000 litres of water upon completion to stabilize the liner. This amount represents the average of a single truck load of water.

Note: Rhino Water Tanks & Liners are suitable for the storage of water within a PH range of 3-9, and a Temperature range of -6°C - 40°C.

Payment

- ❖ A Tax Invoice will be forwarded upon notification by the installer of Practical Completion. Payment is due on receipt of the Tax Invoice.
(unless otherwise arranged and approved by Rhino Water Tanks management in writing).

If you have any further questions call us on 1800 632 410

4. PAD PREPARATION

The pad must be level to +/- 10mm

Suggested Pad Levelling Technique

With a spirit level on top of a screed, level out the sand or crusher dust using a temporary pole in the centre of the pad as a pivot point.

Most sites will fall into 3 main categories.

1. Level existing site therefore Pad preparation is reasonably straight forward.

2. Slightly sloping site therefore Pad needs to compensate slope to ensure it is level.

3. Site has been cut in to create level base therefore we recommend a drain to be dug into the slope above the pad to allow water runoff to be diverted around the tank when it rains.

PURPOSE

To consider an Application for Development Approval for an additional hardstand and a leachate dam to the existing noxious industry (composting facility) on Lot 12 Aurisch Road, Boonanarring.

BACKGROUND

The original development approval for the noxious industry (composting facility) was endorsed by Council at its meeting on 6 February 2009, subject to conditions. An amendment was subsequently approved by Council at its Meeting on 23 July 2010 to increase capacity from 5,000 tonnes of compost per annum to 50,000 tonnes per annum. An additional amendment was approved by Council at its Meeting on 15 July 2014 to relocate the facility within the subject allotment which included the provision of an outdoor hardstand area and a leachate dam.

The proposal subject to this report does not seek to increase the tonnage per annum or the materials being composted. This proposal seeks approval for additional hardstand and an additional leachate dam to enable a more efficient composting process which will allow the facility to produce closer to the permitted tonnage per annum. The site currently produces approximately 12,000 tonnes of compost per annum and the additions will enable output to double.

The additional leachate dam proposed to be constructed is 100m in length by 30m in width, equating to an area of 0.30 hectares. The leachate dam is proposed to be 3m in depth which includes a free board of 1m. The additional hardstand area is proposed to be 100m in length by 100m in width, however the design equates to an area of 0.96 hectares. The development area is setback approximately 400m from the nearest (northern) property boundary.

In addition to development approval, the applicant has applied to the Department of Water and Environmental Regulation (DWER) to amend the relevant works license.

A location plan, aerial image and copy of the applicant's proposal are provided as **Appendix 1**.

COMMENT

Community Consultation

The application was advertised to the surrounding landowners for a period of 14 days in accordance with clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015*. No response was received by the Shire.

PLANNING FRAMEWORK

Local Planning Scheme No 9 (LPS 9)

The subject lot is zoned General Rural under LPS 9, the objectives of which are to:

- a) *Manage land use changes so that the specific local rural character of the zone is maintained or enhanced;*
- b) *Encourage and protect broad acre agricultural activities such as grazing and more intensive agricultural activities such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use;*
- c) *Maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage; and*
- d) *Provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the General Rural zone.*

The land use 'Industry – Noxious' is defined as follows:

"Means an industry in which the processed involved constitute an offensive trade within the meaning of the Health Act 1911 (as amended), but does not include a fish shop, dry cleaning premises, laundromat, piggery or poultry farm."

The additional hardstand and leachate pond are associated with an approved land use operating on the subject property and will enable the operation to be more efficient and increase the production of compost which is currently less than a quarter of what the site is approved for per annum. As such the objectives have previously been considered and the use deemed to be acceptable. The additions subject to this report are not considered to contravene any of the objectives for the General Rural zone.

General Rural Development Standards

Setbacks

In accordance with Table 2 of LPS 9, all development shall be set back a minimum 20 metres from all lot boundaries. The additional hardstand and leachate dam are set back approximately 400m from the nearest (northern) property boundary. The proposal therefore satisfies the provisions of LPS 9 Table 2 - Site Requirements. Additional buffer requirements are applicable as outlined in the report below.

Landscaping

Due to the proposed location of the additional hardstand being to the south of the existing development area, the proposal is unlikely to be visible from the surrounding area. Therefore, it is recommended that no further landscaping requirements be required as part of this planning approval, should it be approved.

Guidance for the Assessment of Environment Factors – Separation Distances between Industrial and Sensitive Land Uses No. 3

The EPA's Guidance Statement stipulates a 1 kilometres buffer distance from sensitive land uses for outdoor uncovered composting facilities involving manures. The buffer setback for the existing facility have already been accepted, nevertheless the nearest sensitive land use, being a dwelling, is approximately 1100m northeast of the development site.

Road Access

The proponent entered into a Deed of Agreement with the Shire for the maintenance and upgrade of Aurisch Road as part of the earlier development approval. The agreement entered into has a trigger clause which requires that the road be upgraded and sealed in the event that more than 75 vehicle movements occur on Aurisch Road per day or maintenance costs exceed \$12,500 per annum. This agreement is binding as part of this approval and no further modifications to the Deed are required.

State Planning Policy 3.7 – Planning in Bushfire Prone Areas (SPP 3.7)

SPP 3.7 provides a foundation for land use planning to address bushfire risk management. The subject lot is designated as being partially bushfire prone. Planning Bulletin 111/2016 outlines exemptions for dams and rural activities that do not involve employees being onsite for a considerable amount of time. The additions subject to this application are therefore deemed to be exempt from the requirement to submit a BAL assessment.

Summary

In view of the above assessment Administration is of the view that the proposed hardstand and leachate pond are acceptable and will not result in any additional impacts to adjoining properties.

Shire of Gingin Strategic Community Plan 2017 – 2027

<i>Focus Area</i>	<i>Infrastructure and Development</i>
<i>Objective</i>	<i>3. To effectively manage growth and provide for community through the delivery of community infrastructure in a financially responsible manner.</i>
<i>Outcome</i>	<i>3.1 Development new and existing developments meet the Shire's Strategic Objectives and Outcomes.</i>
<i>Priority</i>	<i>3.1.1 Support strategies that facilitate commercial development.</i>

VOTING REQUIREMENTS – SIMPLE MAJORITY

RECOMMENDATION

It is recommended that Council, grant Development Approval for an Addition to Existing Noxious Industry (Composting Facility) for Proposed Hardstand and Leachate Dam on Lot 12 (276) Aurisch Road, Boonanarring subject to the following conditions:

1. The land use and development shall be undertaken in accordance with the approved plans and specifications, unless otherwise conditioned by this Approval.
2. This approval is for additional hardstand and an additional leachate dam only as indicated on the approved plans.
3. All wastewater run-off from the composting facility is to be directed in to the leachate dams to the satisfaction of the Shire of Gingin.

ADVICE NOTES

- Note 1: If you are aggrieved with the conditions of this approval you have the right to request that the State Administrative Tribunal (SAT) review the decision, under Part 14 of the *Planning and Development Act 2005*.
- Note 2: If the development subject to this approval is not substantially commenced within a period of 2 years, the approval shall lapse and have no further effect.
- Note 3: Where an approval has so lapsed, no development may be carried out without further approval of the local government having first been sought and obtained.
- Note 4: Further to this approval, the applicant is required to submit working drawings and specifications to comply with the requirements of the *Building Act 2011*, *Building Regulations 2012* and *Health Act 1911*, which are to be approved by the Shire of Gingin;
- Note 5: It is advised that the proposal should at all times comply with the *Biosecurity and Agriculture Management (Stable Fly) Management Plan 2013* in order to minimise the effects of stable flies on the community.
- Note 6: It is an offence to clear native vegetation without the authority of a permit from the Department of Water and Environmental Regulation unless the clearing is exempt from a permit.
- Note 7: It is recommended that the applicant liaise with the Department of Water and Environmental Regulation in relation to receiving a works approval and licensing for the proposed development.
- Note 8: It is recommended that cadastral lot boundaries be established by a suitably qualified land surveyor to ensure that all development is carried out within the subject allotment.

- Note 9: The leachate pond and composting area are required to comply with at all times with the *Environmental Protection (Noise) Regulations 1997*.
- Note 10: The use of extra mass traffic on Aurisch Road will require Main Roads WA approval and could result in a road upgrade requirement.
- Note 11: Please be advised that the property may attract Differential Rating for Noxious Industry (Composting Facility) purposes.

RESOLUTION

Moved Councillor Elgin, seconded Councillor Morton that Council, grant Development Approval for an Addition to Existing Noxious Industry (Composting Facility) for Proposed Hardstand and Leachate Dam on Lot 12 (276) Aurisch Road, Boonanarring subject to the following conditions:

- 1. The land use and development shall be undertaken in accordance with the approved plans and specifications, unless otherwise conditioned by this Approval.**
- 2. This approval is for additional hardstand and an additional leachate dam only as indicated on the approved plans.**
- 3. All wastewater run-off from the composting facility is to be directed in to the leachate dams to the satisfaction of the Shire of Gingin.**

ADVICE NOTES

- Note 1: If you are aggrieved with the conditions of this approval you have the right to request that the State Administrative Tribunal (SAT) review the decision, under Part 14 of the *Planning and Development Act 2005*.**
- Note 2: If the development subject to this approval is not substantially commenced within a period of 2 years, the approval shall lapse and have no further effect.**
- Note 3: Where an approval has so lapsed, no development may be carried out without further approval of the local government having first been sought and obtained.**
- Note 4: Further to this approval, the applicant is required to submit working drawings and specifications to comply with the requirements of the *Building Act 2011*, *Building Regulations 2012* and *Health Act 1911*, which are to be approved by the Shire of Gingin;**
- Note 5: It is advised that the proposal should at all times comply with the *Biosecurity and Agriculture Management (Stable Fly) Management Plan 2013* in order to minimise the effects of stable flies on the community.**

- Note 6:** It is an offence to clear native vegetation without the authority of a permit from the Department of Water and Environmental Regulation unless the clearing is exempt from a permit.
- Note 7:** It is recommended that the applicant liaise with the Department of Water and Environmental Regulation in relation to receiving a works approval and licensing for the proposed development.
- Note 8:** It is recommended that cadastral lot boundaries be established by a suitably qualified land surveyor to ensure that all development is carried out within the subject allotment.

21 FEBRUARY 2017 ITEM 11.1.5

OFFICER INTEREST DECLARATION

Nil

PURPOSE

To consider a five year rates and waste services levy exemption for the Yued Native Title Party (YNTP) in the event that the YNTP accept one of the lots within the Lancelin Town Centre that are referred to as the 'Lancelin Plaza Land' ("the Land").

BACKGROUND

The acquisition of the Lancelin Plaza has been a strategic direction of the Shire for some years. The process has revealed that there is an expectation that the Shire will provide an improved town centre for Lancelin which has been historically stymied because the Crown land encompassed by the proposal is the subject of an Objection under Native Title.

The Shire is in negotiations with the YNTP via a legal agreement for the YNTP to receive one of the lots comprising the Land from the Shire in exchange for lifting the Native Title Objection.

The YNTP has subsequently written to Council to seek a waiver of Council rates and service levies which would normally be applied to the lot once settlement was complete.

COMMENT

The Shire requires organisations seeking exemption from rates in accordance with section 6.26 of the *Local Government Act 1995* (the "Act") to make application in writing and section 6.26 provides a number of land categories that can be exempted from rates.

In this instance the land in question does not fall into any of the relevant categories and therefore Council cannot consider an exemption under section 6.26. Council can, however, consider the request under section 6.12 of the Act which provides local government with the power to defer, grant discounts, waive or write off debts.

Council has previously discussed this matter at its Concept Forum on 15 May 2018, where the general consensus was that, if such an action was to be considered, then the maximum period for which rates and waste service levies would be waived would be five years.

Given that a written request has now been received from the YNTP, Council's consideration is sought with respect to writing off applicable rates and waste services levies for a period of five years in the event the YNTP settle on one of the lots within the Lancelin Town Centre that are referred to as the 'Lancelin Plaza Land'.

It should be noted that section 6.12 of the Act does not give Council the power to write off the Emergency Services Levy that will apply to the lot as this is a tax levied by the State Government.

STATUTORY ENVIRONMENT

Local Government Act 1995

Part 6 – Financial management

Division 6 – Rates and service charges

Section 6.12 - Power to defer, grant discounts, waive or write off debts.

POLICY IMPLICATIONS

Nil

BUDGET IMPLICATIONS

In the event that Council agrees to a write off the rates and waste service levies then the likely budgetary impact over a five year period (based on current values and rates in the dollar) would be approximately be \$5,490.00.

STRATEGIC IMPLICATIONS

Shire of Gingin Strategic Community Plan 2017-2027

Focus Area	<i>Built Environment</i>
Objective	<i>3 To effectively manage growth and provide for the community</i>
Outcome	<i>3.2 Plan for future development</i>
Strategy	<i>3.2.1 Plan for growth by developing land use planning strategies to meet current and future community needs, and protect the natural environment.</i>

VOTING REQUIREMENTS – ABSOLUTE MAJORITY

RECOMMENDATION

It is recommended that Council agree to write off rates and waste services levies for a period of five years in the event that the Yued Native Title Party settles on one of the lots within the Lancelin Town Centre that are referred to as the 'Lancelin Plaza Land'.

MOTION

Moved Councillor Elgin, seconded Councillor Rule that Council agree to write off rates and waste services levies for a period of five years in the event that the Yued Native Title Party settles on one of the lots within the Lancelin Town Centre that are referred to as the 'Lancelin Plaza Land'.

AMENDMENT

Insert "or until the land is sold (whichever occurs first)" after the word "years".

Moved Councillor Fewster, seconded Councillor Court that council agree to write off rates and waste services levies for a period of five years or until the land is sold (whichever occurs first) in the event that the Yued Native Title Party settles on one of the lots within the Lancelin Town Centre that are referred to as the 'Lancelin Plaza Land'.

**CARRIED BY ABSOLUTE MAJORITY
9-0**

The amendment became the substantive motion

RESOLUTION

Moved Councillor Elgin, seconded Councillor Rule that Council agree to write off rates and waste services levies for a period of five years or until the land is sold whichever occurs first in the event that the Yued Native Title Party settles on one of the lots within the Lancelin Town Centre that are referred to as the 'Lancelin Plaza Land'.

**CARRIED BY ABSOLUTE MAJORITY
9-0**

REASON FOR AMENDMENT

Council was of the view that the adopted amendments were necessary in order to make it absolutely clear that the agreement with the Shire of Gingin in regards to the write off of rates and waste service levy will not apply to a new landowner in the event the property is sold by the Yued Native title Party.
